ORVISTON.

Little Myrtle Johnson is making a nice long visit with her father, Chas.

Mrs. Margaret Jones is home from Wilkes-Barre, where she has been staying through the severe weather. Mrs. Mary V. Shearer and Mrs. Et-

Mrs. Hensyl Young and children, Relda, Harvey, Dorothy and Helen visited Mrs. Young's sister, Mrs. Em-ma Holt, at Clearfield, last week, and returned home Saturday evening.

A cottage house, occupied by the Emenhizer family, burned down several weeks ago, and the good folks of Orviston rallied to their aid and the result is they will soon be settled very sizely.

Alton Poorman, who was so unfortunate as to break his right leg a month ago, is able to be about, we are glad to state. Alton says it is hard to keep a good man down, and that is himself.

Philip Dietz and Atwood Wellers are moving into the upper block at the upper works. We hope they will like their new quarters, also their new neighbors. (We are awfully nice in these two blocks).

Bion Nelson had the misfortune to get his face and right eye injured, Monday, while at work in the clay mill of the Centre Brick and Clay Co. It is reported that he will lose the

sight of his eye, but we hope not. Mrs. John Hume and little grandson, Billie Jones, are back from a month's visit in New York State. They report a dandy, good time. Mrs. Hume said it was certainly great to be able to keep a clean face, some-thing almost impossible in Orviston.

The friends and schoolmates of little Lillian Gillespie surprised her on Tuesday afternoon, the occasion being her eighth birthday. From all ap-pearances they had a jolly time in spite of the pouring rain, as it was a porch party. All the little folks of the upper works, and many from the lower, were present, and under the able direction of Lillian's mamma, they partook of dainty refreshments.

A variety shower was held for Mrs. A variety shower was need for Mrs. Harry Woomer, nee Abbie Herr, at the home of Mr. Woomer's sister, Mrs. Ed. Confer. It was quite a success, I am told. Many useful and beautiful presents were made. The able to attend as another and sadder affair demanded our attention, so were unable to get the list of friends. However, we will have a little party of our own for Abbie some day, and we wish her lots of happiness in her new life.

Orviston welcomed several of her soldier boys recently. John Shank, Ustin Parchemovies and Frank Poorman, all having seen overseas service, and we are glad to see them safe and unharmed. But amid our rejoicing comes a thought of Carmine DiSanto, who volunteered so nobly before our country declared war, and perished on the fold of hence on his native soil the field of honor on his native soil. Orviston will long remember the jolly Italian lad who was always smiling, and with a word of cheer for all. He will be missed among those who knew and liked him for a long, long

Hood's Sarsaparilla Begins Its Reconstructive Work.

Second, it aids digestion.
Third, it perfects assimilation.
Fourth, it carries 100 per cent. of

This makes Hood's Sarsaparilla one of the great remedies of the world. From the first dose you are on a definite road to improvement. It is of inestimable value just now to restore the health and nerve force so greatly exhausted by war excitement, the grip and influenza epidemic and the changing season. YEARS OF SUFFERING AND HOW IT WAS MASTERED.

Millions of People Need Just This Message-Do You?

After years of torture the man who wrote the above lines relates how "Goldine Alterac," the new herb tonc came to his rescue.

Samuel B. Rice, a well known and highly respected resident of Elwood City, Penna., says: "I have been a resident of Elwood City for nineteen years, but I have always lived in this section so that I know most of the people. It is true that I am getting along in years as I have passed my seventy-first birthday. For years I have suffered from kidney trouble and rheumatism and I consider it simply wonderful that after the years I suffered with pains and aches that a treatment of Goldine Alterac has taken them away. I find that I can now sleep and eat well, in fact my appetite is fine, and I consider it necessary for one to eat plenty of nourish-

ing food."
"I can heartily recommend this Goldine Alterac, as it is the only medicine that could give me relief whatever for my kidneys." Signed: Samuel B. Rice, Ellwood
