THREW HER CRUTCHES AWAY.

Mrs. Walter R. Bush, of Williamsport, Threw Away Her Crutches.

After years of the most awful suffering from sciatic rheumatism, during which time she was almost an invalid, Mrs. Walter R. Bush, of 517 6th Ave., Williamsport, throws away her crutches and walks again and is the most happy woman in Williamsport.

Mr. Walter Bush is a well known painter and has lived in Williamsport for over twenty-two years. Mr. Bush called on the Goldine man at Kolb Bros. drug store, and gave out the following remarkable statement: "I can tell you what your Goldine medicine has done for my wife. She has had rheumatism for years and has doctored and tried everything advertised or suggested for it, but kept getting worse and for the last three years got so bad that she could not walk without crutches. It was sciatic rheumatism and the pains in her limbs were so severe that she could hardly require it. She could not sleep at night and could not eat and was failing in strength daily and it would only be a matter of weeks until she could no longer endure the terrible agony."

"But this medicine has practically cured her, which makes me think that the days of miracles are still with us. Just think of it, after walking with crutches for three years and then to be able to throw them away and walk again after only about three weeks' treatment of the medicine, if that isn't a miracle I don't know what it is. She sleeps good at night now and her appetite is fine and she is rapidly regaining her health and strength, thanks to this wonderful medicine."
