

# CENTRE COUNTY'S HONOR ROLL.

The "Watchman" Again Presents to Its Readers a List of the Young Men and Women Now in Service.

Just 705 Names On Honor Roll.

The "Watchman" this week again presents to its readers the Honor Roll of young men of Centre county who have gone forth to give their all, if necessary, that the great principles of democracy may be made world wide.

Since the first publication of the Honor Roll about three months ago every possible effort has been made to make it complete. If there is a single name missing it is not the fault of the editor. Time, money and labor were spent to secure the name of every one who is in the service in any capacity whatever. And as evidence of the completeness of the list is the fact that it is more than double what it was when first published. In fact it contains the names of just 705 men and women who are willing to go "over the top," if necessary, and of this number all but the 124 men who were called under the selective service act are volunteers.

If by any chance any names have been missed the "Watchman" will gladly add them to the Roll, as the sole purpose of compiling and publishing this Honor Roll is so that in the years to come there will be some definite way to locate the history of any Centre county who took part in this great struggle for freedom from militaristic domination. Read the list over very carefully and see if your boy or your friend's name is contained therein. If it is not, and he is among those in service send it in that his name may also appear on the Honor Roll:
