GRANGERS' ANNUAL PICNIC.

Rain Marred Attendance at Grange Park Encampment.

The annual encampment and exhibition of the Central Pennsylvania Grangers at Centre Hall this week has not been as large and enthusiastic as usual on account of the rainy weather. Preparations had been made for a big gathering and many of the tents were filled with farmers' families who have been there for the week. The farmers also contributed liberally to the exhibition of farm produce and stock which this year surpasses any former display. But the crowd has not been as large as usual.

Most of the campers moved in on Friday and Saturday and they constituted the major portion of the crowd in attendance at the Sunday religious services. Owing to the gasless Sunday ruling only six motor cars were to be seen on the grounds on Sunday, whereas in former years from two to three hundred were there. But notwithstanding the rain and muddy condition of the ground the program as arranged for the week was carried out in detail. Quite a number of people were drawn to the picnic on Wednesday afternoon to hear the address of Judge Eugene C. Bonniwell, Democratic candidate for Governor, and also for the talk of Senator Colby, of the U. S. food administration. The latter was not present, however, and his place was taken by another representative of

the department. Yesterday the chief speakers were Hon. John A. McSparran, Master of the State Grange, and Charles E. Patton, Secretary of Agriculture. The delightful weather yesterday also attracted the largest crowd of the week. Today will be sales day and the final closing of the week's encampment. Following is a list of the

tent holders for the week: LIST OF TENT HOLDERS.

Brief Meeting of Borough Council.

Seven members were present at the regular meeting of borough council on Monday evening. S. D. Gettig Esq., was present and on behalf of Mrs. Annie R. Miller requested council to have a cut-down curb put down Bab- in front of the Miller property on south Water street. Mr. Harris, of the Street committee, stated that it would not be good policy to put a cutdown curb at that place owing to the surface water that would drain around that curve during heavy rains, but the Miller property would be properly taken care of whenever they established their roadway; that Mr. Miller would be given permission to put down a hanging bridge which would give him a better grade than a cut-down curb. Save Gas and Buy Stamps.

The report of the war savings trict of Pennsylvania.

In pursuance with former notice, your chairman is maintaining war savings headquarters at the Granger picnic, Centre Hall, during the presheadquarters at one of the newspaper tents.

A patriotic appeal is made to all automobile owners to invest in war savings stamps the money saved by the observance of "Gasless Sunday in the following words:

"The giving up of running our automobiles on Sunday is a very small deprivation compared to the sacrifices lic sale on Saturday but the highest the men abroad are making. The purbid offered being \$1,750 the sale was chase of war savings stamps, therefore, helps to furnish the clothes and sinews of war which are required by our army in France."

Put the gasoline and other Sunday savings into war savings stamps. They are the 'buy way' to Berlin.

Very truly yours, W. HARRISON WALKER, Chairman War Savings Committee for Centre County.
