Henry McWilliams and sister Alice motored to Altoona on Saturday on a business trip and to visit friends.

Rev. Ira E. Fisher and wife motored to Harrisburg early in the week to spend several days with relatives.

Mr. and Mrs. Edward Clark came up from Philadelphia to see Mrs. Clark's mother, Mrs. Mary Wright, who was quite ill but is now improving.

C. H. Meyers, Homer Grubb and J. D. Neidigh are attending the Ohio state fair this week at Columbus, with a view of purchasing some high-grade stock.

J. Sumner Miller and wife motored up from Pleasant Gap on Sunday to see Miss Neda Lytle, who is slowly but surely recovering from a recent operation.

Mrs. Maggie Tate on Wednesday received word of the arrival of a great-grandson in the home of Mr. and Mrs. Ross Guilford, Altoona, and the little chap has been named Jack Pershing.

The Lutheran Sunday school picnic at Pine Hall on Saturday drew only a fair crowd, owing to so many such gatherings throughout the county that day, but the festival in the evening was largely patronized and the sum realized was \$140.00.

A. L. Bowersox, A. S. and Nannie Bailey and Mrs. E. M. Watt enjoyed a motor trip over the Seven mountain route through the Kishacoquillas valley and home via Alexandria and Spruce Creek, a delightful ride that they all thoroughly enjoyed.

W. C. Rider is here from Pittsburgh erecting an addition to his barn, 35x50 feet. Joe Meyers is the builder. This farm has been in the Rider family name for two hundred years and there are enough of the younger generations to assure its staying in the family for many years to come.

Mrs. R. S. Goss, of Manor Hill, with her son Roy Schuyler Goss, are now at the Nittany Inn, State College, helping to take care of Roy S. Goss, who sustained a bad fracture of the leg a few days ago while at his daily work in the Times office. The injury is of such a nature that it will lay him up for some weeks to come.

Mr. and Mrs. Ira Gates, their son Harry and niece, Miss Keister, who motored east from Wineago, Minn., are now visiting friends in this section, the home of Mr. Gates' boyhood days. During his forty years residence in the west he prospered and grew fat and recently sold his farm near Wineago for \$210 an acre, so that he is now living on Easy street.

Mrs. Margaret Moore Sayre and her little daughter came up from Danville for a brief visit with relatives here and at State College. Margaret was one of the "hello" girls in the telephone exchange a few years ago but is now proving the right kind of a wife for her husband on the farm, as in addition to doing her housework she milks ten cows and helps along with the farm work.

Comrade S. B. Miller is arranging to attend the G. A. R. national encampment at Columbus, Ohio, next week. He is a native of the Buckeye State and served his country faithfully and well during the Civil war as a member of the 100th Ohio regiment. He was born within twenty miles of Columbus and during his trip expects to visit his boyhood home, the first time in a number of years, and naturally he is expecting a very pleasant trip.

W. E. Johnson and family and Mr. and Mrs. John Wolf motored to Petersburg on Sunday where twenty-five or more friends gathered at the Harry Scott home to celebrate the home coming of Charles Wilson from over the sea. The young soldier was wounded and gassed at the battle of the Marne. In fact, he was reported among the killed but fortunately this did not prove correct and today he is as lively as ever and has a good job at Akron, Ohio, awaiting his coming.

Quite a few Orvistonians spent Saturday in Howard. Among those from the upper works were Mr. and Mrs. Atwood Wellers and children, Willard, Charles, Milford and Julietta; Mr. and Mrs. Hensyl Young and children, Relda, Harvey, Dorothea and Helen; Miss Anna Deitz, Alexander Hume, Theodore Palumbo, Mr. and Mrs. William Lucas and children, Charles Powell, Gilbert Gillespie, John Bland, Mrs. Amelia Rickard and Sammie Leathers. Many left from the lower works; in fact Orviston was very quiet all day. All report a nice time.

The home friends of Louis N. Hume were more than surprised to learn of his marriage Tuesday, August 19th, to Mrs. Arietta Nelson, of Lock Haven, the ceremony being performed at Williamsport by Rev. Charles Noyes Tyndall, of Christ Protestant Episcopal church. The former Mrs. Nelson has known her new husband since he was a small boy in knee pants, and has always thought him "something extra." Her late husband, Archie Nelson, loved him as a little brother and his last words to Louis' parents was a message of love and regards to the boy who was so soon to take his place. Friends of the happy pair are wishing them all success in their married life, in spite of the difference in their ages. Louis was the second man to enlist in the U. S. service from Orviston; his brother John first, and served all the time he was physically fit, on board the battleship Texas, and is now on the reserve list subject to call any time. We are hoping he may enjoy a lengthy period of wedded happiness before he goes. Mrs. Hume is a splendid looking woman, an excellent cook and home keeper, and is an especial favorite with her boy husband's family.

Medical.

Twice Proven

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Bellefonte evidence—doubly proven.

Mrs. Elmer Yergler, 306 N. Beaver St., Bellefonte, says: "About ten years ago I had kidney trouble in its worst form. My back was so weak that I could hardly crawl around. My kidneys acted very irregularly and I was in constant misery. Dropsical swellings set in. I tried different remedies, but received no benefit. Doan's Kidney Pills were recommended to me and I at once began their use. In a few days the trouble was relieved and I continued their use for about three months. They entirely removed the distressing kidney disorders. My back was strengthened and I had no further trouble with my kidneys. I think Doan's are the best kidney medicines to be had. I recommend them to everyone in need of a kidney medicine." (Statement given April 22, 1914.)

On October 18, 1918, Mrs. Yergler said: "It is a pleasure and a great privilege for me to again speak a good word for Doan's Kidney Pills. Others in my family have since had the same good results from Doan's as I had. I confirm all I said in my former statement."

Billion Turned Over Every Three Days, Report Shows.

Atlantic City.—The latest statistics issued by tobacco syndicates show that America is turning out a billion cigarettes every three days, according to Benjamin N. Duke, at Atlantic City.

"When the so-called Tobacco Trust was dissolved by the government edict in 1911 the American Tobacco company did a gross business of about \$150,000,000 annually," he said. "Since the business was split up into thirteen different corporations, including three snuff companies, the output has expanded to more than \$750,000,000 a year on a capitalization of about \$500,000,000."

Consumption of cigarettes is still increasing all over the world as a result of the war and the free package of smokes.

Many Pay Burial Dues.

Newport, Ky.—Although new "burial associations," are impossible in Ohio, under present laws, they are flourishing in this city and Covington. One association that has its headquarters here has 17,000 members, who pay dues of from five to thirty cents weekly, depending upon the age of the policy holder.

When a policy holder dies the "burial association" has a funeral company to do the embalming and furnish the burial supplies, the hearse and a limited number of carriages. Undertakers state that during the influenza epidemic the "burial associations" prevented many pauper burials.

Land Opened to Entry.

Twenty-four thousand acres of land in the Tahoe National Forest, in California and Nevada, and in La Sal National Forest, Utah, have been restored to the public domain and made subject to entry under the homestead laws on and after August 21, and to settlement and other disposition on and after August 28. Sixteen thousand acres of this land in California and 1,000 acres in Nevada are said to have limited value for grazing. The land in Utah—about 7,000 acres—is in part suitable for dry-farming and partly useful for grazing.

Smart Kid.

An Irish school inspector was examining a class in geography. He had propounded a question regarding longitude and received a correct answer. "And now," he said to the same boy, "what is latitude?"

The youngster hesitated a moment and then with a merry twinkle in his eye, he replied: "Please sir, we have no latitude. The British government won't allow us any."
