Births and Deaths in Centre County.

In the year 1917 there were just 1073 births and 683 deaths in Centre county, according to the returns filed in the register's office where a record of the vital statistics is kept. This compares very favorably with former years as in 1916 there were 1077 births and 600 deaths. In 1915 the number was 1132 births and 640 deaths and the total in 1914 was 1080 births and 600 deaths, or a grand total for the four years of 4362 births and 2523 deaths.

During 1917 Bellefonte led in the number of births with 121 while Rush township had the greatest number of deaths, 88. Only five children were born in Huston township while Patton township had only one death. The complete returns for the county are as follows:

Township	Births	Deaths
Bellefonte	121	82
Centre Hall	12	11

W. L. Bicketts, of Moshannon, had his right leg broken above the knee on Tuesday morning when a stone fell upon him while at work in the Redding coal mine near Snow Shoe. He was taken to the Cottage State hospital, Phillipsburg, for treatment.

More U. S. Troops in France Today Than First Planned.

Washington, D. C., January 23.—America is sending troops to Europe far more rapidly than originally planned.

It is now estimated that, barring disaster, fully twice as many Sammys will be training under Pershing by June as early estimates provided. The fact has been assured members of the Senate by President Wilson as an example of the War Department's tremendous work. Under the circumstances, the President holds, some mistakes were inevitable, but "the same mistakes have not been made twice."

At first War Department officers felt that the United States ought not to send any troops abroad short of a year. Then the Allies began pressure for some psychological effect. This resulted in despatch of the Pershing expedition and the Rainbow division.

KITCHEN PATRIOTISM.

By Mrs. D. Blanche Smull.
 Since we're in this horrible war
 Everything has changed
 And schedules for us women folks
 Mr. Hoover has arranged.

Experiments are the thing, he says
 Experience does not count
 We've got to cook by certain rules
 And figure out the amount.

We have to bake with bran and corn
 And fry our mush in crisco
 To save the lard and wheat and such
 From Maine to San Francisco.

Bacon and beef we must not eat.
 For us it's fish and chicken,
 Because we've got to help to give
 The Kaiser a "durned good lickin."

We used to chew, and chew and chew
 When Fletcher had his day,
 But now that's not the thing to do
 Mr. Hoover is in sway.

We'll bravely do all we can
 And learn the lessons well
 If it will help support our boys
 In Sherman's pseudonym for "hell."

Alien Germans Must Register.

All alien German males of the age of fourteen years and upwards are required to register, under the provisions of the President's proclamation of November 16th, 1917.

The registration will be held at the postoffice and will commence at 6 o'clock a. m. on February 4th, 1918, and continue on each day successively thereafter between the hours of 6 a. m. up to and including the 9th day of February, 1918, at 8 p. m.

All native citizens, denizens, or subjects of the German Empire, or Imperial German government, being males of the age of fourteen years and upwards who are within the United States and not actually naturalized as citizens thereof are required to register as alien enemies.

Registration will be made by affidavit, accompanied by four unmounted photographs of the registrant, not larger than 3 by 3 inches in size, on thin paper, with light background. Each photograph must be signed by the applicant across the face thereof so as not to obscure the features. Finger prints of the registrants will also be taken.

All alien German residents coming within the scope of the President's proclamation should present themselves for registration at the appointed time and place without further notice. Failure to register will make them liable to summary arrest and internment.

Home Gardener's Meeting.

A meeting of special interest to both men and women will be held in the grand jury room Tuesday night, January 29th, at 7:30 o'clock. This meeting is being arranged by the Centre County Farm Bureau in co-operation with interested people in Bellefonte.

The nature of this meeting is along gardening lines entirely and Mr. Bechdel, State Extension vegetable gardener has been secured to talk over garden problems at this time. Come prepared to ask questions and discuss any problems on gardening. Some of the phases Mr. Bechdel will emphasize in particular will be: Planning the garden, fertilizing, preparing the seed bed, intercropping, successive cropping, transplanting hot-beds, cold frames, varieties, etc.

Americans Soon to be at Front.

Washington, January 23.—Secretary Baker said today that when General Pershing sent his first battalions into the trenches with veteran French troops, formal announcement of the fact was made here, coupled with the explanation that these units were rounding out their training course. A similar announcement, either directly from General Pershing or from the Department, is expected when American troops finally take over whatever sector of the battle line it is that they are destined to fight in.

Recent press despatches from General Pershing's headquarters have shown that a considerable part of his force, at any rate, was now regarded as fully trained. The War Department has had little to say on this subject. There have been no hints dropped as to when the American front would be established, but the impression is gaining strength here that the day is not far distant.

Pleasure Autos May Have to Go.

Detroit, January 23.—Representatives of motor and banking interests have gone to Washington to confer with Secretary of the Treasury McField, relative to an apparently well founded report that the administration contemplates curtailment of the production of passenger automobiles. Such action, if taken without ample warning, will, it is claimed, seriously affect business generally.

War Bread Will be 75 Per Cent. Wheat.

Chicago, January 23.—Bread in Chicago after February 1 will contain only seventy-five per cent. of flour. Notice to this effect was given by the Flourmen's club of Chicago tonight, the action being in response to a plea from the federal food administration received during the day. Similar action, it was said, is being taken throughout the country.

U Boats Recalled; the Kaiser Has New Plan.

Paris, January 23.—Germany is recalling her submarines to their base preparatory to adopting a new plan of campaign, according to reports reaching here today.

One suggestion was that the older submarines were to be replaced by new armored U boat cruisers, armed with large guns.

The United Brethren church will observe Brotherhood day next Sunday, January 27th. Mr. I. L. Harvey, president of Centre county Sabbath School association, will be one of the speakers at the evening service.

Will You Send Your Binoculars to Uncle Sam.

Serviceable field glasses, spy glasses and telescopes are required by the navy in larger quantities than have been obtainable up to the present. Patriotic owners are requested to lend such instruments to the Government and to stimulate offerings the Pennsylvania Committee of Public Safety is placing posters throughout the State.

Good lenses are wanted as "eyes" for the fleet. They are the first defense against submarine attacks. The Navy Department accepts the loan of all kinds of glasses with a proviso that they will be properly tagged and returned to their owners at the conclusion of the war, if they survive the wear and tear and danger of destruction.

Instruments which are returned will possess historic interest in that they will have given war service and may have been the direct means of bringing defeat to submarine boats. Glasses should be forwarded to Hon. Franklin D. Roosevelt, Assistant Secretary of the Navy, U. S. Naval Observatory, Washington, D. C.

Here are the Results of the Garfield Coal Order.

Number of ships waiting for coal reduced from 121 to 80, at northern Atlantic ports.

Dumped 34,000 tons of bunker coal for ships and 60,000 tons already on hand.

Southern ports have 150,000 tons bunker coal on hand with 100,000 tons moving toward ports.

Empty coal cars being rushed back to mines and full results not expected for several days.

Coal going to domestic consumers in larger quantities.

Freight congestion practically as great as before.

Ship plants in danger of closing unless rail congestion clears.

General freight embargo urged by Garfield.

Curtailement of passenger traffic demanded in many quarters to relieve congestion.

Prospect of warmer weather expected to help the situation.

Further workless days in prospect unless railroads clear congestion quickly.

Don't Send Food to Your Boy at Camp.

The Pennsylvania Committee of Public Safety has been requested by the Federal authorities to make this appeal to relatives and friends of the service men. Reasons for issuing the appeal are given in the following official announcement:

"The Council of National Defense desires to inform the people of the country that abundant food is supplied to the soldiers and sailors in the camps and cantonments, and that the sending of food to these men by their friends and families is not in any respect necessary; that the aggregate quantity of food thus privately sent is enormous, and that much of it, having been conveyed long distances in heated express or mail cars, is more or less spoiled, and consequently injurious to the health of the men. Therefore, in the interest of the conservation of food, and also the health of the men, the Council of National Defense requests the public to discontinue the sending of foodstuffs to the camps."

ANNOUNCEMENTS.
