Brief Meeting of Borough Council. Although there had not been a regular meeting of borough council since August 6th, it was necessary to send for one member in order to get a quorum on Monday evening, but in the meantime another member strolled in so that six were present.

Burgess Blanchard appeared in person and invited council to attend the reception to the conscripts on Tuesday evening in a body, and the invitation was accepted.

Secretary W. T. Kelly presented a written petition from residents of Curtin street for a crossing, but as the crossing had already been put in no action was necessary.

Mr. Kelly also read a number of communications from the State-Centre Electric company relative to the differences existing between that company and the borough on the streetlighting and water-pumping contracts, but inasmuch as the entire matter is still in the hands of the Special committee no action was

The Street committee reported the treasurer's receipt for \$19.00 in acknowledgement as a payment for street oil. Mr. Harris also reported that five crossings had been relaid on Curtin street and that the committee had secured the Walker township stone crusher and had men at work crushing stone on east Howard street. Mr. Harris also moved that the stone crossing on Bishop street, about midway between Spring and Allegheny, be removed and the street filled with crushed stone and rolled and council authorized its removal. Mr. Harris also stated that a new crossing was badly needed on Bishop street from the T. Clayton Brown property to the house owned by the Bellefonte Academy, and on motion of Mr. Seibert the committee was instructed to put down a concrete crossing at that place. The committee's attention was called to the condition of north Allegheny street and Thomas street, both of which are badly in need of repair.

Mr. Seibert, of the Water committee, reported the repair of leaking pipes on north Spring street and at the Brown Row, and also some repairs stated that the various water metres and fire plugs ought to be gone over and put in good condition before cold weather sets in. He further called at-

house at the big spring. Mr. Seibert also presented the re-Furnace site. This matter was referred to the Water committee to ascertain the distance, etc., and report at

next meeting. The Fire and Police committee presented the burgess' check for \$17.25

for fines and licenes collected. The Finance committee asked for September 3rd; \$1,000 September 4th; \$400 September 5th; \$800 and \$2,000 September 18th; \$1,300 September were authorized.

And until the weight of years forbade his further attention he personally looked after its condition and care. In fact, his place will be hard to fill. Mr. Miles was a valuable citizen and took a great interest in municipal affairs and everything of benefit to his home town. He served several terms as a member of the borough council, and was its president for several years. It was mainly through him that the present water system of Milesburg was installed. He took great pains in doing things right, both in his church and home town.

He was a member of the Masonic fraternity and one of the oldest in the county, having affiliated with the Order over fifty years ago.

About fifty-eight years ago he was united in marriage to Miss Emma A. Lucas, of Howard, who survives with one son, Oscar E. Four children preceded him to the grave. They were then turned over to Col. H. S. Taylor who marched them to the armory and gave them their first lessons in the rudiments of military drill and regulations. On Tuesday he also gave them a drill both morning and afternoon, and while it could not be expected that the squad would make much of a showing in that time they at least got an inkling of what they must do to become a soldier.

When the citizens of Bellefonte learned last Friday just when these national army boys would leave they decided to give them a reception, in which the citizens of the county were invited to join, as the squad represented the entire county. Work of the Red Cross. The Bellefonte Chapter of the Red Cross this week shipped away three boxes of supplies representing 35½ days' work of these energetic women since the latter part of June. The boxes were sent direct to the Bush Terminal, New York city, for shipment to France. One of the boxes contains mostly muslin articles, 1275 in number, another 1848 gauze articles and the third 129 knit articles. To give "Watchman" readers an idea of the work that has been done we herewith publish the list of contents in each box, as follows:

thirty per cent. of its quota will probably be sent to Camp Meade on or about October 3rd, and announcement will probably be made next week of the men selected to go.

Out of the first one hundred men certified by the Centre county exemption board to the district board, ninety-nine were certified back as being acceptable for service. The one exception was Charles F. Arney, of Aarons burg, who was discharged on his claim as an agriculturist.

The War Library Fund. The War Department has asked the American Library association to provide books to meet the needs of the million men, soon to be gathered in training camps, in our own country and in France.

Plans have been made to establish in each camp a regular or branch library, under experienced workers. To do this while the war lasts will require \$1,000,000. This money will be used to buy books and periodicals, to distribute and house them.

The men in the camps are eager for reading and no better provision can be made to prevent our boys from returning debauched by camp experience than this united, intelligent effort to provide them with good, clean recreation.

Each community is asked to raise its share of the money. Every one should contribute his or her portion. \$1.00 will purchase one book, five cents will give a daily paper.

Send your contributions to Mrs. Robert Mills Beach, Bellefonte, who has been asked to help raise Centre county's allotment of about \$200.

Johnston and Badger Nominated for Tax Collector by Small Margins.

Notwithstanding the fact that there were several interesting contests less interest was manifested in Wednesday's primaries than has been shown here in many years. Only about fifty per cent of the vote was out. Edmund Blanchard and W. Harrison Walker were naturally both nominated for burgess, the latter coming within twelve votes of beating the former for the nomination on the Republican ticket. J. Kennedy Johnston was nominated for tax collector on the Democratic ticket by the small margin of six votes over John J. Bower, while Harry Badger got the Republican nomination by a margin of twenty-six over his next highest competitor. Dr. M. J. Locke got the nomination for school director on both tickets.
