Mrs. Lunger Wion and her daughter Mame were visitors at the John T. Noll home, at Pleasan Gap, a few days ago, and incidentally called on a number of their intimate friends during their brief visit here. Apparently they enjoyed their hurried calls immensely. They have many friends here who are always delighted when they make their periodical calls.

While most of the roads and thoroughfares of the county have been snow-bound for the past six weeks, at thereby inconveniencing the traveling public to a distressing extent, we were highly favored, thanks to the western penitentiary management, who came to the rescue with a force of men who, with six horses and their immense snow scraper very generously opened up our road from here to Bellefonte.

There is a good living here for a young man who could manage from Cato to Monument easily, but the people seem to be very slack on this very important question. It is really wonderful now-a-days to read our city papers. The news in them can confuse anyone. There are many conflicting opinions the same as there are conflicting prices, to illustrate to you as follows: We are offering a Cotton Blanket, and this is double, too, size of which is 64x76 inches, the colors are tan and gray with border to match, for \$2.98; that a great many concerns are blowing their horn about, when they sell for \$3.50 a pair. The only reason we can attribute this to is that early last year we got in a case of these goods, when the market value was at least 20 per cent. lower than the same goods are quoted today. To us it looks as though the market on cotton goods was not going to be any lower; if anything. unless we miss our guess, you'll see prices higher for all kinds of mer-

We were for some time out of Ladies' Black Cotton Hose, to sell for 25 cents a pair. We now have them again in all sizes, and the way they are selling it will not be long before we are out again.

You'd be surprised to see the kind of Men's Dress Shirts we sell at \$2.00 each genuine percale, cuffs attached, neckband style, sizes 14 to 19. The manufacturer today is asking \$24.00 a dozen for them. Of course we didn't buy any at that price, but we can't tell how soon we will be forced into the market for these goods. At any rate our stock on hand is sufficient to care for our needs for some time, and we would say this to you that if you are going to need any shirts at all this year, better look into the matter soon. The selection that we can show you at this time is as big as any store in the

This offer is good in every one of our departments excepting Victrola and Grocery Department. Please remember this, that under no circumstances will we allow cash discount of 5 per cent. unless you cut out this ad. and present same when making your purchase.
