Murdered Near Burnham.

Michael Smith, who conducted a restaurant in the Y. M. C. A. at Burnham, was found murdered on the road between Burnham and Lewistown at an early hour last Saturday morning by workmen on their way home from the Standard Steel works.

The finding of a revolver on almost a direct line from where Smith's body was found to the Le Margo home was the evidence upon which Le Margo was arrested but later a witness turned up who identified the revolver, an Iver-Johnson, as one they had seen purchased by Eli Lukao, a Hungarian employed at the Logan iron and steel works at Burnham.

When the authorities went to look for Lukao he was not to be found and inquiry revealed the fact that he had left town on Saturday morning for Bellefonte.

Lukao was discovered in Pittsburgh on Sunday and arrested, being taken back to Lewistown on Monday. The only thing incriminating found on Lukao was a package of counterfeit bills aggregating \$1,200, similar to those found on Smith, and now the authorities are wondering that if in addition to solving a murder mystery they are not on the verge of unraveling a big counterfeiting operation.

Narrow Escape from Death.

Robert Kerns, the three year old son of Mr. and Mrs. Harry B. Kerns, had a narrow and almost miraculous escape from death about nine o'clock on Monday morning, and as it was suffered a badly lacerated scalp.

The street employees were working on east Howard street and the boy was there toddling after his father. The latter finally picked the boy up and put him on one of the dump wagons used in hauling stone for the street.

The wagon had not gone far, however, when the child fell off and the rear wheel caught him on the left side of the head. Fortunately the boy's head was pushed aside by the wheel so that no bones were broken but the scalp was torn loose from the top of his head down to the left ear.

The child was hurried to the Bellefonte hospital where the ugly injury was washed and dressed and if no complications develop he will recover in due time, but it was little less than a miracle that he wasn't crushed and killed outright.

Snook—Thomas—Another war wedding occurred at State College last Thursday evening when Lawrence F. Snook, of Milroy, a sergeant, and Miss Laura Thomas, a daughter of Mrs. Sarah Thomas, of State College, were married in St. Paul's Methodist Episcopal church by the pastor, Rev. L. W. Long.

The ceremony took place at 7:30 o'clock and was attended by a number of friends of the contracting parties. The bride, who wore a gown of white roses, was attended by her cousin, Miss Margaret Stone, as maid of honor, and her sister, Miss Bertha Thomas, as bridesmaid. Alexander Dewey, also a member of the Boal troop, officiated as best man. Sergt. and Mrs. Snook have not made any plans for their immediate future owing to the fact that the Boal machine gun troop is liable to be soon ordered to an intensive training camp, but when the war is over they will probably live at State College.

Shope—Heverley.—Though a little belated announcement has been made of the marriage in Lock Haven on August 18th, of Gilbert Shope and Miss Maude Heverley, both of Howard. The ceremony took place at the parsonage of Trinity Methodist church and was performed by the pastor, Rev. Oliver S. Metzler.

Another Fatal Automobile Accident.—Robert Heath, of Sandy Ridge, met with a fatal accident near Clearfield on Saturday when a train on the New York Central railroad struck his auto inflicting injuries from which he died in the Clearfield hospital three hours later. The unfortunate young man was a son of Mr. and Mrs. Foster Heath and was eighteen years of age. He is survived by his parents, one brother and a sister, John and Priscilla. The funeral was held on Tuesday afternoon, burial being made at Sandy Ridge.

Dr. Robinson, who was a stepson of the late Dr. Roland C. Curtin underwent an operation about a year ago and since that time he was compelled to submit to two others. In July his partner died and since then he had worked unusually hard, and this fact probably hastened his death. He was about forty-five years old, a graduate of the University of Pennsylvania and in the fifteen years since he started the practice of medicine he had gained quite a reputation and was considered one of the foremost of the younger physicians of that city.

About ten years ago he was united in marriage to Miss Florence Evey, a daughter of Mr. and Mrs. William Evey, of Lemont, and she survives with one daughter. Montgomery Business Men on Automobile Trip.

The business men of Montgomery, with their wives and sweethearts, made an automobile trip through Lycoming, Clinton, Centre, Union and Northumberland counties on Monday and had a most delightful trip. There were just ninety-four men and women in the party. They came by way of Muncy, Williamsport, Jersey Shore and Lock Haven reaching Bellefonte at 1:30 in time for a specially prepared dinner at the Brockerhoff house. Prior to going in to dinner the crowd gathered in the hotel parlors and spent a few minutes in social chat and singing songs.

It was rather unfortunate that the run was made on Monday, as owing to the fact of its being Labor day all the business places in Bellefonte were closed, and many of the business men out of town. But a few who were at home gathered at the hotel and met the visitors in an informal way. The very fact that it was a holiday and all business places in Bellefonte closed might be considered a misfortune at Bellefonte, because the Montgomery contingent was a very progressive and prosperous looking delegation. Their cars included such makes as the Packard, the Marmon, Cadillac, Studebaker, Buick, and such standard makes, and most of them looked as if they were this year's model and had seen little wear and tear.

The run was piloted by William Decker, president of the Good Roads association of Pennsylvania, and from Bellefonte they crossed Nittany mountain to Centre Hall, down through Pennsylvania and the Woodward Narrows to Mifflinburg and Lewisburg, thence by Milton, Watsonstown and Allenwood to Montgomery.

Two More Prisoners Escape.—Benny Lichtenstein, alias J. Kurtz, and James Allen, two trusty prisoners, escaped from the Rockview penitentiary some time Thursday night by sawing off a bar in the clothes room. Their escape was detected about 5:30 o'clock on Friday morning and officers in surrounding towns were notified to be on the watch for them.

Lichtenstein was sent up from Altoona for burglary on July 2nd, 1912, for not less than nine years nor more than thirteen, hence had served a little more than half of his minimum sentence. Allen was sent up from Elk county on the charge of breaking and entering and had almost completed his sentence. After a five days' chase the two men were caught at Jersey Shore on Wednesday morning and that afternoon were brought to Bellefonte and landed in the Centre county jail.

Prof. Wagner's Typewriter Stolen.—Last Friday night some person unknown broke into the new high school building and stole Prof. Jonas E. Wagner's L. C. Smith typewriter, and now the school board is offering a reward of \$25.00 for information that will lead to the discovery of the thief.

The thief gained an entrance to the building through one of the rear windows in the basement where workmen were making repairs. The window was out but the iron bars were in and these were removed. Going to the first floor the thief got into the director's room where the typewriter happened to be that night. But the thief also forced the door leading from the director's room into Prof. Wagner's office but did not disturb anything there. The only thing taken was the typewriter.

Wednesday night's rain was welcomed by the farmers.

WORK OF EXEMPTION BOARD.

First Contingent of National Army Will Not Leave Until Sept. 19th.

The six young men selected by the exemption board last week as the first contingent of Centre county's quota to be sent to the Camp Meade training camp did not get away on Wednesday owing to an order received by Sheriff Yarnell on Sunday postponing the date of their going until September 19th, at which time forty per cent of the quota will be sent. The six young men summoned, however, automatically entered the service of the United States on Wednesday and their pay roll will be certified from that day, although they have been permitted to remain at their homes until again summoned by the sheriff to report in Bellefonte.

Troop L May Go Next Week.

Orders were issued on Wednesday to resume the movement of the Pennsylvania National Guard from the various home training stations to Camp Hancock, Augusta, Ga., but no definite date has been set for the departure of Troop L. It is possible the headquarters staff now at Sunbury and a Pittsburgh regiment may depart today or tomorrow, but if the troops are sent in the order designated in yesterday's Philadelphia papers Troop L will not get away before the middle or latter part of next week, if then. The time depends very much on how many the railroad company can handle in a day. If only a regiment a day can be handled it will take two weeks to move the entire guard, but it is just possible the roads can transport two regiments a day. In any event as soon as definite orders have been received for Troop L to move notices will be posted so that the public will know it.

Titan Metal Co. Takes Nittany Furnace Site.

All the obstacles and technicalities of title having been cleared away the Titan Metal company has finally decided on the old Nittany furnace site as the location for their auxiliary plant. In fact they took possession on Tuesday by moving the building erected at their old plant in the spring as a barracks for the soldier guards on duty there to the Nittany site to be used as a tool house. Contractor George Rhoads hauled the building on his auto truck and a trailer and because he did not have a trailer license a state cop very inconsiderately notified him that he was violating the law and the fine and costs amounted to twelve dollars. But aside from that little impediment he got the building moved and placed all right.

The Titan company already has the location of the first building to be erected staked out and the contract has been let to Gehret & Lambert. It will be a structure 60x200 feet in size and similar in design to the main building of the plant at Milesburg. Work on the same will be begun immediately so that it can be finished as soon as possible, as the company is anxious to get the new machinery already on hand placed in position for operation. The Nittany furnace site contains sixteen acres and will afford the company ample opportunity for expansion for years to come. It is also right on the line of the Lewisburg & Tyrone railroad and has the best of railroad facilities.

Brant House to Change Hands.

Mrs. James Noonan has decided to retire from hotel life and has disposed of all her right, title and interest in the Brant house to William W. Waddle who will assume the management as soon as a legal transfer of the license can be made, which will be on or about the fifteenth of the month. Mrs. Noonan has had personal charge of the hotel since the death of her husband early in June but for various reasons decided to retire. She and her two daughters will move into one of the Kelley houses on Logan street, in the rear of the new garage now being erected on the corner of Bishop and Allegheny streets.

Mr. Waddle, who will take charge of the hotel, needs no introduction to the people of Centre county or the traveling public. He has been a resident of Bellefonte for many years and has held a number of responsible business positions. During the past five or six years he has been head clerk at the Brockerhoff house and has thus acquired the needs and desires of the traveling public that will enable him to cater to their wants when he assumes charge as proprietor of the Brant house.

Veteran Railroader Retired.

Having been in the employ of the Pennsylvania railroad for forty-five years Samuel C. Lightner, of Tyrone, was placed on the retired list on September first. Mr. Lightner was born at the old Monroe furnace in Stonevalley, across the mountain from Pine Grove Mills, where he spent his boyhood. When a young man he located at Pine Grove Mills and later moved to Stormstown. He lived there until thirty-five years old when he went to Tyrone and entered the employ of the Pennsylvania railroad company. He served as fireman, car inspector, cab builder and gate warden, but in whatever capacity he always gave the company the best that was in him. Though he has now been placed on the retired list at the age of seventy years he still enjoys good health.

To Put Wires Underground.

The Pennsylvania railroad company is making preparations to put all the wires connecting with the passenger and freight depots in this place underground. This will include telegraph, telephone and electric light wires. The wires will not be laid in conduits but will be strung in three inch cast iron pipe laid in concrete. Most of the material for the job is now here and work on the same will be begun at once so that the overhead wires will be removed within the next two weeks.

Will Test Their Rights in Court.

The Penn Public Service company and the Citizens Water company of Phillipsburg, have brought injunction proceedings against the Harbison-Walker Rectories company, the Moshannon Coal Mining company, the Phillipsburg Coal and Land company, the Atherton-Barnes company, the Dumbleton Bros. S. J. Dunham & Co., Stott & Rapsky, William Pritchard Commodore, Hassinger and Silas R. Thompson to restrain them from polluting the waters of Cold Stream creek from which the water supply is drawn for Phillipsburg, South Phillipsburg, Centre county, and Decatur and Morris townships, Clearfield county.

The plaintiffs allege that the defendants permit water containing sulphur to drain from their mines into Cold Stream, thus polluting it, and that a number of farmers allow the drainage from their barnyards to flow into the creek. The water company asked for the injunction on the grounds that the alleged drainage rendered its water supply unfit for use while the Penn Public Service company's complaint is that the sulphur in the water is injurious to its machinery. The matter will be threshed out in the Centre county court.

Foot Almost Severed in Mower Knife.

Gray L. Furey, the eleven year old son of Mr. and Mrs. George Furey, had his right foot almost severed at the ankle on Friday afternoon when he accidentally stepped in front of a mower when it was in action and he is now in the Bellefonte hospital where every effort is being made to save the foot.

Mr. Furey was confined to the house by illness on Friday and he sent Herbert Larimer, his nephew, out to the field to mow corn for his dairy herd, the corn having been sowed thick to furnish feed for the cows. Gray Furey went along with him as was his custom to do and in some way happened to step in front of the knife bar when the mower was in motion. The knives caught him right at the right ankle and fortunately young Larimer succeeded in stopping the horses almost on the instant, saving his feet from being completely cut off, but as it was the injury is quite serious. The boy also suffered considerably from the loss of blood.

Everything possible is being done to save his life and his foot and at this writing his condition is as favorable as can be expected.
