Boys Arrested for Robbing Bungalows

Martin Howard and James Parks Jr., were arrested on Monday and landed in jail on the charge of breaking into and robbing the bungalows of August Glinz and Kern and Bartlet, up Spring creek. The acts were perpetrated before dark on Saturday evening and the boys failed to get any plunder at the Glinz bungalow because they were detected in the act by parties living close by who called to know what they were doing and then they ran. They had forced the door, however, and had dishes, clothing, a lot of tools and other stuff tied in a bundle ready to carry off. In addition they broke a large anchor lamp used in the bungalow and had scattered a lot of stuff all over the yard. The Kern and Bartlet bungalow did not fare so good. There the boys used a sharp pointed bar or pick and split a panel of the door all to pieces. They got inside and took dishes, knives, forks and spoons and whatever stuff they could get their hands on that they could carry and get away with it. The robberies were discovered on Sunday and fortunately a young girl who saw the boys recognized them and told who they were. Warrants were sworn out on Monday and both boys arrested and jailed. Most of the plunder taken from the Kern and Bartlet bungalow was found by the police at the Parks home.

RINGLING CIRCUS IN LEWISTOWN.

Ringling Bros. Mammoth Show and Great Spectacle Will Soon be Close at Hand.

"Ringling Day," the big holiday for which young and old impatiently wait at this season of the year, promises to eclipse all other events on the calendar at Lewistown, Thursday, June 6. Exhibitions will be given both afternoon and night. It would seem as though everybody in this locality were planning to attend. Those who do will see many wonders. There will be the great street parade—more than three miles long this year—no end of strange and remarkable wild animals in the gigantic Five-Continent Menagerie, and whole hours of sensations in the mammoth main tent. This season the Ringling Brothers are opening their program with a wonderful spectacle entitled "In Days of Old." More than 1,200 actors take part in the great production, which tells the story of the days "when knighthood was in flower." There is a ballet of 300 dancing girls and no end of other striking features. Following the spectacle will come a thousand arenic sensations. There will be seventy riders, headed by May Wirth, who somersaults from the back of one galloping horse to another; Lilly Leitzel, the world's greatest aerial gymnast; Australian woodchoppers felling giant trees; Hillary Long, who leaps the gap on his head, and a world of other

starting features. Eighty clowns will furnish fun and more trained animals and trick horses and elephants will appear than ever before. The circus will be in Williamsport, Saturday, June 8.

Program for Memorial Day. The following program for Memorial day, May 30th, will be observed: All patriotic and fraternal organizations are hereby invited to join with Gregg Post, No. 95, G. A. The Only Way

THE one and only way to secure positive increase from every acre planted this year is to increase the fertility of the soil. The least expensive, least troublesome, and surest way to do this is to apply stable manure in a light, even top dressing with a Low Corn King manure spreader. The manure is already accumulated. The soil needs it and will respond to proper spreading. Five to eight tons to the acre does the business. No more help, no more power is needed. Just buy and use a light draft

Low Corn King Manure Spreader

Wheels just the right distance apart, and spread wide enough to top dress three rows of corn at once. Three sizes—small, medium and large. All narrow boxes. All steel frames with working parts of the spreader securely attached to the frame. Turns short. Drive from both rear wheels. Return apron driven by worm gear which insures even spreading up hill and down. Pull comes straight on steel frame. Solid two-inch rear axle working in roller bearings carries seventy-five per cent of the load. All steel beater cannot warp, shrink or rot. Built up to International Harvester standards of quality in every respect.

Buy a Corn King spreader and use it. The increased yield from a few acres will pay for your spreader this year. Come and place your order now.
