James Kline accompanied the remains of Thomas Wagner, the young man who met his death as the result of being scalded at the Kline saw mill, to Snyder county last week where burial was made in the cemetery near his old home.

Our health officer is housed up, suffering with a bealed jaw, he having caught cold after having a tooth extracted. W. K. Corl and N. O. Dreibleis are also on the sick list, while Paul Wrigley, the little son of Mr. and Mrs. Paul Wrigley, who has been very ill, is now improving slowly.

Last Thursday evening several sled loads of jolly youngsters halted at the E. T. Parsons home where they spent a most delightful evening with various games, music and an abundance of refreshments, furnished in part by Mrs. Parsons, who is quite noted for her culinary accomplishments.

Old Boreas has been busy with his blower, piling up the snow and blockading the roads throughout this section. It required the services of six shovelers almost three hours to open the road sufficiently on Monday to transport the mails by sled between Pine Grove Mills and State College. As to automobiles, they are all parked away with care in this section at the present time.

For fourteen consecutive years Hon. John T. McCormick, of State College, was president of the town council of that borough, retiring on Monday evening and in recognition of his many years of faithful service the members of council at its regular session that evening presented him with a beautiful loving cup. The gift came as a surprise to Mr. McCormick, but he very graciously thanked the donors for that expression of their appreciation of his efforts to do his duty under any and all circumstances.

On Monday J. F. Kimpport took a drive in his sleigh and in turning out for an automobile the sleigh upset and he was dragged quite a distance before he could get his horse stopped. The auto party promptly stopped and went to his rescue, helping him get things in shape so that he could continue his journey. Aside from a little shaking up Mr. Kimpport was none the worse for his adventure.

NITTANY.

Received too late for publication last week. A chicken and waffle supper was held at the lunch room at Nittany on Saturday evening last, by the ladies of the Evangelical church. Proceeds for the benefit of the church. A goodly number were in attendance and quite a substantial sum was realized.

Farmers and others who expect to move in the spring, are making use of the snow to haul implements and grain on the snow, the roads being in good shape for hauling with sleds. Harry Stover has filled his ice house on the farm he bought some time ago, and others are putting up ice for summer use. The ice crop is pretty good and does not show the effect of the H. C. L.

Communion services were held in St. Mark's church, Snydertown, on Sunday, January 11th. A goodly number were in attendance. The pastor, Rev. Shultz, gave a short talk on the duties and requirements of a truly christian life, in place of a regular sermon, which created a more lasting impression than many a long sermon, and gave evidence of prayerful thought on the part of the pastor.

Miss Miriam Beck has been entertaining her friend, Miss Sara Stevenson, of Waddle, during the past week. Miss Stevenson is a graduate of the Altoona hospital and has been nursing in the various government hospitals the past few years, having been at Plattsburg for some time. At present she is assigned to the convalescent Camp at Asheville, North Carolina, to which place she will return after her vacation is over. MEDICAL.

Act Quickly

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger, Doan's Kidney Pills are most effective.

Plenty of Bellefonte evidence of their worth. Mrs. Elmer Yerger, 306 N. Beaver St., Bellefonte, says: "About ten years ago I had kidney trouble in its worst form. My back was so weak I could hardly get around. My kidneys acted very irregularly and I was in constant misery. Dropsical swellings set in. I tried different remedies but received no benefit. Doan's Kidney Pills were recommended to me and I at once began their use. In a few days the trouble was relieved and I continued their use for about three months. They entirely removed the distressing kidney disorders. My back was strengthened and I had no further trouble with my kidneys. I think Doan's are the best kidney medicine to be had." (Statement given April 22nd, 1914).

On October 18, 1918, Mrs. Yerger said: "It is a pleasure and a great privilege for me to again speak a good word for Doan's Kidney Pills. Others in my family have since had the same good results from Doan's as I had. I confirm all I said in my former statement."

Lieut. John Hume and brother, Robert Hume, of Falconer, N. Y., blew into town Monday morning, after calling on their Lock Haven relatives.

Chief of police, James M. Hume made a flying trip from West Bridge-water, killing two birds with one stone. He came to see his sister, Mrs. L. E. MacDonald, who is very ill in Lock Haven, and called over for his daughter, Miss Florence Hume, who has been visiting her grandfather, John Hume, of Orviston.

Sled riding behind the school house has a peculiar fascination for the kids of Orviston, notwithstanding the fact that it is a dangerous slide, and many have been hurt. Those to date are Hazel Poorman, Jim DeLong, Sam Leathers and Torrance Barner. Little Hazel got the worst, being in the Lock Haven hospital a week. Torrance Barner has a badly bunged up face as a result of his injuries, and it was a miracle he escaped death. Several others are nursing minor injuries, caused by their journey down the "fatal slide."

Miss Thelma Nelson was pleasantly surprised at the home of her parents, Mr. and Mrs. Bion Nelson, on Friday evening, by a number of her young friends, the occasion being in honor of her fourteenth birthday. Out of accumulated capital have arisen all the successes of industry and applied science, all the comforts and ameliorations of the common lot. Upon it the world must depend for the process of reconstruction in which all have to share. —JAMES J. HILL.

The Successful Farmer Raises Bigger Crops

and cuts down costs by investment in labor-saving machinery.

Good prices for the farmers' crops encourage new investment, more production and greater prosperity.

But the success of agriculture depends on the growth of railroads—the modern beasts of burden that haul the crops to the world's markets.

The railroads—like the farms—increase their output and cut down unit costs by the constant investment of new capital.

With fair prices for the work they do, the railroads are able to attract new capital for expanding their facilities.

Rates high enough to yield a fair return will insure railroad growth, and prevent costly traffic congestion, which invariably results in poorer service at higher cost.

National wealth can increase only as our railroads grow.

Poor railroad service is dear at any price. No growing country can long pay the price of inadequate transportation facilities.
