The buildings were purchased from Rev. Sylvester Beach and the price paid \$700.

You will find that a good dose of motion pictures such as are shown at the Scenic will prove a panacea for most of your worries and discouragements of the day. They will drive away the blues and put you in shape to enjoy a good night's rest. Try them.

—Last Saturday afternoon while Landlord H. S. Ray was out of the office at the Brockerhoff house some unknown individual quietly walked into the place and unlocking the safe stole fifty dollars in cash. On Tuesday a young man was arrested charged with the theft but there being no evidence against him he was discharged.

—On Monday morning a draft of three loaded freight cars on which the brakes became loosened broke away from the plant of the Centre County Lime company and ran down the main line of the Bellefonte Central railroad to near the office of the American Lime & Stone company where they crashed into a draft of five cars which had just been shifted in onto the track. Three of the cars were demolished and it took most of the day to clean up the wreck.

—The Rehabilitation club, of State College, composed of wounded and gassed soldiers, will give a minstrel show in the Garman opera house on Saturday evening, March 27th. The show will be given for the benefit of the Brooks-Doll Post, No. 133, American Legion, and as the cause is a worthy one every man and woman in Bellefonte should remember the date and make it their business to be there. The Rehabilitation club will give an entertainment worth seeing.

—A Mr. Robinson, of Mercer county, will be Mr. F. H. Olmstead's successor as farm agent of Centre county when the latter leaves Bellefonte the latter part of the month to go into partnership with his father farming in Susquehanna county. Mr. Robinson has been engaged in farming in Mercer county, hence will come to Centre county with practical as well as theoretical knowledge of the work before him. He is expected in Bellefonte this week to consult with Mr. Olmstead in regard to the work in Centre county.

—Luther Smith has purchased from the heirs the Alexander farm on the side of the mountain above Sunnyside and will take possession on April first. The farm was the property of the son and daughter of Mr. Elmer C. Straub, and had been farmed by Mr. Straub since Mr. Alexander's death. The sale to Mr. Smith included the farm and all of Mr. Straub's stock and farming implements. The purchase price was six thousand dollars. When Mr. Smith takes possession of the farm on April first Mr. Straub and family will move into the home in Bellefonte vacated by the Smiths.

—W. Frank Bradford, station agent at Centre Hall, has been off duty the past several weeks on account of sickness but is now improving and has hopes of soon again being on the job. Mr. Bradford has been station agent at Centre Hall for thirty-six years, or ever since the opening of the Lewisburg and Tyrone railroad to that place, and this is the first time he was off duty on account of illness. In fact his railroad career antedates his service at Centre Hall as he was agent at Paddy Mountain when the eastern end of the Lewisburg and Tyrone road was opened from Montandon to Spring Mills.

—Mr. H. N. Meyer, former clerk to the County Commissioners, has severed his connection with the Krader Motor company and accepted the position of district agent for the Mutual Life Insurance company, of New York. Prior to accepting the appointment as commissioner's clerk Mr. Meyer was an agent for the Mutual Life and the offer they now made him was such an advantageous one that he could not turn it down. His district comprises a number of counties in this section of the State and while he will be obliged to do considerable traveling around he will continue to make Bellefonte his home.

**LATEST ON THE SILK MILL.**

**No Truth in Rumor that Bellefonte Plant will Not be Built.**

Stories have been rampant in Bellefonte the past several weeks that the silk mill proposition has exploded and that the company has accepted a better offer to locate elsewhere. How much truth there is can be judged from the following statement given out by Robert F. Hunter on Wednesday, and as he has been one of the leading men interested in securing this industry for Bellefonte any statement given by him can be regarded as authoritative. Mr. Hunter says:

"There seems to be a persistent rumor in Bellefonte and vicinity to the effect that the J. H. and C. K. Eagle Silk Co. has abandoned its purpose to locate a plant in Bellefonte. Whatever the source of these rumors they are no doubt accentuated by the apparent delay in any visible activity in the matter on the part of the Eagle company.

"This delay has been occasioned by some difficulty in plotting the first building unit and providing room for a second unit on the ground originally selected, without making a very radical change in their standard plan of construction to provide a northern

light. On this account the board of managers secured an extension of the option for the ground to allow the general manager, J. G. Brown, time to return from Florida to approve their plans and recommendations.

"The writer has been in touch with the management all along, and as late as Wednesday of this week was assured by Mr. Hill, assistant secretary, that the company fully expect to locate in Bellefonte, and that the cause of the delay is as above stated; that the Eagle company is much pleased with the outlook for a successful business at Bellefonte; that they have been much impressed with the spirit of active co-operation and speedy work of the business men of Bellefonte in helping them to get their requirement.

"The rumors referred to have had the effect of slowing up to some extent requests on the labor coupons for positions. Public attention is here called to the fact that these coupons will be published from time to time in the Bellefonte papers. They should be cut out, filled in and mailed without delay to Charles Schlow, secretary of the Business Men's association, Bellefonte. All applications will be considered in the order in which they are received, so get yours in early."

**Clayt Brown Takes Management of the Opera House.**

T. Clayton Brown, so well known in Bellefonte as the enterprising manager of the Scenic theatre, took possession of the Garman opera house on Monday under the terms of his three year lease. He has been at work this week making some of the most useful improvements and changes and anticipates continuing the work until he gets the building fixed to his liking. The first regular show that will appear there under his management will be Pollyanna, next Monday evening. Several other bookings have also been made. Mr. Brown will gradually install his motion picture equipment removed from the Lyric and when this is complete he anticipates running movie shows at the opera house every Saturday night and when the business will warrant it one or two other nights during the week, but will not allow them to conflict with his regular shows.

**Bellefonte and Huntingdon Win and Lose.**

Last Friday evening the Bellefonte High school basketball team split the honors of the evening with the Huntingdon teams on the armory floor. The Bellefonte girls lost by the score of 19 to 7, but the boys added another victory to their already long score by defeating the Huntingdon boys 40 to 20. The first half ended with Bellefonte leading by the narrow margin of two points—21 to 19, but in the second half the boys found their stride as is shown by the final score. The Huntingdon boys succeeded in getting only one point while the local quintette piled up nineteen.

This (Friday) evening another double-header will be played on the armory floor with the Tyrone High school teams. The boys' game will probably decide the championship of the Mountain High School league. The girls game, which will be played first, will start at 7:30 o'clock. Go and see both games. Admission, 35 cents.

**Voluntary Appreciation.**

Dear "Watchman":  
Said a fellow to me the other day as he picked up a copy of "you" (meaning Watchman):  
"I do like this dear old "Watchman." I do think it is the best edited, the most neatly printed and the best local newspaper in the State."

Said we to him, "the clerks agree in their tally." I have been a subscriber to your paper for more than sixty years and I can heartily endorse his diagnosis.

**AN OLD SUBSCRIBER.**

—Pilot Stevens on Tuesday undertook to fly a Martin bomber from New York to Cleveland, Ohio, intending to stop in Bellefonte, but was compelled to come down in Mifflinburg, owing to a little motor trouble and a low supply of oil and gas. Pilot Lewis flew to Mifflinburg and brought his load of mail to Bellefonte for transfer to the Cleveland plane. The Martin bomber was being taken through for use between Cleveland and Chicago.

—When Gottlieb Haag was alive it was his great delight to have the earliest garden in Bellefonte, but if he were living now he would have to go some to beat Dr. Kilpatrick, who, it is said, has beets, lettuce, radishes, cabbage, etc., three inches tall. Of course the doctor's gardening so far has been done indoors.

—Landlord H. S. Ray has re-established his table at the Brockerhoff house, beginning on Sunday morning, and hereafter will serve meals as formerly.

—Don't fail to see Blanche Sweet in "The Unpardonable Sin," at the Scenic theatre next Monday and Tuesday evenings. It is a remarkable picture and everybody should take advantage of this opportunity to see it.

—Sunday will be a day of unusual interest in the Bellefonte Methodist church. At the morning service a large class will be received into membership. Some very excellent musical numbers will be a feature of the evening service.

—Thomas D. Gray, a well known Ferguson township farmer but who the past twelve years has operated a large farm and dairy near Bloomsburg, has sold out his possessions there and last week moved to State College where he and his wife will retire from the active duties of farm life.

—The annual football dance of the Bellefonte Academy will be held in the armory this evening after the High school basketball games. The well known Sourbeer-Meyers orchestra, of Harrisburg, will furnish the music, which assures a very attractive program. If you don't want to dance go to the armory and hear the music.

—Beginning Monday, March first, four aerial mail pilots have been assigned to make their headquarters in Bellefonte. They are pilots Lewis and Robinson, who will fly between Bellefonte and New York, and pilots Krader and Ellis, flying between Bellefonte and Cleveland. These four pilots will alternate in flights with the pilots who make their headquarters in New York and Cleveland.

—Tuesday was moving day for W. C. Cassidy and family and Jacob Smith and family, the former moving into the Satterfield house on Bishop street occupied by the latter, while Mr. Smith and family moved into the house on Spring street occupied by the Cassidys, so that it was just a change of residences, the change being made because Mr. Smith purchased the Spring street home. Prior to moving in he had it equipped with a pipeless furnace, which will add very much to the comfort of their new home.

—A representative of the Pennsylvania railroad company was in Bellefonte on Monday and with the assistance of a man deputized from the postoffice by postmaster P. H. Gherity again measured the distance between the postoffice and the railroad depot in order to ascertain just who is responsible for the delivery of the mail between the railroad and the postoffice. But the measurement showed practically no difference in the distance from the several times it was measured previous to this, and no amount of figuring has yet been able to change the fact that it is up to the railroad company to transport the mail.

—Musser-Knisely.—W. Lester Musser, a son of Mr. and Mrs. William J. Musser, of east Lamb street, and Miss Catharine Knisely, a daughter of Mr. and Mrs. Jacob Knisely, also of Bellefonte, were married on Tuesday last week at the home of the bride's sister, Mrs. Wilbur Wilson, in Johnstown. After honeymooning a few days they returned to Bellefonte the latter part of the week.

**Clyde Swartz Purchased the James D. Seibert Machine Shop.**

Practically all of his time being taken up with his duties as borough manager James D. Seibert on Tuesday morning sold his machine shop on Railroad street to his nephew, Clyde Swartz, of Walker township. Mr. Swartz learned his trade with Mr. Seibert and has been his able assistant for some years. He is an expert workman in both general machine and automobile work and will no doubt keep the reputation of the shop up to its former high standard.

Mr. Swartz is a fair specimen of what any young man can make of himself by the right kind of stick-to-itiveness and generalizing in all kinds of machine work. Instead of keeping to just one line of work he learned the business from the floor up and the result is he is now able to take over the plant and conduct it for himself. And having learned the work under Mr. Seibert is something very much to his credit.

As evidence of the latter assertion take Mr. Swartz's brother Guy, who also learned his trade with Mr. Seibert. He is now superintendent of a large factory in Cleveland, Ohio, and drawing a salary of \$8,000 a year. James Markle, another of Mr. Seibert's old apprentices, now holds a splendid position with the Westinghouse company at a large salary. And still another one is Russell Gray, who used to live on Molasses Hill, near Milesburg. He learned his trade with Mr. Seibert and now is superintendent of the Timkin Axle factory at Detroit, Mich.

All these are very good examples of what a young man can make of himself in any line of work if he has the patience and persistence to stick until he has thoroughly mastered his trade. But he must master it in all its details and not specialize in just one thing.

—"Pollyanna" is coming to the opera house on Monday evening, March 8th. Hundreds of thousands have read Eleanor H. Porter's joyously optimistic glad-girl stories, now blended into a buoyantly joyous comedy by Catherine Chisholm Cushing, who is an expert and popular dramatist, at her of successful plays for May Irwin, Henriette Crossman and Billie Burke. Pollyanna is an orphan child, who humanizes all sorts of gloomy, despondent persons by sheer force of magnetic personality, quaint expressions and happy example. It is a play to be seen without embarrassment, and its appeal is equally strong to the young and the mature.

Comedy, sentiment, romance and a thrill of the dramatic are blended in "Pollyanna." Lolita Westman, a fascinating young comedienne, is the glad-girl at twelve and seventeen. Others are Pacie Ripple, Jas. Kyle Macurdy, Kate Woods-Fiske, Augusta Durgeon, Peter W. Maguire, Lambert Terry, William Day and others. If this is really a Klaw and Erlinger production, as announced, it will probably be one of the finest attractions Bellefonte has had in years.

—By actual count over one hundred and sixty public sales of farm stock and implements will be held in Centre county this spring. Also by actual count the stock will aggregate over 700 horses, 1900 head of cattle, 1600 hogs and pigs, 400 sheep, about two dozen mules and an unknown number of chickens. Every man who has attended the few public sales held so far knows the big prices all kinds of stock have been bringing, hence he can figure out for himself the aggregate value of the stock that will be offered for sale in Centre county this spring. And the stock will represent only about half the value of the public sales, as the farm implements and household furniture also figure in pretty high prices. A careful computation, therefore, will show that in the neighborhood of a half million dollar's worth of farming property will change hands on or before the first of April. Just how much of this big amount will be in cash is of course unknown, but it is quite probable that not less than one-third of it will be cash in hand and the balance in the customary sale notes. From this it will be seen that there will be considerable changing around in bank accounts, but at that it will mostly be a matter of book-keeping.

—Work was started this week on the development of four hundred acres of coal land in Rush township, underlaid with the "B" vein. The openings to the mine will be made in South Phillipsburg borough and if developments bear out the assurances of the prospectors Phillipsburgers will have one of the biggest coal mines ever opened in that section virtually at their back doors.

—Miss Blanche Houser was the victim of a hard fall on the ice just above the Centre County bank, on Spring street Saturday evening. Fortunately she suffered no serious consequences. Only a short time before she fell George R. Meek got a tumble at the same place and candidly admits that he saw more stars than he ever saw before.

—And now the powers behind the Sugar trust are predicting sixteen cent sugar in the near future. This should be good news to the housewife who is now paying from 21 to 24 cents a pound for it, but it is not very promising for an unusual amount of canning and preserving the coming summer.

—The American Legion will hold a meeting on Monday evening, March 8th, in the grand jury room at the court house. Every world war soldier is invited.

Shortly after one o'clock on Wednesday afternoon the house on the little farm occupied by Mr. and Mrs. Henry Sents, southwest of Lemont, caught fire and burned to the ground, with all its contents of household furniture. Mr. Sents is a bricklayer and was away from home at the time, so that there was nobody at home but Mrs. Sents and her little girl. As the house stands some distance from other homes in that locality the flames had gained such headway by the time help arrived that it was impossible to save the house and very little of the contents. The loss on house and furniture is estimated at \$2,500, with no insurance.
