Bellefonte, Pa., May 16, 1919.

NEWS ABOUT TOWN AND COUNTY.

-The machine gun troop will give a big dance in the armory this (Friday) evening to which the public is invited.

-We omitted to mention the fact last week that Hard P. Harris had purchased the McDermott property on Bishop street, at the recent public

-You can give to the hospital and get your money back in fun and music by attending the Academy minstrels next Thursday and Friday nights.

-Fred Bryan moved his family the week, where he has been employed in the Ledger office for some months.

-Our Girls band of Milesburg has been invited to go to Lock Haven on July 4th to help furnish the music for the big welcome home to the Clinton county soldiers to be given at that

-The Academy minstrels are being given this year for the benefit of the hospital. They are worth going to see any time, but more so when by paying admission you contribute to such a worthy institution as the Bellefonte hospital.

-The P. O. S. of A., of Pleasant Gap, will hold a big flag raising and festival at the Gap tomorrow evening. There will be splendid music and good speakers. The festival will be held in Noll's grove, weather permitting. The public is invited to attend.

-The big maple tree on High street, in front of the Centre County bank building was cut down on Monday. The tree was partly decayed and fear of its falling against the buildings in that section was one of the reasons for its removal.

-It not only rained tranquilly but the utmost tranquility reigned on the streets of Bellefonte last Saturday night. So far as the writer has been able to learn there was not a fight or a disturbance of any kind to cause a diversion among either ladies or gentlemen.

-Gehret & Lambert have bought the old Curtin house on the corner of Allegheny and Howard streets. The price paid was \$4,500. No change will be made in the building this year and just what they will do with it ultimately depends upon conditions prevailing a year from now.

-While attending the anniversary exercises of the Reformed Theological Seminary, at Lancaster, last week, the Rev. Dr. Schmidt was elected president of the Alumni association, and was toast-master at the annual alumni banquet, which was attended by nearly three hundred alumni and their friends.

-The State Highway Department last Thursday awarded the contract for the building of the state highway from Bellefonte to Pleasant Gap, in Spring township, to the Gaylord International Engineering and Construction company, of Scranton, at their bid of \$249,332.33, it being the lowest bid submitted for the work, which is to be begun in the very near future.

-The big crowds at the Lyric night after night is evidence that the kind of pictures manager Brandman is now offering the public are the kind that please the people. They include the best work of the foremost film producers in the country today. New pictures and quick releases make up the Lyric programs and every evening you stay away means missing something good.

Some time ago the Bellefonte be played on Hughes field at 10 a.m. greatly appreciated.

----Memorial day is just two weeks away, but no special celebration of the day will be held in Bellefonte owing to the fact that every energy will be devoted to preparation for the big welcome home on June 26th and 27th. But the old soldiers will not be forgotten as the customary exercises will be held under the auspices of Gregg Post, as has been done for many years past, and the complete program for the day will be published next week.

made it impossible to continue indiweek, may be the reason for the remaining unsightly spots. While the burgess of every borough in the many are still in evidence, and to those who seem lacking in civic pride we make another appeal, to not only do their bit, but their duty by Bellefonte. No resident of the town is excusable for ignoring unsightly conditions, for which he is responsible, about his property. Clean up before you are personally asked to do so.

-The new state highway out Willowbank street will be a great improvement when completed, but owing asked for the executive committee's to the big fill from the bridge over Logan's branch to Holmes street it pressing the fact that he did not bewill be necessary for automobilists and others to stick to traveling the the printing of large bills, etc., as the straight road. The fill at some places gathering has already been widely adis over three feet deep and a machine that gets off the edge of the brick road is liable to have a bad spill. And just how the residents along the north side of that particular stretch of highway are going to get their coal in without having it carried is a ques- committee. tion that is puzzling most of them.

WELCOME TO THE SOLDIERS. Centre County Planning to Make the Big Time a Memorable One.

Another meeting of the executive Harrison Walker presided.

J. Will Conley, chairman of the Finance committee, reported that so far he had received voluntary contributions amounting to fifty dollars and that he had his sub-committees all lined up ready to begin work at once on raising the necessary money to pay the expense of the celebration.

Edmund Blanchard, of the amusement committee, reported that while he has no definite engagements scheduled he has been in communicato Philipsburg in the beginning of tion with the Sam Spencer carnival company which is exhibiting in Du-Bois this week and he has hopes of

securing it. On Tuseday Mr. Blanchard closed a contract with the Carnival company above mentioned to appear in Bellefonte the week of June 23-28. The company carries eight separate shows and is said to be high-class in every particular. As to the free attractions Mr. Brady has offered to furnish Mr. Blanchard is of the opinion that the cost, \$600, is too much for two days and he will likely report against booking them.

On Wednesday Mr. Blanchard received word from the War Department at Washington assuring him that the Department will send two army planes to Bellefonte for special evolutions during the two days of the celebration, and while this may not be such a wonderful sight to the returned soldiers, it will afford the people of Centre county an opportunity to see the kind of planes our army used against the Germans. Mr. Blanchard has also written Otto Praeger, second assistant postmaster general, asking if the Postoffice Department will detail two or more planes to give exhibition flights, but so far he has received no reply to his communication.

John J. Bower, of the decoration committee, reported that he had been in consultation during the day with Mr. J. M. Nichols, of Syracuse, N. Y., regarding the street decorations, and that gentleman submitted a plan of decorations for High street from the depot to the Diamond and including the open space about the court house; Allegheny from Bishop to Howard; Bishop from Spring to Penn; Howard from Spring to Penn, and Spring from Bishop to Howard, all of the latest design, and with floodlights to show the decorations at night, at an estimated cost of \$1500, which will also include the decorations in the armory for the reception and dance. Mr. Nichols was present and submitted his plans to the committee which were carefully examined. Mr. Bower an give Bellefonte that date. After discussing the matter briefly a motion was passed empowering the committee to use its discretion in making a contract with Mr. Nichols for the decorations.

Mr. Bower further reported that the State-Centre Electric company has agreed to furnish free all electricity used in the street decorations.

Robert F. Hunter, of the Parade committee, had nothing special to report so far as the parade was concerned, as that will have to be workcertainty as to the number of Centre county soldiers who will be at home at that time and the units they belonged to in service. He did say, however, that it was his idea to make the military end of the parade the predominating feature.

At this juncture Mr. Hunter called High school nine journeyed to Altoo- attention to one very important fact na where they were defeated by the that so far had been overlooked in High school team of that place. To- arranging the program for the big morrow (Saturday) Altoona High time, and that is a memorial meeting comes to Bellefonte. The committee adjourned to meet on Monday evening, May 26th.

Additions to Finance Committee.

J. Will Conley, chairman of the Finance committee of the welcome home association, has announced the following additions to his committee: Snow Shoe .- W. A. Sickel, L. A. McDow ell, O. J. Harm, Lawrence Redding.

Howard .- Matthew Rodgers. Coleville .- Harry Garbrick. Julian .- George Bullock. Port Matilda .- E. Williams, Haary Wood-

ring. Orviston .- J. Ellis Harvey, C. W. Keller. Pine Grove Mills .- James Reed. Curtin .- Orin Brown, Herbert Bathurst.

-Arthur Grauer, of Altoona, but who is well known in Bellefonte, has given up his position as assistant manager in the Simon shoe store in that city and will enter the motion picture field. He has accepted the position of distributor of the picture, "Fit to Win," put out by the Public Health films, of New York city. Mr. Grauer's territory will be Texas, Oklahoma and Arkansas, and his headquarters will be at Dallas, Texas, for which place he left the latter part of last week.

-Many interesting subjects are covered these days in the motion pictures and the educational feature has come to be regarded of inestimable value. The scenarios presented are few years ago, while there is just enough of the comedy to make a wellbalanced program, and it is this kind of a program that can be seen at the Scenic every evening in the week. Only the best is good enough for Scenic patrons, and that is the only kind manager Brown puts on.

-The necessary slight remodeling to convert the Blanchard home on Linn street into a two apartment house was begun this week. The first | terday. floor apartment is to be occupied by Dr. and Mrs. Beach and Miss Blanchard and the second floor apartment by Mrs. Wilson A. Norris, of Harrisburg, who will spend the summer, as has been her custom for a number of years, on Curtin street, taking permathe fall. After some necessary changes in the dye house the entire home to this building on another part

of the ground. further stated that Mr. Nichols was the only professional decorator he Maude's dead!" was the cry that _"Pop, has been in communication with that greeted the ears of residents of Bunker Hill on Sunday morning, and quite naturally everybody who heard it became more or less excited. The cry was raised by the sons of Jimmy Matthews, who came on the run to their home on Ridge street. "Who's Maude?" inquired a bystander, and the boys promptly responded "our old horse." In the meantime Jimmy called out "oh she's not dead, she's only got another fit." But it happened that it wasn't either one. The old gray mare was out pasturing in a ploughed field and got down in a mud hole and ed out definitely when there is more couldn't get up. But Jimmy got her up, curried the mud off her hide and was around on Monday as usual hauling ashes at fifty cents per load. And whether it was because he thinks Maude is nearing her end or not he hauled from the Y. M. C. A.

> -Thursday and Friday of next week are the dates for the Bellefonte Academy minstrels and this will be the last opportunity the "Watchman' will have to make an appeal for a liberal patronage. And this appeal is not made to the people of Bellefonte alone, but to the people of the surrounding community. In these days of motor cars it is an easy matter for out of town people to come to Bellefonte to see a show and return home at a seasonable hour. And the min-Then the fact that they are being given for the benefit of the Bellefonte hospital should appeal to the public generally, because that institution is worthy the support of every individual in Centre county. The Academy minstrels have always given a good performance and this year they promise to be better than ever before. Don't forget the big street parade at five o'clock in the evening, which will be led by Our Girls band of Milesburg.

-Sheriff W. E. Hurley and G. Fred Musser figured in an automobile accident in the Diamond on Tuesday pretty badly damaged it was extremely fortunate that no one was injured. Mr. Musser had been down to the iron spring for a jug of water and was on his way home. As he approached the triangle of dummy policemen in the Diamond he was on the right-hand side of the street, which naturally was the place for him to be. Mr. Hurley had been out in the car with his little grandson and was running north on Allegheny street. When he reached the dummy policemen he tried to cut in ahead of Mr. Musser to turn down High street to his home with the result that the two cars collided. Mr. Hurley's grandchild was thrown from the car onto the bricktioning. Neither of the drivers of the pacity next year by the hundreds of ney alone. Mr. Thompson will join his cars were unseated and both escaped former students returning from mili- family here during the summer, to spend

AIRPLANE SWAMPED IN MUD. Machines Going Through Bellefonte Daily. Big Marker to be Put Down on Point McCoy.

Shortly before six o'clock on Thursday evening aviator G. G. Budwig arrived at the Bellefonte aviation field with another DeHaviland plane he had driven here from New York. Budwig, with pilot John L. Miller in another plane, left New York Thursday afternoon and both men got out of their course far enough to reach Hollidaysburg. At that place Budwig got his bearings and flew to Bellefonte making one of the nicest landings that has been made on the Bellefonte field. Miller was compelled to land near

Hollidaysburg on account of a shortage of oil and gas, and unfortunately the field he came down in was low and soft. But at that he thought the ground solid enough to make a flight from. After he had secured a supply of oil and gas he made an attempt to fly but unfortunately got onto softer ground and his machine turned on its was sent to the Bellefonte aviation field and mechanicians and repairs were sent to Hollidaysburg and the machine repaired. But in the meantime Friday and Saturday's rain had literally swamped the airplane in a sea of mud and water so that it was impossible to start from where it lay and just as impossible to get to it to haul it out. The only thing to do was to put a guard over it and pilot Miller was ordered to come to Bellefonte to take the machine brought here on Thursday on through to Cleveland, Ohio, Mr. Budwig having returned to New York in the evening of the same day he arrived here. On Sunday pilot Max Miller came to Bellefonte by train to take the machine he fell with two weeks ago through to Cleveland. also of a higher class than those of a Pilot John L. Miller left for Cleveland on Monday afternoon but pilot Max Miller did not go until Tuesday.

Two additional planes reached Bellefonte about three o'clock on Tuesday afternoon from New York, having left that city after dinner that day. Both came through without mishap, and the two of them left for Cleveland on Wednesday. Ten more planes are to be taken through for the service between Cleveland and Chicago, which was inaugurated yes-

As evidence that the service will be inaugurated on this end of the route in the near future is the fact that this week the Postoffice Department made the request that a conspicuous marker be placed on one of the mountain tops near Bellefonte as a guide for the airnent possession of her new home in men. Permission has been given to place the marker on Point McCoy and at first it was the intention to put Basket Shop will be moved from its down a monster white cross of lime, present location in the Blanchard but as this was not deemed permanent enough it has now been decided to put | Hall for a month or more. Mr. Humes' down a marker that will endure for all time. It will be in the shape of a cross two hundred feet long each way and the legs will be twenty feet in width. Ditches will be dug of the above dimensions and the same filled in with big flat stone. The stone will then be heavily coated with white enamel paint, which will make a sign

that can be seen for many miles. Point McCoy is one of the highest points in the Bald Eagle mountain range and from its peak, where the big white cross will be placed, a person with the aid of a glass can see Lock Haven on a clear day, and that city is almost thirty miles away. So to a birdman a mile in the air this mountain guide post should be visible many miles away and will stand out as a signal to the landing field.

Call for Threshermen's Meeting.

A special meeting of the Centre county Threshermen and Farmer's Protective association will be held at the court house, Bellefonte, Saturday, May 17th, at 10 a. m., to protest against the passage of House bill No. 1374, now in committee, which prohibits traction engines with cleats going over improved highways and bridges, and largely increases the license fee.

Every thresherman, saw mill man and farmer, who must hire his threshing done whether he is a member of the association or not, should attend this meeting and sign the petition to the Legislature now in session remonstrating against the passage of this

Bill No. 1374 will authorize officials of every township, borough or city having improved roadways or bridges to arrest every driver of a traction engine with cleats. The detachable cleat suggested in this bill will cost every owner of a traction engine \$150 to \$200, and be a nuisance to handle.

It practically means the confiscation of from four to five thousand traction engines in the State as the enactment of this bill into a law will render them useless and threshing the crops impossible, as ninety per cent. of the grain in Pennsylvania is threshed by these rigs.

If you want the bill killed it will take prompt and vigorous action. ISAAC UNDERWOOD, Secr'y.

Penn State Will Admit 800 Freshmen Next Fall.

Next year's Freshman class at The Pennsylvania State College will be limited to 800 new students. No applicants will be admitted with entrance conditions. This announce-

ment was made on Tuesday. The limitation will be imposed be cause of the crowded conditions in all parts of the institution. With more than 1,100 Freshmen this year and a Sophomore class numbering well over paved street, but miraculously, as it 500, the college authorities believe the seems, was not injured worth men- classrooms will be filled to their ca-
