

THINGS ABOUT TOWN AND COUNTY

Only a little over two weeks until the opening of the Bellefonte public schools.

The Milton Sportsmen's association will hold a registered shoot on Labor day, September 2nd, beginning at ten o'clock.

The ic. sale at Green's Pharmacy opened with a rush yesterday. Quite a few people were in line before the doors opened and there was a stream all day picking up the bargains that a penny will buy.

The members of the Nittany Country club are going to pull off a corn roast in the grove in front of the club house tomorrow evening at six o'clock. The roast will be exclusively for members, no guests being invited.

Don't forget the concert by the Loysville Orphans' band in front of the High school building at 7:30 o'clock on Sunday evening. In case of rain the concert will be held in the building. The concert will be free but an offering will be lifted to go toward the support of the homeless boys and girls in the orphanage.

A patriotic service will be held in the Lutheran church at Pine Grove Mills at 10:30 o'clock Sunday morning when the Stars and Stripes and a service flag will be dedicated and placed in the church. The services will be in charge of the pastor, Rev. L. N. Fleck, while the principal address will be made by David F. Kapp, of State College.

Announcements have been received in Bellefonte of the marriage of Frances Bailey Elmore, a daughter of Mrs. Mary E. Elmore, to Mr. Montford Burns, in New York city on July first. They will be at home in Washington, Pa., on and after September 15th. The Elmore formerly lived in Bellefonte and the bride is well and favorably known here.

Benjamin Bradley has secured the contract for remodeling the Lyric theatre and has begun work on the same. One of the most important changes will be the lowering of the floor to give a street-level entrance. It is expected that the work will be completed by the middle of September, and until that time the Lyric will be closed to all entertainments.

The Titan-Metal company this week received a request from the government to enclose their entire plant with a high board fence, as a matter of protection against inquisitive and unlawful people. The company is also arranging to enlarge their plant so as to practically double its capacity in order to meet the demand for their product for war emergencies.

John Cherry, who has been foreman in Hugh N. Crider's sucker stick factory ever since it was started, resigned his job recently and on Monday went to Mill Hall to take a job in the milk condensery there. The result of Mr. Cherry's leaving is that the sucker stick factory has been closed this week and probably will be until a new man is secured or some other arrangements made.

A bus party composed of twenty members of the Patriotic League, drove to the Harvey bungalow on Marsh creek, Tuesday evening in the Johnson truck wagon. The ideal condition of the weather and the hospitality of their hostesses, who were a party of friends from the Y. W. C. A., in camp there, added one more to the delightful summer entertainments of the Patriotic League.

When time hangs heavy on your hands and you don't know what to do of an evening, try the Scenic. No other motion picture show in this section gives such an excellent program of motion pictures. Even strangers in the town aver that the pictures shown there are of a higher class and more up-to-date than they find in most places. If you don't want to miss some of the best pictures become a regular patron.

The State division of the American Red Cross has contributed \$4,000 towards the relief of the Loganton fire sufferers. The most of those who lost their homes and household goods had some insurance but not near enough to cover their loss. Some of the residents had no insurance at all. A committee of Loganton citizens the Sunday after the fire collected \$600 from sightseers at the ruins, and this amount has been increased by voluntary contributions, but the sum is not yet sufficient to meet the needs of the burned out people. For this reason a committee of responsible citizens has been appointed and an effort will be made to collect more money in the towns throughout the central part of the State.

The Red Cross baseball league is nearing a close. On the regular schedule there are but three more games, with two postponed games additional. Last Friday's game between the North and West wards was won by the North by the score of 5 to 3, and Tuesday's game between the North and South wards proved a regular fiasco, the score being 12 to 2, in favor of the South ward when the game was called on account of darkness at the end of the first half of the fourth inning. The game later was given to the South ward and the result is that the North and South are just about neck and neck in the race for the pennant. This evening the North and West wards will play and it will be worth double the price of admittance to see the game.

SIXTY-NINE MORE MEN TO LEAVE MONDAY.

Will be Sent to Camp Meade, Md., for Training. See List Given Below.

The local exemption board has summoned sixty-nine more young men of Centre county to appear here at ten o'clock tomorrow (Saturday) ready to leave on the early train on Monday morning for Camp Meade, Md. The board has also summoned four men to appear in Bellefonte on or about August 30th to go to Camp Greene, at Charlotte, N. C., to train for special or limited military service. Another call will be made for men to go early in September but Centre county's quota or the date has not yet been announced. From the number to be furnished by the State at that time Centre county will likely be called upon for a good sized quota.

During the past week an order received from the War Department directed the local board to call all registrants of 1917 before the 1918 class is taken. The local board for Centre county made a special plea on behalf of the deferred calls for farm labor, but in return has received the following telegram:

Local Board for Centre County, August 19, 1918. Replying to letter August 19, qualified registrants of 1917 class must be exhausted before involuntarily inducting registrants of 1918 class. If you can secure substitutes for 1917 class they may be substituted for registrants of 1917 class who have been deferred.

MURDOCK. As fast as the men report here tomorrow they will be checked up and when all are here will be given their introduction to military training in a preliminary drill. At 12:30 they will be required to report on the Diamond and any gifts the Red Cross or others have for them will be presented at that time. Promptly at one o'clock they will march to the Bush house where they will be entertained at luncheon. The Harmonic club of Bellefonte will furnish music during the luncheon and prominent citizens will be present to make addresses. The boys will be given another drill in the afternoon. Roll call and drill will be held twice on Sunday, at ten o'clock in the morning and two in the afternoon.

The entire contingent will be required to meet on the Diamond at 5:15 o'clock Monday morning for roll call, inasmuch as they will leave here on the six o'clock train. REGISTER TOMORROW.

Young men of Centre county who have attained the age of 21 since June 5th, 1918, must register tomorrow (Saturday) at the sheriff's office, Bellefonte. Failure on the part of any one to so register will make them amenable to the federal laws governing the selective service system. The hours for registering are between 7 a. m. and 9 p. m.

The Central Railroad of Pennsylvania to Cease Operations on Sept. 28th.

True to the "Watchman's" prediction that the Central Railroad of Pennsylvania would not discontinue service until ample time had elapsed to clear up freight in transit, to withdraw joint rates and serve such other notices as are necessary when a common carrier ceases to operate; trains, both freight and passenger, will continue to run over the line until September 28th.

The hearing on the application for the dissolution of the charter of the road was held in Philadelphia on Monday. There were no protests or petitions against the application. In fact there was nothing presented in court to indicate that Nittany Valley, Bellefonte or Lock Haven has any use for the railroad. That being the case the legal process was concluded with the result that the company has posted notices in all of its stations and notified all other roads with which it has had joint traffic rates that it will cease to operate any trains whatever on and after September 28th next.

Supt. J. K. Johnson, of the Tyrone division of the P. R. R., was in town on Tuesday and went over the Central line as far out as the Howard street crossing. This would indicate that the Pennsy might be interested in taking care of the Armor's Gap plants of the American Lime and Stone Co., as well as the business of the Empire Lime Co., further east.

Toner A. Hugg Captured Escaped Prisoner.

Toner A. Hugg, of Milesburg, single-handed captured the prisoner last Saturday morning who escaped from the penitentiary on Friday morning. The prisoner was Frank Mentz, who was sent up from Allegheny county for from one year and three months to two years and six months. Following his escape on Friday morning tracks showed that he had gone in the direction of the peach orchard. The police here were notified and a watch kept for him but no one was fortunate enough to get a sight of him.

Saturday morning Toner Hugg was on his way to work and near the railroad depot at Central City he came across a man on the road whom he at once took for the escaped prisoner, as he had seen a picture of him Friday evening. Walking up to the man and placing his hand on his shoulder he asked, "What's your number?" Without thinking the man gave the number. Toner then told him to go with him, and he did without making any fuss about it. Toner took him to the hotel, ordered him breakfast, and telephoned the penitentiary. Guards were sent down who brought him to the county jail.

Big Musical Event at Milesburg Tomorrow.

The Loysville Orphans' Home band, forty pieces strong, will be at Milesburg tomorrow (Saturday) afternoon and will give a concert on the green at two o'clock. The band will be the guests of Our Girls band of Milesburg, and during the concert the two bands will mass and play some of the popular war time melodies. Our Girls band will entertain the Loysville band at luncheon tomorrow noon. This will be an opportunity to hear something fine in the musical line. The Loysville band of forty pieces and a like number in Our Girls band will give a volume of eighty instruments. The public is invited to attend this concert and enjoy the delightful music.

On Sunday evening the Loysville band will give a sacred concert in front of the High school building, Bellefonte, in connection with a union religious meeting. The band will be the guests of the Lutheran church, and Rev. W. P. Ard, who will be in charge of the services, has invited the other churches to join in a union meeting and they willingly consented to do so. The public is invited to attend both the religious services and the concert.

Centre County Farmers Buying Sheep.

Harry Harter and J. O. Heverley last week had shipped to Centre county a carload of choice Merino sheep which they purchased in Greene county. The car contained 125 fine sheep. Mr. Harter will keep his portion of the sheep on his farm in Spring township while Mr. Heverley has arranged to put his share of the flock out among several farmers. This is a move that might well be followed by other farmers in Centre county. With the price of wool higher than it has been in years, mutton and lambs costing more than ever before the growing of sheep can be made one of the most profitable items on the farm. And especially because of the fact that they can be kept at a minimum cost for feed, etc.

Is Centre County Facing a Sugar Scandal.

Reports from the office of federal food controller Reynolds are to the effect that individuals and merchants all over Centre county are clamoring for sugar and there is no sugar to be released.

At first glance it might appear that we are on the verge of a sugar famine, but such is not the case for today there must be in the homes of Centre county ample sugar supplies. The truth is that the merchants have withdrawn and the people have bought all of the allotment for the months of July, August and one-third of September.

For Centre county 3 lbs. of sugar per person was the allotment in July. During that month alone 7 lbs. per person was withdrawn by the merchants of the county and if the supply is now exhausted it is solely because families have been permitted to buy more than they are entitled to. The allotment does not include the 25 lbs. extra allowed for canning and preserving and all of the canning requisitions for that purpose have been in addition to the regular allowance.

There must be hoarding or wasteful use of sugar. The shortage can be accounted for in no other way. That there is hoarding seems to be established by the stories that are afloat as to the means persons have resorted to to procure more than their fair share of sugar. In one instance a man, later discovered to have been unmarried and living in a boarding house, signed up for 25 pounds of sugar for canning and preserving. He probably gave that sugar to some person who had already signed up and withdrawn a similar amount.

In another case a woman bought 2 pounds of sugar at a local store, signing a card for it; then immediately went to another store and made a similar purchase. Later she found out that her signed cards would eventually trip her up and she returned the first purchase.

The situation is just this: The county has been allotted plenty of sugar and if you are short it is either because you have used more than patriotism warrants or that some one else has your share hoarded. What we want to do now is to ferret out the hoarders and the person who isn't trying to get along with his or her reasonable allowance. If you are out of sugar and have clean skirts as to your own use of it and know someone who has more than his allowance report him. It is your patriotic duty to do so.

Don't be afraid to tell what you know. It isn't fair that you should have no sugar and someone else plenty of it when there is enough for all, unless you have wasted yours.

Let the federal food administrator know or report to the office of the Council of National Defense and Committee of Public Safety in Bellefonte. It will investigate the matter and make any hoarder you report disgorge and suffer the penalty.

It is not a sugar famine that Centre county is facing. It is a sugar scandal.

The Community Sing.

The "community sing" has come to stay, as was evidenced last Thursday evening. The large number of singers and the spirit in which they all sang aroused more enthusiasm than at any previous meeting.

There are still hundreds of men and women capable of contributing towards a greater success, who either do not come near the Diamond at all or who stand on the border line. If the crowd grows big enough to reach out to the edge well and good, but the Patriotic League invites them to the "firing line" and thus make room for those who hesitate to do a "bit and best" along this sympathetic line.

The Harmonic club and Mr. Smith give their services gratis and the words of the songs are provided, so no expense is attached to the undertaking. The purpose is one of the many to keep in close touch with the boys by "over seas and over here." Private Peat says, "We need your money, but we need your prayers, thoughts and smiles," and no doubt he would be glad to add "your songs." You will find no distinction between race, color or creed at the community singing and all are urged to attend.

A Few Movings.

Dr. W. U. Irwin has rented the Episcopal rectory on Lamb street and will move his family there from Unionville at once.

Sam Baum will move into the old home on Bishop street from Spring street. Miss Freda Baum has disposed of most of the household furniture, with the exception of enough to furnish several rooms which will be retained in the home. She expects to go to New York in the near future to spend most of the time with her sister, Mrs. Monash.

Mrs. Alexander Risk, who recently sold her property near the old glass works, is arranging to take her family to South Altoona, where she hopes to find work for some of her children. Her goods going by truck, Mrs. Risk and her family will leave Bellefonte very soon.

For Rent.—One furnished and two unfurnished bedrooms. Inquire of Miss Jennie Pontius, west Curtin street. 33-1t

He was on his way back to Altoona after the completion of some special work for the P. R. R. in Lock Haven and stopped off here for a few days among relatives and with his old cronies of the Logan Engine Co. You remember Frank was one of the Big fellows who always marched way up in front when the Logans turned out for parade as well as one of the busiest when they were called out to a fire. Physically he seemed trained to the minute and that is probably accounted for because he says there is so much work to be done in his department in the shops in Altoona that he has been at it every hour he can get in.
