Planning to Welcome the Soldier Boys.

The executive committee of the association organized to arrange for a big demonstration as a fitting welcome home to Centre county's returning soldiers held a meeting on Tuesday evening and discussed tentative plans for the big event. The various committee chairmen made brief reports of the plans they have so for formulated to carry out their part of the demonstration. Chairman Robert F. The only uncertain thing so far is soldiers has so far rendered it impossible to name the date. But it is hoped by the next meeting of the executive committee, which will be on Tuesday evening, May 6th, such definite information will be at hand which will justify the naming of the date. The disposition of the committee is to have the demonstration as soon as possible after the bulk of the Centre county boys get home, and as the majority of them have served in the 28th and 79th divisions, and both these are expected home at an early date, it might be possible to arrange the demonstration for the latter part of June, in order not to conflict with the welcome home Philipsburg is planning for its soldiers on July 4th. Be the date what it may, however, no amount of money will be spared in getting up a demonstration which will show the soldier boys how much Centre county

Vera Cruz, Mexico, April 22.-General Francisca Alvarez, of the antigovernment forces was executed shortly before midnight last night. He met death at the hands of a firing squad with the utmost bravery.

Alvarez was sentenced to death by a court martial here Monday. He was captured here last Tuesday in the battle in which General Aureliano Blanquet, minister of war in the Huerta cabinet was killed. Many thousands of persons sur-rounded the barracks when the exe-

Alvarez had been sentenced to die at an earlier hour, but on orders received from the Supreme court the execution was held up. The War De-partment, however, ordered compliance with the sentence of the court martial and the prisoner was brought out to face his executioners. Two hours before the execution, the
