—The danger of poisoning from vegetables canned by the cold-pack method has been established as a result of recent investigations by Dr. Ernest C. Dickson, Leland Stanford University School of Medicine, California. In a series of experiments he has tested the efficiency of this method of canning vegetables and found the heat insufficient to destroy the spores of bacillus botulinus—the cause of poisoning. He urges that food canned by this method should always be boiled before it is eaten on every occasion. His paper is given in more detail on page 2, and the warning should be heeded by all.

—Last Thursday evening Harry Janet was on his way to Milesburg from his home this side of the Divide with about five hundred pounds of meat. He failed to notice the approach of a freight train on the Bald Eagle Valley railroad and just as he got about two-thirds over the crossing at the brick yard the train hit his truck. The latter was badly demolished and the beef scattered all over the ground. The latter was gathered up and as much of it saved as possible, while the badly demolished truck lay there until Wednesday evening of this week when it was hauled to Bellefonte by a farmer and taken to the Palace Garage to be rebuilt. Just why Janet failed to notice the approach of the train has not been explained by him.

How Bellefonte Soldiers Are Training in Camp.

Another Interesting Letter from the Boys in Georgia, with Sidelights On the Country in General.

(By Corp. Henry Keller.) Hdqrs. Troop L, 1st Pa. Cav. Camp Hancock, Augusta, Ga. October 6th, 1917.

Editor "Democratic Watchman": Since writing last week's letter several things have happened which may be of interest so I will do my best to relate them as they occurred.

Saturday morning inspection was called off because of terrible weather. By afternoon the day became very pretty and many of us went down to see a base ball game between I and K troops. The winner was to play us the following Wednesday. K troop, of Lock Haven, won and those boys who were given passes went into town. By night a terrible storm came up and several tents were badly washed out, quite a large stream of water using the floor of Corporal Hen Miller's tent as a channel. Trooper John Steele, our obliging oracle, could explain it in but one way. He said that the Lord must have felt that we were not getting a fair show as cavalry. They have tried us at everything on land so He has given us a shot of "life at sea."

Sunday was a fine day and we held our belated inspection together with muster. It surely took work to clean up those washed out tents but by 8:30 Sunday morning all was finished and the troop was lined up outside on the company street.

The week has passed with few incidents of interest. Our work has been harder than ever but more interesting. We have about two hours continuous drill at both closed and extended order. Following this we have a long hike, the object being to strengthen us for forced marches. We are trying to take a sixty minute hike with no rests, using the regulation thirty-inch step with a cadence of 130 steps per minute. Today for a while we made as high as 136 but the corporal leading the hike endangered his life by so doing. As John Steele said, "they should start out at a walk and break into a run gradually."

In the afternoon we have fatigue duty and equitation classes. At three thirty our lecture comes and this week it has been of unusual interest: Range finding, compass work, estimating distances, map making and contour reading along with a bit of bayonet experience, were all taken up. Each day at the close of the lecture Captain Curtin reads us a chapter or two from "Over the Top," a book written by an American who has been fighting for England and has been in the trenches. It is a wonderful history of the part he has taken in the war and when we feel that our life is rather hard, or our food rather below what we think we ought to get, that book knocks the feeling right out of us.

Most of our boys have been well; a few, though, have been on the sick list. Corporal Crissman has been sick and likewise Trooper Gamble, while Trooper Gutwald has fully recovered from his illness.

In athletics we have been going along fine. Wednesday afternoon we easily defeated Troop K in the base ball game, 18 to 8. Sergeant Yeager has been put in charge of our athletics. He arranged with the Y. M. C. A. for a volley ball set which arrived yesterday. Every odd minute is now taken up by that game and tonight after mess the Sergeants defeated the Corporals 20-17. All athletics of this camp are supervised by Walter Cary, Jr., and he is assisted by the various Y. M. C. A. men. Our regiment is forming a foot ball team and we hope to place several troop L men on the team.

Since last week Trooper Winehouse has been made a Sergeant and Trooper George Stewart quarter master Sergeant. The men are very much pleased with their promotions and are co-operating in every respect with the new non-coms.

A good many boxes have reached us this week for which we are duly thankful. Many letters and cards have also come and all I can say is, "keep it up" for nothing is more forlorn looking than "one" of the boys when an expected letter fails to arrive. And the boys who get mail can always be told by the smile on their faces.

Sergeant Wilbur Decker has been selected to help Lieut. Smith in instructing the troop in bayonet work. So every afternoon he may be found at the "trenches" practicing with that most efficient weapon. Sergeant Johnson and trooper Bender have been chosen song leaders for all hikes and so when the walking becomes weary, the singing will do much to rest the tired troopers.

The Southland is yet a place of wonder to us. We are not used to the negro chants as they pick cotton, and the terrible taste of the unripe persimmon is as yet a fact we cannot become used to. The peanuts, the limes, sugar cane, almost everything that is grown here, is new to us and the only birds we have seen as yet are large turkey buzzards.

Each day that we are here we realize more and more that we are being trained for the trenches "somewhere in France." If we are not taken over it will not be because we are not ready. We expect pay-day almost any time now, and every one is looking forward to that day.

Each and every one of "the boys" joins me in sending best wishes home and so I leave you 'till next week.

Hazel—Miller.—Clarence M. Hazel, of Williamsport, and Nell J. Hastings Miller, of Bellefonte, were married at the United Brethren parsonage at noon on Monday by the pastor, Rev. T. Hugh MacLeod.

Swisher—Resides.—Peter S. Swisher and Miss Addie Resides, both of Mill Hall, came to Bellefonte on Wednesday and were united in marriage at the United Brethren parsonage by the pastor, Rev. T. Hugh MacLeod.

Hollobaugh—Irvin.—Fred Hollobaugh, a son of Mr. and Mrs. George Hollobaugh, of Coleville, and Miss Helen Irvin, a daughter of Mrs. G. Wash Irvin, of Bellefonte, were married at the Methodist parsonage on Wednesday morning by Dr. E. H. Yocum. Immediately thereafter they motored to Snow Shoe Intersection and left on a brief wedding trip.

Harry Watson the Only Corsicor Rejected. The "Watchman" last night received word from Camp Meade to the effect that the only one of the 58 conscripts for the new national army, who left here on Wednesday, September 19th, to be rejected is Harry B. Watson, of Milesburg. The reason for his rejection was not stated in the message.

Union County Fair Oct. 16th to 19th. C. Dale Wolfe, secretary, and William P. Mauer, president of the Union county Agricultural society, inform the "Watchman" that the annual fair which this year will be held October 16, 17, 18 and 19, will be the best exhibition at Lewisburg in recent years.

Great preparations have been made for the entertainment of the large crowds and good bands have been secured to furnish music on Wednesday, Thursday and Friday.

The exhibition of cattle and horses and poultry this year promises to be larger and better than ever before.

The races this year will be up to the usual standard, and due to the fact that the local fair is the last one on the circuit, there will be a great number of horses there. Already entries are being received and lovers of good horse racing can rest assured that there will be plenty of it during the big days of the fair.

The City Bakery Compelled to Enlarge its Plant. In scarcely more than six months time the City Bakery has developed business in this section that has far outgrown the capacity of the plant, which at the time it was built was supposed to be ample for all future needs.

As a result the buildings are now being enlarged, new ovens are under way and automatic rounding, scaling and water machines have been ordered for installation. When the new two-story addition is completed Bellefonte will have one of the most modern baking establishments in the country. It will have a capacity of 12000 loaves a day and so much of the work will be automatically done that human hands will scarcely touch the bread from the flour to the finished product.

We congratulate Mr. Clevestine on the great success he has made of the enterprise. He is giving the public bread equal to the best and his service is so fine that every day he is taking on new customers.

Tyrone Man Killed in Automobile Accident. Frank Hull, a well known young man of Tyrone, was so badly injured in an automobile accident near Hannah station on Saturday evening that he died in the Altoona hospital at 11.30 o'clock that night.

For some time past Hull has been engaged in lumbering operations in the neighborhood of Hannah. Quitting work late Saturday afternoon he got into the car and started for his home in Tyrone. In crossing the iron bridge near the Hannah station the steering rod broke causing the car to swerve to the side then turn turtle and plunge down over the embankment at the side of the stream, pinning Hull underneath it. In some way, however, he managed to crawl out and got to the side of the road where he lay until a car owned by W. E. Hoffmann, returning to Tyrone from a trip to Bellefonte, came along when the driver stopped and getting Hull, took him to Tyrone and sent him to the hospital in Altoona. His death was the result of internal injuries. Just about two weeks previous Hull was in an auto accident near Howard when he ditched his car to save hitting a boy who ran in front of it. At that time he suffered injuries about his head and neck.

Hull was a son of Mr. and Mrs. Joseph G. Hull and was thirty-six years old. He is survived by his wife, one son, his parents, four brothers and two sisters. He was a member of the Methodist church and the fraternal Order of Eagles of Buffalo. Burial was made in the Grandview cemetery at Tyrone at three o'clock on Tuesday afternoon.

In addition to her stock of women's fine shirt waists, underwear and novelties, Mrs. M. C. Gephart is offering for sale a china closet, a roll top desk, shelving and other furniture used in her shop. A stable in Cherry alley, directly back of the Haag House, will also be sacrificed by Mrs. Gephart's sale preparatory to leaving Bellefonte.

Buy a Liberty Bond.

The foundation of our great country is liberty; its superstructure, peace.—William McKinley. THE SECOND LIBERTY LOAN.

The bonds of the second issue of the Liberty Loan are to be issued under the act of Congress approved by the President September 24, 1917. The amount of the issue will be \$3,000,000,000 or more; \$3,000,000,000 will be offered, and the right is reserved to offer all bonds in excess of that amount to the extent of one-half of the over-subscription. That is, if \$5,000,000,000 is subscribed the right is reserved to issue \$1,000,000,000 more than the \$3,000,000,000.

The bonds will bear the date October 1st, 1917, and subscriptions will be received until the close of the business day of October 27.

The bonds will bear the date November 15, 1917, and will mature November 15, 1942. But the government reserves the right to call in and pay the bonds in full, with accrued interest, any time after 10 years after their date.

THE BONDS. The second issue of Liberty Loan Bonds will be of two kinds, registered and coupon.

The registered bonds will be registered at the Treasury in the names of their owners and will be of the denominations of \$50, \$100, \$500, \$1,000, \$5,000, \$10,000, and \$100,000. Checks for the interest of these bonds will be mailed from the Treasury to the owners each semiannual-interest date.

The coupon bonds will be payable to bearer and will have coupons attached for the interest. They will be in denominations of \$50, \$100, \$500, \$1,000, \$5,000, \$10,000. The coupons can be cashed like a government check at any bank.

The coupon bonds of this loan will have only four coupons attached, representing the semiannual interest for two years. Between November 15th, 1919 and May 15, 1920, the holders of coupon bonds must exchange their bonds for new bonds having full sets of coupons. These temporary bonds are issued because the work of engraving so many bonds with so large a number of coupons attached can not be completed within a reasonable time for delivery.

PAYMENT OF BONDS. A purchaser may pay in full for his bonds at the time of making his application, or, if he so prefers, he can take advantage of the installment plan and pay 2 per cent. on application, 18 per cent. on November 15th, 1917, 40 per cent. on December 15th, 1917, and the remaining 40 per cent. on January 15, 1918.

Although so far as the Government is concerned the purchase price for the bonds must be paid as above, nearly every bank in the country will make arrangements by which Liberty Loan Bonds can be paid on the installment plan providing for weekly or monthly payments, and a great many employers will make the same arrangements for their employees.

If the heart of the whole country is with our soldiers of the National Army, and it is believed that it is, the money of the Nation will be back of them. The Liberty Loan is to be used to arm, equip, and maintain our soldiers, to prepare them for the conflict in France, and make them as effective and powerful as possible and safeguard them in every way possible. In addition, it will be used to give them life and indemnity insurance and provide for their dependents. The uses of the Liberty Loan appeal to every patriotic American, for it is used for our soldiers and sailors and the principles which they uphold, which the heart of the whole country is with.

Guernsey Cattle Breeder's Association Organized. Some twelve or fifteen Guernsey cattle owners in Centre county met at the office of the Centre County Farm Bureau in the court house on Tuesday afternoon of last week, and organized the Centre county Guernsey Cattle Breeders' Association. An executive committee of nine men was chosen as follows:

To serve one year: William H. Homan, of Miles township; J. F. Hosterman and R. H. Shook, of Spring Mills.

To serve two years: George R. Meek, Bellefonte; Charles Lutz, Spring township, and W. L. Confer, Howard.

To serve three years: J. G. Shook, Spring Mills; J. H. Detwiler, Potter township, and J. Will Mayes, Howard.

The committee selected the following officers: President, J. Will Mayes; Vice President, J. H. Detwiler; Secretary, J. G. Shook; Treasurer, William H. Homan.

While the number of men present at the organization meeting was not large it did not include all the Guernsey owners in the county, and a number of others have signified their intention of becoming members at the next regular meeting of the association, so that the organizers anticipate good results in the future in the work of the association in fostering the up-building of the very best breeds of stock throughout the county.

Mr. and Mrs. Harry Meese and James Hand Held For Court. Mr. and Mrs. Harry Meese and Jas. Hand, all of Sandy Ridge, who were recently arrested on the charge of being implicated in the robbery of the Stewart store at that place, were given a hearing before "Squire S. Kline Woodring on Monday evening and though all of them claimed to be innocent of the robbery evidence presented was considered sufficient by the justice to hold them in \$500 bail each for trial at court.

There Mrs. Bucher conceived the idea that the roads in Pennsylvania would be so bad that there would be no pleasure in motoring to Bellefonte, so she persuaded her husband to ship the car and they made the trip by train, thereby losing the best part of their trip. Mrs. Bucher before her marriage was a daughter of Mr. and Mrs. Andrew McClintic, of Erie, Pa., and this is the family's first visit to Centre county in nineteen years, but as they have retired from the farm they expect to spend the winter among friends in Penns. Our faithful Pine Grove Mills correspondent, Captain W. H. Fry, whose weekly letters are read with interest by hundreds, is attending the reunion of his old Regiment, the famous 45th, P. V. I., at a two-days gathering at Williamsport this Thursday and Friday, October 11 and 12. While an extremely busy man of affairs Captain Fry is most loyal to the flag and always finds time to attend gatherings of the G. A. R. far and near. Next week Captain Fry expects to attend the great Vicksburg celebration, as the 45th was one of the Pennsylvania contingents which from July 1st to 5th, 1863, helped win one of the most decisive battles of the war, during which over 4,000 prisoners were captured. W. A. Yantock, of Martha, another member of the fighting 45th, left this Thursday for Vicksburg, Miss., where he will also attend the celebration. Though there were but four Pennsylvania regiments engaged during the Vicksburg campaign, many of our loyal G. A. R. men have planned to attend the celebration.
