Mrs. J. A. Keith attended a family reunion at her parental home at Enosville on Saturday and on her return home was accompanied by her brother James, from Virginia, who will visit his Centre county folks.

Prof. Foster Barr, teacher of the Gatsburg school, recently went under the knife at the Clearfield hospital for the removal of a goiter. He is now convalescing nicely and in the meantime his wife is teaching his school very satisfactorily.

Among those from a distance who attended the Bettie Kimport funeral at Potters Mills on Monday were William F. Smith and wife, of Millheim; D. C. Krebs and wife, of State College; Mrs. Will Wagner and daughter Helen, of Altoona, and Mr. and Mrs. J. A. Fortney, and Mr. and Mrs. E. C. Musser, of Pine Grove Mills.

Everybody who owned a gun or could borrow one was out in the woods after small game on Monday morning. Rev. Wilson P. Ard and Frank Crawford, of Bellefonte, were among the number who tried their luck on Old Tussey. J. B. Kennedy and Jesse Strayer, of Ore Hill, have taken quarters at the Dearthmit home at Gatsburg for a week's hunt in the Barrens.

Two large cars collided on the state road near the McCormick farm in the Glades on Sunday evening. The one car was owned and driven by J. E. Reed, a Penn State student, and it was badly wrecked and had to be towed in. The other car was from Tyrone, but we could not find out the name of the driver. This car was not seriously damaged and the occupants escaped with a good shaking up.

Last Thursday Rev. and Mrs. Brown started for Yeagerstown in their new Reo car and notwithstanding the slippery condition of the roads they got along all right until they reached the Fortney farm near Tusseyville when the steering wheel stuck and the car ran up on the bank and overturned. One of Major Boal's trucks happened along just at the time and they were assisted in righting the car and with a little adjustment it was as good as ever. Rev. and Mrs. Brown were only slightly shaken up and were able to drive home in the car.

A Mere Trifle.

Mrs. Margaret Jones, of Lock Haven, spent a few days at home with her parents, but as she is under the doctor's care had to return Saturday evening, taking her boy with her for a visit.

Mrs. John Hume Sr. left for Lock Haven Monday evening, as her little grandson, Billie Hume-Jones, has to undergo a slight operation at the Lock Haven hospital and she has to be with him, as the little chap relies on her so the doctor deemed her presence necessary.

Mr. and Mrs. Hensyl Young and children, Relda, Harvey, Dorothea and Helen, took a nice trip to Romola on Sunday, where they spent a very pleasant time with Mr. Harvey Young Sr. and family, and with Harry Young and family. They had a pleasant trip, as the weather was mild and sunny.

Edward Johnson, who had his arm hurt about two weeks ago, is still unable to be at his daily work. He was very fortunate that his injury was no worse, as he could have easily had it torn off, if all accounts are true. As it was, he sustained a badly sprained arm. He had been firing the engine that hauls clay from the clay mines, but we did not learn all the particulars. He has suffered quite a lot, we all know, and hope he will soon be able to kick around as jolly as ever.

We are wondering if "Teddy," otherwise William A. Walker, and Alexander Hume, otherwise known as "Scotchey," are going to locate a gold mine on the mountain. Such excuses as the two pals have to crawl over the hills after a big night's work—although "Jigger," otherwise Mr. Wellers, says he has to sing love songs to them to keep them from falling over, dead asleep. Once they went for grapes, and the foxes had beaten them to it, and later they took a trip to find something else in the food line, and I saw them come in empty handed. Believe me, those two have either located a gold mine or another Kimberly, and we will all be getting a look in, as they are not selfish, only in being so quiet. It is a good thing that Alex's mamma and Teddy's wife are patient, or they sure would find out. Any way, they are both temperate so we know they are not mooning. It really must be a gold mine. We are wondering what their next trip will be for, bears, or tigers, or squirrels. Trust them, they'll find a good plausible excuse.

A Bellefonte Interview

MRS. GORDON, BELLEFONTE, TELLS HER EXPERIENCE.

The following brief account of an interview with a Bellefonte woman four years ago, and its sequel, will be read with keen interest by every citizen.

Mrs. J. T. Gordon, 130 E. Beaver St., Bellefonte, says: "I, and another member of my family have found great benefit from the use of Doan's Kidney Pills, which we procured at Parrish's Drug Store. My trouble was a dull, constant backache which kept me in misery at times. Mornings I was so sore and lame I dreaded to begin my housework, for it was a burden. Doan's Kidney Pills, taken according to directions, restored my kidneys to a normal condition. I have had no return of the backache or kidney disorders. This medicine surely has my gratitude for the lasting benefit it brought me." Statement given April 22, 1914).

On October 19, 1918, Mrs. Gordon said: "I gladly confirm my previous statement for Doan's Kidney Pills, as I certainly have found them to be all that is claimed for them. Doan's Kidney Pills cured me, for which I am very thankful." 60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y. 64-42

In Memoriam.—On Thursday of last week our community was thrown into a pall of sadness when word was received of the death of our beloved friend, and formerly S. neighbor, Mrs. Tacy Park, who at the time of her death resided at Peru.

Mrs. Park was the youngest daughter of Mr. and Mrs. James Lucas, of this place; her father preceded her to the grave two years ago. She was 30 years and 16 days old, and was married to Mr. James Park, of Snow Shoe, nine years ago. They lived a devoted and happy life, always kind and congenial with those with whom they came in contact. She was converted when a young girl and was a faithful Sabbath school worker until her duties which often detain mother in the home, hindered her, yet always displaying a most beautiful christian character. She was born and reared in this place and was dearly loved by all who knew her.

She leaves to mourn their loss her husband, three small children. James Jr., aged 7; Robert, aged 5, and Mildred, aged 3, and was buried with her infant babe in her arms. Two infant babes preceded her. She is also survived by her mother, one brother, Claude A. Lucas, of Snow Shoe, and one sister, Mrs. Ella Houseman, of Altoona, as well as a host of friends who are grief stricken over her early demise. The funeral took place from her late home on Sunday morning at 10 o'clock, her pastor, Rev. J. C. Erb, officiating, and her remains were laid to rest in the Advent cemetery.

Will Have Supplies Cut.

New York.—Candy manufacturers, soda fountains and other non-essential users of sugar will have their supplies cut to one-half the amounts they received last year when the distribution committee of the United States sugar equalization board meets here.

Plans for putting into effect the return of war-time distribution decided upon by the committee at a meeting last week in order to relieve the present sugar shortage will be worked out at the meeting, and it was said by a member of the committee that heavy cuts in the supplies for confectioners are absolutely necessary in order to supply household needs.

Government records on distribution in 1918 will be used as the basis for distribution during the remaining

months of the year. Soft drink manufacturers and confectioners, for instance, who were allotted 500 barrels of sugar a month during October, November and December, 1918, will be given half that amount during those months this year. It is possible, it is said, that it may be necessary to make the allotments even smaller than 50 per cent.

"We are going to look out first for the individual householder," a member of the committee said. After his wants have been satisfied, if there is any sugar left, we propose to distribute it on the basis of last year's distribution. Bakers will be given 70 per cent. of the amount furnished them last year; confectioners will get 50 per cent. and other non-essential users will get somewhere between 25 per cent. and 50 per cent.

Increased Production is the only remedy for high prices. During the five years of war production of necessities decreased while consumption increased. The world is disturbed by these extraordinary conditions, and the only remedy is more work—increased production.
