Bellefonte, Pa., August 22, 1919.

## NEWS ABOUT TOWN AND COUNTY.

Several hundred people attended the reception given Miss Rebecca N. Rhoads, in Petrikin hall, last Friday evening.

Miss Ruth Coxy will succeed Miss Hester McGinley as stenographer and typewriter at the Abramsen Engineering company.

The Lemont troop of Boy Scouts, in charge of Rev. L. V. Barber, motored through Bellefonte yesterday morning for a week's camp in the vicinity of Howard.

A short strike of a number of employees of the Titan Metal company ended on Monday and some of the men were taken back after an adjustment of their grievances.

Judge Henry C. Quigley has accepted a request to assist in the holding of the Westmoreland county court at Greensburg the first and second weeks in September.

Miss Sarah Owens, of east Howard street, celebrated her eighty-third birthday anniversary yesterday and a number of her close friends called to tender congratulations.

Mr. and Mrs. W. J. Musser, of east Lamb street, are rejoicing over the arrival of twins last Friday, but the twins did not come into their household but into the folds of their dairy herd.

Miss Rebecca Valentine has resigned her position as deputy registrar of Centre county. During Miss Valentine's illness the position has been filled by Register Sasserman's daughter Grace.

Dale Berry and Richard W. Jackson, two well known young men of Jersey Shore, have purchased the Leathers Bros. garage at Howard and will take possession at once, doing a general garage and automobile business under the firm name of the Howard Auto Supply company.

Miss Martha Barnhart, of the class of 1918, Mt. Holyoke, has accepted the position of instructor in English in the York High schools and Miss Eleanor Parker, of the class of 1919, Wilson College, will join the staff of instructors of Leonardo, N. J., where she will teach history. Both schools will open the first week of September.

Waste paper in a basket in the bathroom at the Robert F. Hunter home on east Linn street igniting in some inexplicable manner at noon on Tuesday caused a fire that for a few minutes looked quite dangerous and the fire department was called out in case its services were needed. Although the flames were extinguished in a few minutes it was not before they had done so much damage in the bathroom that it will have to be entirely done over.

Edward Brown Jr. purchased a portion of the big sandstone in the abutments of the old Central Railroad of Pennsylvania viaduct and with them built a family mausoleum in the Catholic cemetery. Father Downes also purchased a quantity of the stone, some of which will be used in making improvements to the Catholic church property and others utilized in building a coping along the Catholic cemetery on Bishop street to take the place of the fence now there.

Col. J. L. Spangler, who is in California adjusting trouble between the oil operators and their employees, writes that every day he meets former residents of Centre county. On Sunday he was to be the guest of A. Runkle, a son of the late Judge John Runkle, of Potter township. He has been a resident of Santa Barbara for fourteen years and is a very successful shoe dealer there. Among others well remembered here, whom he has met have been Walter Bayard, Wallace Reeder and Bill Phillips.

Last Thursday evening Clarence Gallagher, Charles Hill and John Rosenhoover started down Bald Eagle valley in the Kelley bakery delivery truck on a fishing expedition. The young men were not very well acquainted with the road and when they struck one of the sharp curves this side of Curtin they failed to notice it in time with the result that they failed to make it, but ditched the truck instead. None of the young men were hurt but the top was torn off the car and it was otherwise damaged.

The motion picture loving people of Centre county will finally have an opportunity to see that wonderfully entertaining picture, "Mickey," which will be shown at the Scenic two days next week, August 26th and 27th, with matinees each afternoon and a special matinee on Tuesday morning for the children. A special orchestra will furnish the music for this picture. A few people in Bellefonte have seen "Mickey" but they are going to see it again, and no one can afford to miss this opportunity to see this great picture. See advertisement in another column.

On Monday afternoon just as Samuel Solt in an Overland car turned the corner at the United Brethren church to go north on Thomas street he met Cohen & Co's delivery car coming toward High street. As is natural in all such cases both drivers maintain that they were on the right side of the road but as they were running into a head-on collision Solt turned sharply to the right and ran into the McQuiston house, knocking a hole in the side of it into the sitting room. A woman and two children were in the car with Mr. Solt and fortunately none of them were injured but the car was pretty badly damaged.

## GOOD NEWS FOR FORD OWNERS.

### Beatty Motor Company Announces Important Changes.

The Beatty Motor company, of Bellefonte, exclusive Ford agents for this district, have launched a program of important changes at their plant in this place which it is confidently asserted will make it one of the best Ford service stations in the country, barring none. Their main room fronting on High street which has heretofore been used jointly as an office, show room and stock room will be devoted entirely to show room purposes for Ford cars, equipments and accessories with the exception of a small space which will be converted into a private office for Mr. Beatty, the manager. The main business office of the company will be installed in the building just in the rear of the show room.

Additional equipment has been added to their repair shops and the force of workmen reorganized. Boyd M. Miller will be the service manager in charge of the plant and the shops will be in charge of W. W. Keichline, who has given up his garage on south Water street to become head mechanic for the Beatty Motor company. The various changes and additions to the shop equipment and the reorganization of the personnel of shopmen will enable the company to reduce the flat cost of all overhauling and repair work on cars. That is, instead of charging a certain sum an hour for making repairs a flat price will be named for doing the work, and the job will be done for that sum, whether it takes one hour or five hours to do it. And all work will be guaranteed.

Service work, such as car inspection, changing the ignition, etc., will be free. Mr. Beatty estimates that it will take from a month to six weeks to make all the changes now planned and in doing the work the company will have the assistance and counsel of Mr. H. C. Casselberry, the Ford company efficiency agent, who expects to spend a month or more in Bellefonte. The company's sole purpose in making these decided changes in their plant is to give Ford owners the very best service obtainable and they feel that they will then be in a position to do it.

## Bierly Family Reunion.

About one thousand people attended the Bierly family reunion and welcome home gathering at Rebersburg on Wednesday, and it proved the most successful of any similar event ever held. Our Girls band of Milesburg was present and furnished the music for the occasion. The program included addresses by Judge Albert W. Johnson, of Lewisburg, who was present with his wife and daughter as guests of Mrs. Harry Musser, and ex-Judge Ellis L. Orvis, of Bellefonte. Miss Miriam Moyer, late principal of the Miles township High school, sang that quaint Scottish ballad "Laddie" so rapturously that she was loudly applauded and was obliged to respond with an encore. Miss Moyer, by the way, has been elected to the chair of languages in the Hazleton High school the coming year. Other brief talks were by Prof. Ritter, of the Lock Haven Normal school, and Prof. Lewis P. Bierly, superintendent of the Pittston schools.

The officers elected for the ensuing year are Rev. Adam S. Bierly, of Selinsgrove, president; Rev. William Bierly, of Loganton, vice president, and George W. Bierly, of Jersey Shore, secretary. Rollinz Green park, Selinsgrove, was selected as the place of meeting next year.

One feature of the gathering was that nobody had any reason to go hungry, as there were refreshment stands a plenty on the grounds where about everything desired could be purchased, including watermelons.

## Is There a Rheumatism Bug?

In these days of germs, bacilli, etc., when practically every ill that human flesh is heir to is now traceable to some definite disease microbe, and because of the prevalence in Bellefonte and throughout Centre county of a number of cases of inflammatory rheumatism, the question just naturally arises is there a rheumatism bug? And if so, is it of such a character as to permit of infection by contact and the possibility of the disease becoming epidemic. At the present time there are several such cases in Bellefonte and one in Ferguson township, and they are all so similar in character as to cause good reason for speculation.

In one or more of the cases the disease started with sharp pains in the right foot just over the instep and these increased in violence until they not only affected the entire foot but both arms and legs. Quite naturally the disease is very painful and renders those afflicted practically helpless. While the editor of the "Watchman" is no bugologist on disease germs he passes the above thought up to the medical fraternity as one worthy of consideration and hopes that if they are able to discover such a thing as a rheumatism bug they will kill the critter before it creates an epidemic of that painful disease.

## Patriotic League Festival.

Don't miss the big festival tomorrow (Saturday) evening on the High school grounds. Go prepared to enjoy a program of great variety, consisting of music and general sociability, in which everybody is invited to participate.

Ice cream, candy, home-made cake and coffee will be served at popular prices.

Seers in their tents  
For twenty-five cents  
Will your future reveal  
When to them you appeal.

—Only three members reported at borough council chamber on Monday evening and the result was no meeting could be held.

—As predicted in the "Watchman" last week the game of ball on Friday evening between Joe Herman's aggregation at Hecla and the West ward nine was no cinch for either team. In fact it resulted in a tie, each team scoring one run. The rain interfered with the game scheduled for Tuesday evening of this week, so that the relative standing of the clubs is the same as published in last week's paper. There are quite a number of postponed and tie games to play off so that there is some assurance of good sport in this line for several weeks to come.

—The young women of Bellefonte who have been taking the course in home nursing under the instruction of Miss Elder (or rather Mrs. Edwin J. Oellig) superintendent of the Bellefonte hospital, took their final lesson on Tuesday evening and as a compliment to their instructor presented her with a set of silver teaspoons. Miss Elder announced to the class that she contemplated leaving Bellefonte the first of September to establish her own home in Coropolis, but she will not for a time, at least, divorce herself entirely from her professional work, as she expects to teach home nursing in Pittsburgh.

The teaching force for the Bellefonte High school was completed this week with the election of Leethe I. Florey, of Pen Argyl, as teacher of languages to succeed Miss Mary Schad resigned. Mr. Florey is a graduate of Lafayette College and saw service abroad where he acted as interpreter for the A. E. F. While in France he also took a course in languages in the University of Aix, hence will come to Bellefonte with the very highest recommendations. Mr. Florey's selection completes the list of teachers for all the Bellefonte schools so that there will not be a vacancy when the schools open on September 2nd.

—During the past ten days or two weeks there has been such an unusual scarcity of sugar in Bellefonte that grocers were compelled to limit purchasers to two pounds at one purchase. There has been no increase in price, however, as the price has been fixed, but the shortage coming just at this time, in the very midst of the canning and preserving season, has proved not only a great inconvenience to the average housewife but may result in considerable waste in fruits and berries. But the writer was informed yesterday morning by manager G. Fred Musser, of Dannenhower & Son, wholesale grocers, that the outlook is good for an increased supply of sugar within the next week or two, which will be good news to all consumers.

—Peter Mendis was an arrival in Bellefonte on Wednesday on his way from Florida to Detroit, Mich., where the family now resides. It will be recalled that the Mendis family left Bellefonte seven or eight years ago and moved to Florida where Mr. Mendis purchased a fruit and produce farm and had golden visions of reaping a rich harvest in growing oranges, watermelons, etc. But the little good fortune is just as fickle in Florida as in any other place and Mr. Mendis found that the picture of gold dollars rolling into his pockets from his orange trees was only a mythical painting of the man who sold him the plantation. But he stuck to it a number of years until his family tired of the life there when he moved to Detroit, Mich. He is now nicely located in that city, with his boys all employed and is getting along famously. But he still retains his "plantation" in Florida and it was to see how everything thereon was progressing that he made the trip to that State. It is about four years since Mr. Mendis has been in Bellefonte, but he is still the same affable Italian he was when he junked it around town years ago.

—When pilot James H. Knight arrived in Bellefonte from Cleveland, Ohio, on Wednesday, he announced the fact to his brother aviators that he had been married while in Cleveland to a very attractive young lady but so far as could be learned did not divulge the maiden name of the woman who is now Mrs. Knight. But that little detail didn't prevent the force at the aviation field from having some fun at pilot Knight's expense. One of the number hastily secured some suitable female attire and arrayed himself as near like a bride as it was possible for him to look and with pilot Knight at his side the two were driven through the streets of Bellefonte in the big aviation truck, while other pilots on the truck and on a motor cycle tooted horns in regular serenade fashion. Owing to the meagre information given out by pilot Knight we are unable to give details of his marriage, but in this connection we will tell the girls of Centre county how the girls in Delaware got about catching aviators. The other day a fleet of airships was scheduled to give exhibition flights in and about Wilmington. Three flyers took to the air but after flying some distance they were all seen to drop down suddenly. Fears for their safety were entertained and scouts were promptly sent out to see what had happened and when they reached the place where the aviators descended they were found sitting among a bevy of pretty girls eating lunch and drinking tea. The girls had taken a number of bed sheets and laid them out on the ground in the form of a big "U" and seeing the signal the birds went down to investigate and the above was the result.

## Government Goods at Government Prices.

Last week the "Watchman" carried an announcement that government foodstuffs could be purchased by parcel post through the Bellefonte postoffice and the list as posted in the lobby of the postoffice on Friday detailed a large number of articles that could be so purchased. But before the public could take advantage of the offer postmaster Gherry received a revised list from the Department which cut about half the articles from the original list, and the ones cut out were of course the most desirable. The demand for them had been unusually large and as the big cities had the first pick at the goods offered they just naturally grabbed up the best bargains and the most desirable stuff, and it is now up to the country to take what's left or not get any of the bargains.

Notwithstanding this fact, however, quite a large number of orders have been filed at the Bellefonte postoffice for the government goods. And for the benefit of all who may wish to place an order the "Watchman" below publishes the revised list of the stuff still on hand with prices annexed, which includes parcel post charges and cost of goods:

First column, name of article.	Second column, price per case.	Third column, price per case.	Fourth column, number cans to case.
Beans, baked 1 lb can.....	05	2.56	48

Rice, 100 lb bags.....	7.79		
Beans, 100 lb bags.....	7.05		
Flour (best) 100 lb bags.....	7.05		

Up to yesterday noon orders for various articles on the food list had been placed with postmaster P. H. Gherry to an approximate value of seven hundred dollars, but so far none of the orders have been filled.

## In Society.

Mr. and Mrs. L. H. Musser were chaperons for a party of young people who motored to the Musser farm near Mt. Eagle last Thursday evening especially to enjoy a corn roast. In addition to Mr. and Mrs. Musser the party included Mr. and Mrs. Donald Gettig, Mr. and Mrs. R. Win Davis, Misses Mary Beezer, Della Beezer, Pearl Evey, Frances Willard, Mary VanDyke, Margaret Slea, Mary Evey, Elizabeth Eckenroth and Messrs. "Hans" Wagner, Allen McClellan, Robert Willard, Robert Cruse, Russell Smith, Malcolm Yeager, Charles Eckenroth and Lester Musser. On the way down they narrowly escaped a mishap by just missing the wreck of the Kelley bakery delivery truck which occurred earlier in the evening.

Daniel and Frederick Clemson were hosts at a corn roast Wednesday night, given at their home on the farm near Stormstown. A yellow bus and private cars took the guests from Bellefonte up the valley.

Mrs. J. K. Barnhart entertained with a tea Friday afternoon of last week, in compliment to her older friends of Bellefonte.

At Mrs. Georgianna Dale's annual family dinner given yesterday at her home near Lemont, twelve covers were laid, the guests including Mr. and Mrs. E. P. Lingle, of Pittsburg; Mrs. J. Y. Dale, Dr. and Mrs. David Dale, of Bellefonte, and Mrs. S. M. Wetmore, of Florence, South Carolina.

## Christian Activities Conference.

A christian activities conference will be held in each district in Methodism in the early autumn. A "set-up" meeting preparatory to the conference to be held in the Williamsport district, of which Bellefonte is a part, was held on Wednesday of last week in the Grace Methodist church, Williamsport. The meeting was presided over by Rev. J. McK. Reiley, secretary of life service in the Washington area. Others present were Rev. E. C. Keboch, Sunday school efficiency specialist; Rev. Frank M. Kibben, of the young people's work; Dr. Horace Lincoln Jacobs, district superintendent; Mrs. Alexander Scott, of Bellefonte; W. J. Shaeffer, of Jersey Shore; Rev. Robert C. Peters, Williamsport; G. G. Antes, district president of the Epworth League, and Rev. R. S. Oyler, of Williamsport.

It was planned to hold the christian activities conference of the Williamsport district in the Methodist church at Newberry on Tuesday, September 23rd, with sessions morning, afternoon and evening. Bishop W. F. McDowell will be the speaker in the evening and his subject will be "Life Service." Each church in the district is asked to send at least two of its young people as delegates to this conference.

## Mrs. Romans Coming.

What will the Woman's Christian Temperance Union do now that prohibition has been won for the United States? And what is to be done with the money raised for the "Jubilee Fund"? These and other interesting queries will be answered by Mrs. Romans, national W. C. T. U. lecturer, next Sunday night, August 24th, at 7:30 in the Methodist church, Bellefonte. Mrs. Viola Doudna Romans, of Columbus, Ohio, is a lecturer and Chautauqua speaker of note and, as corresponding secretary of the Ohio State W. C. T. U., helped greatly in making that State dry. Every one is urged to hear her Sunday night.
