WHAT IS A TONIC?

A Tonic is a Medicine that Increases the Strength and Gives Vigor of Action to the System. When you feel weak, all run down, no vitality, get up in the morning with a headache. When your tongue is coated, when you don't care whether you move or not, your nerves are bad, you feel dizzy. You have no appetite, and if you do eat feel distressed. You have a breaking out on your body, or in fact feel miserable. Should you allow any of these symptoms to continue, it will lead to something more serious. Therefore, get the proper preventive at once. Should you be troubled with any of the above symptoms, start at once to rid your system of them. GOLDINE is the proper tonic to give you new vigor and vitality. GOLDINE LAXATIVES aid in the carrying off of the waste matter of the body. Observe well the condition of your bowels. Do not allow waste products to be retained in the system too long. Poisons are produced often times from the fermentation of certain foods entering the alimentary canal, thus causing either diarrhoea or constipation, which may be avoided by taking one or two Goldine Laxative Pills. Goldine Remedies for sale at Green's Pharmacy. 23-17
