DOWN NITTANY VALLEY.

Frank Emerick and family, Johnstown, spent several days this week with his cousin, Charles E. Emerick, of Nittany. Mr. Emerick is a painter and has lived in Johnstown for years, but was raised in Nittany.

Sunday was a very quiet day in the valley. Only the busses and milk trucks were observed on the road, excepting a very few automobiles which, we suppose, were compelled to travel. It is quite a relief to have quiet Sundays of this abstractor and we believe days of this character and we believe the moral effect is as important as the amount of gasoline that is saved.

Mrs. Amanda McClure, whose son had been reported missing in action in France, on July 30, has received in-formation that he is in a hospital somewhere in France. He had been gassed and wounded in the leg but she does not know how serious the wound or his present condition. Yet it is a relief to the family to know he has been located.

Sowing wheat has been the work of the farmers the past week down the valley. Rain interfered for a day or two but the grain is mostly being sown under good soil conditions. From reports received and general indications, farmers are responding to the government's request to increase the acreage by at least ten per cent. this fall sown in wheat, notwithstanding the scarcity of help.

She is the last living member of the Michael Shaffer family, for many years prominent in the affairs of the valley.

She is employed in a bank in Williamsport, of which her uncle is cashier, and she is making good in her position. Both Miss Dorothy and the parents have received very interesting letters from Mack, as he is familiarly known, from somewhere in France, where he has been more than a year. He had been gassed while employed in carrying the wounded off the battlefield, but was getting over the effects of the gas

was to be there for examination, but a mistake was made and he was not examined until Friday. Several months ago Harry Hoy bought forty acres of large timber near here. Some of the pine trees measure 60 to 75 feet in length and he is now ready to cut any bill from a

store box to a factory building. One of the boys in the Sunday school class forgot and wore his badge at the wrong time. He was asked to what lodge he belonged. He replied, "Late Attendance," because he was one-half hour late for Sunday school.

Didn't Want His Nap Cut. He occupied a barber's chair recently and he was drowsy. His eyes could not be kept open and his head rolled about and dropped over on his shoulder and down upon his chest in a way that made shaving a difficulty for the knight of the lather and a dangerous one for the patient. At last the barber said gently, but

firmly:

Czarina and Four Daughters Killed.

London.—The Daily Express claims to have unquestionable information that the former Empress of Russia and her four daughters have been murdered by Bolsheviki. The paper prints the following:

"The Express understands from a

source which is beyond doubt that the Empress of Russia and her four daughters have been murdered by Bolsheviki. The whole immediate family of the late Czar has thus been

exterminated. "It is further understood that the Dowager Empress, who with her daughter and son-in-law, the Duke of Oldenburg, has been staying at Yalta, was recently attacked by the Red Guards who sought to kill all three. Sailors of the Black Sea fleet intervened and fought the Red Guards.

"For a full fortnight the fight continued until the Red Guards were beaten. It is now understood that the Dowager Empress is safe."

A New Rule. No girl under 18 years of age will be allowed to collect money on the street during the Allied drive, which will be launched by seven war work organizations during November. A resolution passed by the War Work Council of the Y. W. C. A. and endorsed by the other six organiza-tions, will enforce this rule. All money contributed by girls under 18 must be given either by the girls themselves or earned in a way approved by the managers of the Y. W.
