

The County Commissioners are now distributing the ballots for use at next Tuesday's election.

The official opening and housewarming of the House of Lords, at its new location on Muncy mountain, will take place today.

A letter box has finally been attached to one of the side doors of the postoffice where letters can be dropped in at night after the office has been closed.

The thimble bee of the ladies of the Reformed church will be held Friday afternoon, this week, at the home of Mrs. E. E. Ardery, on Reynolds avenue.

The ladies of the Lutheran church will give a chicken and waffle supper in the basement of the church, Thursday evening, November 6th, serving to begin at five o'clock. Tickets will sell for seventy-five cents, the proceeds to be for the benefit of the church.

"The Right to Happiness" is the name of the big motion picture featuring that inimitable film actress, Dorothy Phillips, which will be shown at the Scenic Theatre and Friday nights of next week. By many it is said to be a better picture than "Hearts of Humanity." Matinees both days. Don't fail to see it.

Tickets for ex-President William H. Taft's lecture at State College on the evening of November 22nd will range in price from 25 cents to \$1.00, and will be on sale next week at the Athletic store, State College. The ex-President has been requested to speak on the topic of the League of Nations, and so far as now known, will do so.

A Centre county farmer who tried to sell several hogs in Bellefonte last week avers that the best offer he could get was fifteen cents a pound dressed, and he didn't sell the hogs. Assuming the farmer's story to be true it would indicate that the wholesale price of meats is coming down, but no one would suspect it from the retail prices charged the consumer.

Lieut. R. D. Coble, a former member of the French aviation service, did not deliver his lecture, "Paris to Versailles," in the court house on Wednesday night for the benefit of the Bellefonte Camp of the American Legion, but it was not the Lieutenant's fault. He came to Bellefonte as per schedule but whoever had the arrangements for the lecture in charge failed to make the necessary preparations for same and the result was the court house was not opened and there was no place in which the Lieutenant could deliver his lecture.

At the election next Tuesday the people of Rush township will vote on a proposed bond issue of \$20,000 for the purpose of erecting a centrally located high school building. No school facilities that can be given the boys and girls these days can be too good for them; and that is the principal argument in favor of the loan. While the question is one that concerns the people of Rush township alone, yet we feel sure that they all have the best interests of their children at heart, and in no way can they show this more thoroughly than in providing for them the best schooling facilities possible.

There are some people in Centre county who have all kinds of faith in the fact that something will yet turn up to prevent prohibition from becoming effective, as two applications have already been filed for liquor licenses next year. Under the Brooks high license law such applications must be filed not less than twenty-one days before the date of license court, which is about November 15th, but with total prohibition by next January almost a positive certainty there naturally is considerable curiosity as to why a present holder of liquor license should wish to secure a license for next year.

Harpster-Jolloss.—Anthony Chas. Harpster, of Bellefonte, and Miss Helen Mae Jolloss, of Renovo, journeyed to Williamsport last Friday where they were united in marriage at the parsonage of the Pine street Methodist church. In the absence of Rev. B. H. Hart, the Methodist pastor, Rev. C. E. Granger, of the Presbyterian Church of the Covenant, performed the ceremony. For the present Mr. and Mrs. Harpster will reside at Renovo.

MILESBERG BAPTIST CHURCH.  
Rev. Joseph P. Thomas, the new pastor of the Milesburg Baptist church will begin his labors there on Sunday morning, Nov. 2nd, when services will be held at 11 o'clock. Rev. Thomas comes to Milesburg from Hunlock's Creek.

Prohibition Now the Law.

Washington, Oct. 28.—Prohibition is now the law of the land in its most drastic form, for the Senate today voted to override President Wilson's veto of the prohibition enforcement Act. The vote was 65 to 20, or eight votes more than were needed. As the House had already hastened last night, to reject the veto, the bill now becomes a law and the sale of any beverage containing more than one-half of one per cent. of alcohol is a crime against the majesty of the government of the United States.

It will remain a crime, punishable by drastic penalty, until the Senate ratifies the treaty with Germany and a covenant of the League of Nations. It was announced at the White House today that as soon as the treaty is ratified President Wilson will issue a proclamation declaring that the war is over and that the demobilization of the army is completed.

When the President issues the proclamation above referred to it will mean a brief wet spell for the country, or until January 26th, 1920, when the constitutional prohibition will become operative.

To Get the Victory Buttons.

Every Centre county soldier who served in the world war is entitled to a victory button and should make application for same so that he will have it as a memento of the part he played in the great struggle. The original ruling of the War Department required soldiers to send in their discharge papers with their application for a button, but this ruling has now been changed and a duplicate certificate of discharge can be sent.

Attorney S. Kline Woodring, of Bellefonte, acting for the Red Cross, has received a supply of blank certificates and soldiers can get same by applying to him at his office in Crider's Exchange. These blanks will be supplied to soldiers as long as the supply lasts, so that in order to be sure of getting one application should be made at once.

—Vote for James E. Harter for Treasurer.

While playing the part of a "looker-on" to State-Centre Electric company men cutting down a tree near the High school building, last Thursday, janitor Thomas Morgan had his left eye badly injured by a splinter of steel flying into it from a hatchet the men were using to pound a wedge into the tree. The injured eye is now improving and the doctor has hopes of saving the sight.
