

AN APPEAL TO FARMERS.

Market Your Wheat NOW, Says Howard Heinz, U. S. Food Administrator for Pennsylvania, in Patriotic Call.

Philadelphia, May 15.—A wheat crisis is now at hand. England and France are hungry and will need every kernel of our wheat to keep off starvation until the coming harvest brings relief. The first duty, the most patriotic duty, of every Pennsylvania farmer should be to deliver all available wheat to market at once, before May 20th, if possible.

Refusing or even delaying to sell wheat at the present time is unpatriotic. Over 90 per cent. of the farmers of Pennsylvania have already sold their wheat; the other 10 per cent. should do so. Let every farmer who has disposed of his wheat, make of himself a "Minute Man" to see that all other farmers do likewise. Hoarding farmers and pro-German farmers are becoming more and more uncommon in Pennsylvania.

Some farmers have not sold their wheat because of local physical difficulties in getting the wheat to market, such as misunderstanding as to price, failure to secure cars, and the absence of anyone actively interested in buying and shipping wheat. Arrangements have now been put into effect whereby local millers and warehousemen will buy all wheat offered. If you have wheat and meet with any difficulty in disposing of it, report the situation to your county Food Administrator or to the county Farm Bureau agent and the matter will have prompt attention and relief.

Make it a matter of local pride to see that there are no wheat slackers in your section. Due allowance must be made for wheat requirements for seed and flour. Beyond this every bushel should be moved to market at once. If this can be accomplished, it will be an achievement of which the farmers of Pennsylvania may be proud.

I appeal to you as loyal, patriotic Pennsylvanians who have never failed the nation when it was in peril, to market this wheat now so that it may be said no commandeering was necessary in this great State.

HOWARD HEINZ,
Federal Food Administrator
for Pennsylvania.

A New Sugar Ruling.

On and after May 15th all manufacturers in this county using sugar in quantity, either small or great, will have to make a sworn statement of the amount they have on hand and also as to their monthly requirements. This covers manufacturers of soda water, soft drinks, lemonade, ice cream and other commodities requiring sugar, wherever located.

From now until July 1st this order will be in force and blanks for making report can be procured from Col. W. F. Reynolds the county food administrator.

Application blanks for the purchase of sugar in quantity from now on can be procured from Col. Reynolds also. No dealer will be permitted to sell

sugar in quantity unless the order is accompanied by one of these applications which the dealer must retain and return to the food administrator's office.

FOR CANNING AND PRESERVING
In order to insure as fully as possible the conservation of the entire fruit crop of the present season and to encourage home canning and preserving, the following rule, governing family purchases of sugar, is made effective, in Pennsylvania:

Consumers may purchase, and grocers may sell to any one family, sugar, for home preserving purposes only, in a quantity not to exceed twenty-five pounds, upon the signing by the purchaser and the surrender to the seller of a certificate in the following form:

Sugar Purchase Certificate for Home Preserving.

..... 1918.

I hereby declare to the United States Food Administration, that I desire to purchase from

..... pounds of sugar for my own use, for canning and preserving purposes.

I agree not to order sugar under this ruling, from any source, in excess of my requirements for this purpose or, to use the sugar so ordered for any other purpose than that here specified.

I have on hand sugar to the amount of..... pounds.

I used for canning and preserving in 1917..... pounds.

Name.....

Town.....

Street or R. F. D. Address.....

Grocers will provide their own printed forms for use in the sale of sugar under this ruling, and will forward weekly, all certificates received during the previous week, to the County Food Administrator.

Read below what Goldine is doing for Mr. D. B. Eckenroth, a carpenter employed at the Western penitentiary:

Green's Pharmacy,
Bellefonte, Pa.

Dear Sir:—I am now taking my second bottle of Goldine and I am more than satisfied with your medicine. For a year and six months I was troubled with my stomach, a coated tongue, occasional bloating, dizziness, etc. My head was stopped up with catarrh and this would effect my throat at times. I felt better and no-

ticed an improvement in my appetite after taking one bottle, and I am now using another one. If it helps other people as it is helping me they surely will have no complaint to offer regarding Goldine.

How to Cut down your Fuel Expenses

THINK how much coal you burn in a range when you're *not* cooking. That's all wasted—money thrown away. And Uncle Sam wants every housewife who can, to save coal. Here is a good way for you to do *your* part. Use an oil cook stove instead of the fuel-wasting coal range. Then the only time you use fuel is when you are cooking. And that fuel, kerosene, is much more economical than coal.

NEW PERFECTION OIL COOK-STOVES

not only give most satisfactory results—they save steps in house work and do all the cooking just as well (usually better) than a coal range.

Think how easy it is to strike a match and have an intense heat in less than a minute. No coal or wood to carry. No getting down on hands and knees to rake and poke at the fire. Your New Perfection is always ready when you are.

But after you *do* get your New Perfection be careful what kind of kerosene you use. There is only one kind that will always give most satisfactory results. It is called Atlantic Rayolight Oil to distinguish it from the other kinds. Ask for it by name. Atlantic Rayolight Oil is so highly refined that it burns without smoke, smell or sputter. Gives a more intense heat, too.

Select your New Perfection Oil Cook stove *now*. There's a dealer near you.

The Keeping of Canine Pets by London Society Women may be regarded for the duration of the war, at least, as a patriotic duty.

An exceptionally high-class wool can be spun from the combings of all breeds of long-haired dogs. Samples from chows, Pekingese, poodles, Bergers d'Alsace and sheep dogs have been submitted to wool experts who are emphatic in their commendation. The British Dogs' Wool association has been formed with the Countess of Gosford as president. The dogs' wool will be turned over to the British Red Cross society.

Mulcahey—Me grandfather in the old country had more money than he could count.
O'Brien—O've heard, bedad, that the old man could not count more than tin.

A Palpable Hit.

Asked to explain what he understood by a "sure-footed animal," a little fellow replied: "I think it's an animal that when it kicks it doesn't miss."

Plain Clothes Talk

THE amount of wool needed to apparel the average soldier has been estimated at as high as seventeen times the amount the average civilian requires.

Wool grows—it is a product of nature. Its quantity cannot be increased by increased manufacture.

What more patriotic, every-day duty then confronts us than we "conserve wool"?
