COME TO THE SOLDIERS WELCOME HOME.

The Biggest Time Ever Seen in Bellefonte Now Assured Arrangements Being Made to Entertain Large Crowds.

William A. Carson, of Haines township, was present at Tuesday evening's meeting of the Executive committee of the Centre county welcome home association and brought with him a check for \$73.55 contributed by his fellow citizens toward helping in bearing the expense of the big celebration. On motion of Mr. Conley a vote of thanks was given to Mr. Carson and the people of Haines township for the patriotic spirit shown in the matter.

Mr. Conley, for the Finance committee, reported progress in the matter of raising the money to pay for the celebration, but declared that so far the responses from over the county were limited. He also read several letters he had received from different communities showing a decided inclination on the part of the people there to do very little, if anything.

Sheriff Yarnell, of the Invitation committee, reported that he had already received responses from a little over seven hundred soldier boys who signified their intention of being here, and he estimated that when complete returns are in the figure will run up to from one thousand to twelve hundred. This practically assures a big attendance of the soldier boys and the biggest unit and parade of soldiers ever seen in Bellefonte, and probably that ever will be seen. He also stated that soldiers throughout the State have signified their desire and intention of coming here just to see the parade. Mr. Yarnell stated that so far only about fifty invitations have been returned as unclaimed.

Mr. Harris, of the Entertainment committee, stated that he would endeavor to have every accommodation necessary for the soldiers as well as plenty of eating stands so that nobody will need go hungry. He also reported that he had secured Christy Smith's orchestra of eight pieces to furnish music for the reception and dance Thursday evening.

Mr. Blanchard, of the Amusement committee, reported that the advance man of the Sam Spencer Carnival company had been here and that their shows would arrive in Bellefonte next Sunday and open up on the Island on south Water street on Monday, to be open all week. Regarding airplane flights he has assurance of a number of planes and that flights will be given whenever the committee desires. The time for one flight was set for Thursday afternoon, immediately following the parade. Two games of baseball will be played on Friday between the Bellefonte teams and Phillipsburg. These games will be free to soldiers only.

Mr. Bower, of the Decoration committee, reported that the work is progressing and there is no doubt but that everything will be completed on time.

The Publicity committee reported that large bills advertising the welcome home celebration had been sent to every section of the county, and there is every reason to believe that every man, woman and child in the county, will know of the big gathering in ample time.

Mr. Hunter, of the Parade committee, submitted his plans for the parade which appear in another column of this paper. He also stated that so far he knew of seven bands that will be here, and perhaps others.

Burgess W. Harrison Walker reported that he had prepared a parking plan for automobiles for the big day which will be printed in the county papers and also sent all over the county, so that people motoring to Bellefonte can park their cars with the least confusion possible.

The Bellefonte Central railroad company will run a special train on Thursday, leaving State College at 7:45 a. m. and returning leave Bellefonte at 7:30 p. m.

Soldiers and all organizations intending to join the parade should read carefully the make up of the parade as prepared by Mr. Hunter and published in another column, and then they will know just where to report when they arrive in Bellefonte.

In conclusion it might be stated that with good weather there is every assurance of the biggest time in Bellefonte next Thursday and Friday ever seen here. There will be a general outpouring from the entire county, because this will be the only occasion possible to see together so many of the young men who saw service during the world war. It will be a history-making gathering and the older folks cannot afford to miss it, while the young people will be here without fail. Every provision possible will be made for the comfort and entertainment of all who attend, so there is no excuse for anyone staying at home.

MEAL TICKETS FOR ALL SOLDIERS. All soldiers in uniform are requested to register immediately upon arrival in Bellefonte. Sheriff George H. Yarnell will have charge of the roster and will greet the boys on the grand stand in the Diamond, if the weather is propitious and if it should be raining he will be in the arbitration room in the court house. It is very important that all soldiers register at once on arrival for Hardman P. Harris, chairman of the entertainment committee, will be at that place to issue meal tickets for the day to all soldiers. These tickets will be good for any restaurant, hotel or eating stand in town.

Club Room for Service Men.

A community club room for men who have been, or are, in the service of the army or navy, was opened for use last Saturday, (Flag day). The name given to this room, painted in great letters across the front, is Hostess House, and the location is the big room in Petrikin hall, kindly donated by the W. C. T. U., and the principal organizations backing the undertaking are the Red Cross and the citizens' committee for the welcome home celebration.

One or more hostesses are always in attendance, but the room is to be considered the boys' own, and every boy who has been in the service of Uncle Sam, it doesn't matter where he lives, who is in Bellefonte, is more than welcome. The two big windows overlooking High street are such as many a New York club house might envy. There is a piano and a victrola, comfortable chairs galore, a writing table with stationery marked "Hostess House, Bellefonte, Pa.," in fact everything that makes a mighty nice place.

The room is bound to be used more and more as the boys learn of it, and especially will it be used on the 26th and 27th, during the "big time," but those who have the room in charge want every man entitled to use this club room to know of it, and to be at home in it. With the Y. M. C. A. closed, this snug little place should prove very popular. If the boys really like it, no doubt the room can be kept for their use all through the summer.

Among the state highway bids opened at Harrisburg on Tuesday was one for the section of road in Boggs township, from Milesburg to Gum Stump. The lowest bidder was the Vipond Construction company, of Altoona, the figures being \$215,710.50.
