He married Miss Curran McNairy, of Nashville, Tenn., at Louisville, Tenn. the Water committee.

A letter was received from the American Defense League requesting council to take some action favorable to enforcing the law against pro-German propagandists, and the matter was referred to the borough solicitor. Mr. Harris, of the Street committee, reported that a new floor was being put upon the Lamb street bridge, and asked permission to creosote the plank after they are down as a

means of preservation. Mr. Seibert, of the Water committee, reported that the borough's portion of the pipe line out Pine street for the Titan Metal company had been completed. He also brought up the question of the water tax duplicates, and advocated getting some person to collect them. After considerable instructed to turn the duplicates over to the State-Centre company for col-

lection. The Fire and Police committee presented the burgess' check for \$10.40

which showed a balance in the treasury on December 1st of \$4,533.97. He further reported that the last floating note had been lifted and made a motion that the treasurer be authorized to place \$2,000 in the

sinking fund, which was authorized. ed the big machine in front of the Garman property with the result that blocks of the pavement, all of which

will be repaired in due time. Mr. Harris also stated that the Tiplant at the Nittany furnace site and permission was given on condition States." that the roller is in charge of the Street committee.

President Walker announced that a deed for the Pruner property in Tyrone had been properly executed and approved by the court, and presented a declaration of trust from Mr. J. S. Ginter regarding the same.

Mr. Flack introduced a resolution that council pay the interest on the mortgage on the Undine fire compathe same was passed.

were approved and council adjourned.

More Workers Needed. The Red Cross has received a large special order for surgical dressings, for the French hospital, that must be completed this month and in order to do this we need more workers.

The work rooms in Petrikin hall will be open on Friday afternoon and evening of this week and it is hoped that as many women as possibly can do so, will be there at that time to assist in the work. If you can't give the entire afternoon or evening, go for one hour and don't let the lack of a uniform keep you away; take a big clean apron of any kind, and a linen handkerchief to cover your head.

It is probable that the work rooms will be open each day this month, but further notice of work days will be given on Friday.

Go, and take your neighbors. All are needed and welcome.

A YOUNG HUNTER SHOT.

Bled to Death in His Brother's Arms From Severed Artery in His Left Leg.

Centre county had its first fatal hunting accident of the season on Monday afternoon when George Shive, the nineteen year old son of Mr. ped. Mr. Millard plainly saw one and Mrs. E. A. Shive, of Clarence, was shot in the left leg by an unknown hunter while hunting on Yost run, and bled to death in the arms of his brother Harry because the latter had no first aid means of stopping the flow of blood from the main artery, which had been completely severed.

The Shive brothers were members of a hunting party of eight encamped on Field's run, some fifteen miles back in the mountains from Clarence. The Woodward Gun club hunting Shortly after the noon hour on Monday they started to make a drive on Yost run, and the two boys were walking up an old road to cover a crossing. They noticed a man some fifty yards away but as he was a stranger they paid no particular attention to him. They had gone a very short distance, however, when there was a shot and young Shive fell to the ground. His brother at once sprang to his side and realizing that he had been shot called loudly for assistance. Other members of the party came to the young man's aid and when they discovered that the shot was in the fleshy part of the left leg they had no idea it was at all serious, although a man was dispatched immediately for the Boak camp several miles away from where word was telephoned to County Treasurer David Chambers, at Clarence, asking him to get War Savings Stamps and Thrift Edward Sholter, of Dauphin county, a doctor and go out after the young

Hunter Shot Deer With Horn Which

Proved a Doe. On Tuesday morning Harry Millard, a member of a hunting party from Lebanon county, encamped near Colyer, was standing on a watch when a big deer stepped out in the road only about thirty steps away and stophorn showing above the hair and of course took it for a spike buck. It was an easy shot and he pulled up and shot it through the neck. The deer dropped dead and when he went to take a look at it, he discovered it was

a doe with one horn. A consultation of the hunting party was held and the result was Mr. Millard went to the nearest telephone and called up district attorney James C. Furst. That gentleman advised bringing the deer to Bellefonte and then he would see what could be done. Consequently securing an automobile Mr. Millard and H. M. Hartz, of Palmyra, the captain of the club, brought the deer to Bellefonte and took it to Beezer's butcher shop. Mr. Furst examined the deer and found one horn

just about two inches long. Not knowing what to do himself he called up Dr. Kalbfus, at Harrisburg, and after explaining the situation was authorized to return the deer to the hunting party and exonerate them of all blame. Mr. Furst so notified the men but they then very generously donated the meat to the Bellefonte hospital, taking the hide and head themselves, after Mr. Furst had given them a certificate exonerating them from all liability for killing the

> Women Welcome at Augusta Y. W. C. A.

> Newspapers in Pennsylvania can co-operate with the folks at home and assist them greatly when they come to Augusta if they clip the following item of information. Please run it in your next issue. Many women come to Augusta and know not where to go while waiting for their sons. In many cases, the men do not know where to leave their mothers, sisters and wives while rooms are being found for them. On Tuesday of this week the editor of Trench and Camp saw four Pennsylvania women sitting on the stone steps of the Lamar building, tired out with their long journey, waiting patiently for their sons to return from hunting rooms for them.

Women from Pennsylvania who visit their sons and husbands at Camp Hancock, Augusta, Ga., will find very attractive rooms fitted up for their comfort by the Young Women's Christian Association of Augusta. The rooms are on the second floor of the Lamar building in the heart of the city. Competent young women are in charge and every courtesy will be shown visiting women. Rooms will be secured for those desiring them, or women may use the rest rooms at their convenience. It would be a good plan to write to the Y. W. C. A. in advance, asking the secretary to provide rooms for you at a definite time, thus saving yourself considerable worry and annoyance.
