EXEMPTION BOARD STILL BUSY.

Almost Two Hundred More Men Called for Examination.

The exemption board of Centre county on Tuesday sent out the last of 198 additional notices for registered men to appear for examination to fill up Centre county's quota of 116 men for the first draft under the selective conscription act. Of the above number forty were summoned to appear on Wednesday and the same number yesterday, today and tomorrow, with thirty-eight for Monday.

Since the examination closed Wednesday of last week the board has received twenty-six additional claims for exemption out of the sixty-nine who had passed the physical examination, but up to the present writing the board has not announced a final decision on all the claims, so that it is impossible to give the exact number of eligible men gotten out of the first call of 152 registrants. In fact it is a question if 116 available men will be secured out of the first and second call combined, which totals 350 men as summoned for examination.

An incident occurred on Tuesday which shows the importance of every man summoned presenting himself for examination. Tuesday afternoon a certain man from Snow Shoe township presented himself before the board for examination. Investigation disclosed the fact that the man was one of the five of the 152 first summoned for examination who failed to appear before the board on the date named. When asked by the sheriff why he failed to appear the man, not knowing he was talking to that official, stated that it was "all the sheriff's fault, as he sent his notice to Mo-shannon when he should have sent it to Snow Shoe." It developed, however, that the man had been away on a trip and for that reason had not gotten his notice. Inasmuch as the law specifically states that any man who fails to present himself for examination on the day summoned automatically enters into the service of the United States, and the name of the man above referred to had already been certified to the district board, the sheriff told him that he could do nothing for him. The man then claimed that he was physically unfit for service and an examining physician was called in who examined him and pronounced him all right, and thus he has to stand for service without even the right to claim exemption. Therefore, any man summoned for examination should be prompt to present himself on the day summoned if he wants to claim any of the exemption rights the law allows him.

The board on Wednesday morning passed upon twenty-four claims for exemption, twenty of them being granted because of dependents and one on account of being a divinity student, and three were refused. Those granted were Thomas Earl Shaffer, Eric Marks, Mike J. Klapik, Frank Gabowski, Harry Rayson, David A. Deitrich, William H. Holter, Clarence W. Kifer, John Ellis, Lytle R. Parks, Boyd L. Lucas, William R. Stoner, Malcolm L. Spicer, George Henry Sager, William David Guyer, Fred E. Meyer, Martin Sprick, Paul Pielock, Harry I. Kerchner, J. Lee Vonada, Orlando Beals.

Farm House Burned.

The house on what is known as the old James P. Coburn farm near Spring Mills, now owned by John M. Otto, of Aaronsburg, was struck by lightning on Tuesday evening and burned to the ground, so far as the woodwork of the house is concerned, all that remains being a portion of the stone walls. The house was occupied by Harry Confer and family and they were fortunate in saving most of their household goods. A partial insurance was carried on both the house and contents.

A freight wreck on the Bald Eagle Valley railroad above Snow Shoe intersection on Sunday morning delayed traffic about three quarters of an hour, but it did not prove as serious as at first reported.

Bellefonte motorists who took a spin up the Bald Eagle valley on Sunday afternoon came across an automobile down over the bank alongside of the road in the neighborhood of Martha. Later reports gave it as a Lock Haven party who had the accident and that no one was hurt. The car was gotten on the road some time in the evening.

During the past week Dr. E. S. Malloy purchased the dental office of Dr. D. K. Musser in Petvikin hall and will take charge in September. During the past year or more Dr. Malloy has been assistant to Dr. Kilpatrick and new decided to establish a practice of his own. Dr. Musser will then spend a month at his old home in Aaronsburg and may then decide to locate somewhere else.

Snow Shoe now has a Sunday train service. Trains leave Snow Shoe at 8 and 11:40 a. m., arriving at the intersection at 9:25 a. m. and 1 p. m. Returning they leave the intersection at 9:45 a. m. and 1:25 p. m., arriving in Snow Shoe at 11:05 a. m. and 2:45 p. m., thus making connection with the morning trains on the Bald Eagle Valley and with the Pennsylvania-Lehigh eastbound.

Having been placed in a permanent position on top of the tower on the jail the electrical siren fire alarm was tested on Saturday evening, and while it could be heard fairly distinct throughout the town it does not make that nerve-racking noise made by the old steam fire alarm, and there is little danger of it waking up any of the sleeping multitude in the city of the dead just back of the jail.

Nobody in Bellefonte and Centre county should miss the big war pictures of the Battle of the Somme, which will be shown at the Scenic next Wednesday evening, March 29, for the benefit of the Red Cross society. The pictures are authentic in every particular and will be the first of the kind to be shown in Bellefonte. Other good pictures are being shown at the Scenic every evening in the week except Sunday.

Landry, of the firm of Antrim & Landry, portrait painters of Philadelphia, spent Friday and Saturday in Phillipsburg on a business trip and secured a commission to paint an oil portrait of the late George W. Quite a number of paintings have been placed by this firm throughout Pennsylvania and their work has always ranked as high class in every particular.

A. man and is said to be well fitted for the work for which he has been chosen.

With his customary alertness to see that the big Whelung, W. Va., fair loses nothing by not being properly advertised Harry Ulmer Tibbens, a former resident of Bellefonte, writes the "Watchman" that the fair this year will begin on Labor day and will be "one of the biggest things of the year in West Virginia." Pursues aggregating almost ten thousand dollars have been hung up and Pennsylvania horse owners are welcome to any portion of that amount they can catch. Anybody who knows anything about fairs knows that the Wheeling fair is always an event worth going to see.
