Forty-seven men have already been enlisted in this place for the machine gun detachment of the cavalry squadron Pennsylvania reserve militia, and an equipment of several machine guns has already been received. While the men have not as yet had much drilling as a unit, quite a number of them have served in the old National Guard and it won't take long to get the entire detachment in shape, when Bellefonte will again have a military organization capable of coping with any trouble that may occur within the State. PEARL MACLEOD,
Publicity Chairman.

An Open Letter.

To whom it may concern:—

Whereas, The government of the United States has declared it a criminal offense to furnish alcoholic liquors to soldiers or drafted men, whether in uniform or not; and has interpreted this law to cover drafted men from the time of their acceptance by their local boards; and,

Whereas, A penalty of a fine of $1,000 or imprisonment for a year or both, is attached to its violation; and,

Whereas, A number of the young men who have been assembled from time to time in Bellefonte, as Centre county's quota of selective men, have been furnished with liquor and have become intoxicated; and,

Whereas, We believe through this violation of the law a great shame has fallen upon our town; an insult offered to our national army and an injury committed against these young soldiers;

Therefore, We, the members of the Bellefonte Ministerium, do most emphatically protest against this shameful violation of the law, and do most earnestly call upon all those who hold authority, local or state-wide, to exercise the full powers of their offices in making thorough investigations of these frequent violations of this law; and to use every available means to bring these offenders against our nation and our men before our criminal courts for punishment.

Further, We ask this community to join us in an open protest against any further repetition of this burning shame.

Signed,

Value Your Health

Statement That Will Interest You.

Mrs. Frank Kauffman, New Castle, R. F. D., says:

"I was very nervous and despondent at times; was also bothered with my heart being so bad that I could not lie down at night, but would have to prop up in bed to get my breath.

"I used two bottles of your Goldine and one bottle of Goldine Alterac and a box of Laxatives, and I began at once to improve. I sleep good, I eat good, and my nerves are very much better.

NEIGHBORS ALL SAY.

"All my neighbors say there is a great change in me for the better." The people of New Castle and vicinity take special pains and pleasure in explaining to those suffering, of the great benefits of Goldine and what it has done for people of New Castle and surrounding towns.

It will only take a trial of Goldine to convince you that it is Nature's own remedy for assisting in performing her functions by a process which is thorough and effective.

Sold in Bellefonte at Green's Pharmacy.

Goldine—$1.00 a bottle
Goldine Alterac—$1.00 a bottle.

Have You a Manure Pile?

IF you have, get it out on your fields where it will do some good. No, not with a wagon. You waste a full third of it if you do it that way, and you have a hard, dirty, disagreeable job besides. The easy way is the paying way. Get a Low Corn King spreader that will tear the manure into small pieces, discharge its load in four or seven minutes, and spread it in an even coat over the entire surface of the ground. That's the way to use stable manure. Then you can depend upon an increase of crop yields without having to plant more acreage than you can care for. Look at present prices of farm produce. Raise all you can. Buy and use a

Low Corn King Manure Spreader

Wheels just the right distance apart, and spread wide enough to top dress three rows of corn at once. Three sizes—small, medium and large. All narrow boxes. All steel frames with working parts of the spreader securely attached to the frame. Turns short. Drive from both rear wheels. Return apron driven by worm gear which insures even spreading up hill and down. Pull comes straight on steel frame. Solid two-inch rear axle working in roller bearings carries seventy-five per cent of the load. All steel beater cannot warp, shrink or rot. Built up to International Harvester standards of quality in every respect.

Buy a Corn King spreader and use it. The increased yield from a few acres will pay for your spreader this year. Come and place your order now.
