

Democratic Watchman

Bellefonte, Pa., November 1, 1918.

Important Announcement of County Food Administrator.

Public eating places of the European plan are divided into two classifications, "a" and "b," as follows:

Class "a" shall include all hotels and restaurants furnishing extraordinary service and special accompaniments.

Class "b" shall include all other eating places, including popular priced restaurants, lunch rooms and the like.

Any restaurant uncertain as to its classification hereunder may ascertain this upon application to the county Food Administrator.

REGULATIONS AS TO PUBLIC EATING PLACES IN CLASS "A."

All class "a" public eating places shall serve, at both the noon and evening meals, at least one combination platter consisting of one meat, poultry or fish, with potatoes, and, at least one other vegetable which shall be served at a price not to exceed from fifty to sixty per cent. of the total prices charged for the full portion of each article of the combination, if ordered and served separately.

AS TO CLASSES "A" AND "B."

All public eating places, both classes "a" and "b," shall serve on demand of the customer half portions of all chop orders (not less than a single chop) ham, bacon and eggs (boiled, fried, poached or shirred), at a price not to exceed sixty per cent. of a full portion. Where a charge is made for a combination service which includes coffee, tea, milk or bread and butter, a proportionately smaller charge shall be made, if at the option of the patron, either of these articles are eliminated.

Where a separate charge is made for bread and butter the portion served shall consist of a full two ounce portion of victory bread or rolls and one-half ounce of butter.

Public eating places in class "b" shall serve a five cent portion of coffee, tea or milk.

W. F. REYNOLDS,
Food Administrator
of Centre County.

To Cure Bloat in Cattle.

A reader of the "Watchman" sends what she assures is an infallible cure for Bloat. It is as follows:

When cattle eat green corn or apples, and become bloated, every farmer has an easy remedy at hand, that should be used at once. Take a big handful of cold lard and put it in the mouth of the animal and break a raw egg on it. The dose should be repeated several times if necessary. This simple remedy has saved cattle when they were bloated so badly that they looked as if they would burst. Cows should never be drenched, unless you want to take the chance of seeing them die of strangulation.

New Work for Women.

All trains arriving and departing from Harrisburg, Pa., are called out by women and girls.

Women laundry workers in Kansas are prohibited from working more than 9 hours a day and the law fixes a minimum wage of \$8.50 per week for 54 hours of labor.

Helen Keller will shortly make her appearance in motion pictures.

Women are admitted to membership in the Scottish Institute of Accountants on exactly the same terms as men.

The Texas Federation of Labor is endeavoring to organize all the female workers in the Lone Star State.

In all the munition factories in England where women are employed there is a welfare supervisor whose duty it is to maintain a healthy staff of workers and have them toil under satisfactory conditions.

Twenty-nine per cent. of the women munition workers in Great Britain were formerly housewives and domestics.

Officers of the International Ladies' Garment Workers' Union are preparing to make effective the declaration of their last convention for an educational campaign to be conducted by five appointed members to be selected by the president of the union.

Mrs. Stella B. Irvine is a candidate for Congress from California.

Kansas has a law which protects its women workers both in wages and the number of hours of employment.

Medical.

Days of Dizziness

COME TO HUNDREDS OF BELLEFONTE PEOPLE.

There are days of dizziness; Spells of headache, languor, back-ache; Sometimes rheumatic pains; Often urinary disorders. Doan's Kidney Pills are especially for kidney ills.

Endorsed in Bellefonte by grateful friends and neighbors.

Mrs. Mattie Evey, R. F. D. No. 1, Bellefonte, says: "Off and on for years I suffered from kidney trouble. My back was stiff and sore and I had a dull pain across my loins. There was a dull, heavy feeling in my head and black spots often floated before my eyes. Dizzy spells were common and I usually felt languid. Doan's Kidney Pills were the only remedy I ever took that did me any good. Others of the family have taken them and have had as quick relief as I. We keep Doan's on hand and recommend them whenever we can."

Price 60¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Evey had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. 63-43

JACKSONVILLE.

Mr. Daley and wife were guests at the George Ertle home over Sunday. Mrs. Kate McClintic spent a few days the past week at the John Hoy home.

The hunters in this section have not come so accustomed to leaving their autos stand on Sunday that few have been in use the two Sundays that the gas restriction has been off.

Mr. and Mrs. Clyde Yearick are both influenza victims. Mr. Yearick was in Bellefonte on Tuesday of last week and returned home, and now Miss Alta Yearick is acting as nurse. Several members of the Clayton Yarnell family are also ill with influenza, but none of them serious. Gabriel Betz has been suffering with a bad cold, but is now somewhat improved. The hunters in this section have not had good luck so far, two black squirrels being the total of the game brought in.

Hood's Sarsaparilla.

War and Medicines

What Many of the Sick and Ailing Are Iearning Nowdays.

So many doctors have gone to war, the services of comparatively few are available at home.

Good proprietary medicines are more widely used than ever, and more letters written by Caloric owners and great their merit is.

At this time, when there is greater need of economy than ever before, Hood's Sarsaparilla, a thorough blood purifier, Pepsiron, a real pepsi-nux-iron tonic, and Hood's Pills, a potent yet mild cathartic, are especially good. They are liked by all who use them.

These medicines are remarkably efficient, whether taken in conjunction or separately. Sold by all druggists. 63-43

What is Khaki?

Khaki is a Hindu word. It means "dust."

As applied to fabric, it signifies military camouflage, the first use of it for uniforms dating back only to the Boer war in South Africa.

Its peculiar shade, blending with the color of the landscape, rendered it particularly available for troops operating in the Boer country.

This might be said to have been almost the beginning of the art of concealment in modern warfare. It did not render fighting men invisible, but it made them less conspicuous as targets.

In 1900 the United States government took up the idea, not only for uniforms, but also for tents and soldiers' kits. It seemed a worthwhile notion to provide for the invisible soldier an invisible house.

At first our khaki was rather light in hue. Later it became darker—a brownish yellow. Then the Germans adopted the "field gray," and, influenced by this example, we adopted an olive drab, so called.

At the present time, however—perhaps because of manufacturing difficulties—the American khaki is of many different shades, running all the way from olive drab to a rather lightish gray. The color needs to be standardized.

When we first adopted khaki, our soldiers were clad in wool. Since then worsted serges have proved better for uniforms, and particularly for shirts. Today very little wool is used.

IT SURE HAS BEEN A BLESSING TO ME.

Is the Statement of a Well-known and Prominent Lady of Johnstown, Pa.

It is strange how people will complain and try so many remedies, pay such large doctor bills, seeking relief when they can go and get Goldine as I did, and I think find the same relief. I had such a bad stomach, in fact, I was afflicted with about everything that a woman could have. I had so much work to do that I could tend to but very little of it when I commenced using Goldine about ten days ago. Now if any of my friends want to know what it has done for me, if they will call on me I will be glad to tell them of the great good it has done me. I was weak, had headaches, my limbs would ache and I would get so dizzy, well, I could not begin to tell you of all the complaints I had. People can't really believe that one could be helped so much as I have been, in such a short time. Nevertheless, it is true.

in city, town and country testify to the wonderful efficiency and economy of the Caloric Pipeless Furnace.

We've a book of remarkable letters written by Caloric owners and not in one is there a word of anything but praise for the Caloric. We'd like to show you the

PIPELESS CALORIC FURNACE
The Original Patented Pipeless Furnace
and have you read some of the letters in this book.
Come in and investigate this furnace that heats through one register. It's a wonder! One happy owner says he can get 70 degrees upstairs by 7 A. M. and that his fuel bill is a third less than formerly.
How would that suit you?
Remember, the Caloric is guaranteed to do every thing we say—must do it or the one is asked to buy it.
