It's Foolish to Suffer

WHEN SO MANY BELLEFONTE PEOPLE ARE POINTING THE WAY OUT.

You may be brave enough to stand backache or headache or dizziness. But, if, in addition urination is disordered, look out! If you don't try to fix your sick kidneys, you may fall into the clutches of dangerous disease before you know it. But, if you live more carefully and help your kidneys with Doan's Kidney Pills, you can stop the pains you have and avoid future danger as well. Don't experiment—use the remedy Bellefonte people are publicly endorsing. Read this case:

Mrs. J. F. Thal, 23 W. Thomas St., Bellefonte, says: "I suffered from backache and severe pains across my loins. I also had headaches and dizzy spells, when I got up in the morning. Bladder disorders caused me a lot of annoyance, too. My attention was called to Doan's Kidney Pills and I began taking them, getting my supply at Green's Pharmacy. One box removed the backache and relieved me of the other trouble from my kidneys. Doan's Kidney Pills helped me a lot and I always have a good word for them."

True Achievement.

Achievement is not always success, while reputed failure often is. The most successful men are not necessarily the ones noisily attracting public attention. The best and most useful women are not the bright butterflies of fashion or the stage, whose press agents incessantly flaunt their pictures and their doings before the public.

No! No! The unlauded men and women who are quietly attending to their own little duties, every day contributing something substantial to industry, prosperity, and progress, rearing children in habits of work and right living, and supplying examples that elevate the moral and intellectual level of their little communities—these are the men and women of real influence and power. Success is theirs in the fullest measure.

It is not given us all to have success as gorgeous as the rainbow. But, no matter. Success consists in doing one's best. Indeed, the real success is more in the trying than in the achievement. We may achieve by accident, by help of others, by chance conditions, or by other forces that are not ours. But our efforts are all our own. It is our purposes and our efforts that are a part of our very selves.

"This machine gun can fire 600 shots a minute," said the officer. "You don't say," marveled the fair visitor. "I don't see how any one can pull the trigger so fast."—Judge.

Severe Attack of Pneumonia Affected my Whole System Leaving me in a Weakened Condition.

Goldine a Great Strengthening—Mrs. C. A. Witherite, Snow Shoe, Pa.

In recovering from a severe spell of pneumonia I was so weak that life seemed hardly worth living. My stomach was affected and I could only eat certain foods. I took cold easily and had almost a constant headache and dizziness, due, I think, to my liver and being troubled with gas on my stomach. I was almost discouraged when I heard and read about Goldine and I tried it for several months. It has helped me and also some of my neighbors and friends, who are using Goldine now.

Mrs. G. A. WITHERITE.

If you are weak, nervous and run down give Goldine a trial.

Ask for Goldine at Green's Pharmacy.
