

PLEASANT GAP.

Received too late for last week's issue.

William Bilger Jr., after a brief visit to his parents here, has returned to Pittsburgh.

Miss Mary Hile is visiting with her friends, Mr. and Mrs. Milton Kunes, of Blanchard.

Miss Edith Neerman is spending a few weeks with her sister, Mrs. Grove, at Tyrone.

H. H. Hoy has moved from the Thomas Jodon farm to Pleasant Gap and is again working at Whiterock.

A kitchen shower was held Wednesday evening for Mrs. Lee Sampsel. A most enjoyable time was the result.

The Misses Anna Corman and Ella Wagner, of Oak Hall, spent the week-end with Mr. and Mrs. Frank Reish.

John T. Noll, our artistic painter, left on Saturday last for Woodlawn, to visit relatives, and incidentally, look after some business interests.

S. M. Hutton has returned from Franklin, New Hampshire, and is busily engaged in getting matters in shape for the resumption of our knitting mills, the wheels of which are expected to turn in a week hence.

Some of the Gap employees at the penitentiary, owing to the drifted roads, had to abandon their cars and are now walking to and from their work. They say the experience is embarrassing, but they have to grin and bear it.

One of our bachelors says that he has the means necessary to keep a wife in good style, and is probably of an disagreeable disposition as most bachelors of his type are, yet he is not sure that getting married would not spoil his present comfort, besides making some woman unhappy.

Mrs. Ida Houser took a run to Bellefonte a week ago and while there had the misfortune to fall on the icy pavement and fracture two ribs. She returned home on the first bus and has since been confined to her rooms, but is convalescing nicely, and it is to be hoped that she will be herself again at an early date.

O. M. Loneberger, of the Loneberger farm on the mountain, a short distance from the Gap, has a large shed addition to his barn. The constant fall of snow became too weighty for the structure and a few days ago it collapsed, causing considerable damage. Mr. Loneberger's new sleigh was completely demolished, and besides, considerable damage was done to farm implements stored in the shed.

The Noll Bros. have rented their Pleasant Gap hotel to Mrs. John Meyers. The new landlady will no doubt make a success of her new venture, since she is an excellent cook, and well qualified to conduct a hotel successfully. The new state road management who expect to begin operations as soon as the weather conditions will permit, have booked fifteen regular boarders for the new enterprise. This being the only hotel between Bellefonte and Centre Hall, it will no doubt attract considerable transient trade; sufficient to make this a paying venture.

Our abandoned knitting mill will again resume operations within ten or fifteen days. The new machinery was shipped from Philadelphia a week ago. The new firm is quite extensively engaged in the knitting industry, and have quite a number of mills in successful operation throughout the country. This is not an experiment but a substantial reality. Our former knitting mill superintendent, Mr. Hutton, whose family still resides here, is expected here in a few days, having been re-employed as superintendent. Ten girls will be employed as soon as the machinery arrives and the mill is placed in operation. The new firm expect to double the capacity in the near future.

If you don't want to marry, or have an attack of heart disease, keep clear of regular company. Go into society as much as you please, have all the fun you can, but beware of entangling alliances. An innocent flirtation often leads to serious complications, and at very best it is unprofitable. It often happens that a young man often finds his girl is in love while he is only in fun. He regrets that she is taking it so seriously, but lacks the courage to talk with her plainly on the subject, and in the fond hope that she may outgrow it, he allows her to drift on and on until at last he is compelled to abandon her abruptly or marry her. If he is tender hearted and does not want to make her miserable for a time, he marries her—and makes her miserable for all time. When a cool-headed woman sets herself to entrap a man she is very apt to succeed, especially if she is nearing that age when ladies object to leaving the family record where every Tom, Dick and Harry can get at it. She may love him and she may not. If she does not she will probably tie him with her apron string, and go on striving to catch one who suits her better. You may be sure she will not let her prisoner loose until after she has entrapped another man to her liking. She is not to blame for trying to get a lover to her taste, but it is not exactly right for her to keep a poor fish on the trot-line until it is starved and worn out, and then throw it back into the stream again when she gets another. These ambitious creatures are foxey and require watching.

HUBLERSBURG.

Received too late for last week's issue.

Miss Margaret Weaver made a business trip to Tylersville one day last week.

Not much doing in this community at present but shoveling snow and attending sales.

Mrs. William Cleveland Sr., of Zion, was the guest of Mrs. James Carner recently.

Rev. Faust made a business trip to Bellefonte last Thursday, while Mrs.

Faust and little Charles Henry spent the day at the home of Mrs. Jacob Crow.

The public sales are being well attended in this community, regardless of cold weather.

Mrs. D. A. Deitrick, after spending some time at Axe Mann, has returned to her home in this place.

Snow, snow, and then comes the blow. People living along the state road between Bellefonte and Lock Haven will soon be accustomed to getting along without mail or bus conveniences. It has almost been a weekly occurrence for some time to have a little snow followed by a little blow, which made it impossible for any one to travel. But let us remember there is no use finding fault with the weather man. He understands his business and knows just what he is doing.

The only kind of job work we do is good job work.

BOALSBURG.

The Lillian Johnson Concert company was well received on Wednesday evening.

Mrs. Porter, of Altoona, was a week-end guest at the home of James M. Ross.

Mrs. John Traxler visited at the home of Henry Reitz on Tuesday and Wednesday.

Mrs. Sara Meyer, of Centre Hall, visited friends in town from Thursday until Monday.

Mr. and Mrs. Philip Baker and Mr. and Mrs. Stanley Baker, of Elmira, N. Y., spent several days with their sister, Mrs. J. W. Keller.

Mrs. Israel Reitz and Mrs. Fred Reitz spent Friday at State College. The high school will give a play in Boal hall on Saturday evening, March 20th.

Arthur Kline, of Altoona, was in town on Tuesday to arrange for the burial of his mother, Mrs. John Kline,

of Centre Mills. The body will be brought to Boalsburg on Saturday morning and interred made in the Lutheran and Reformed cemetery.

Pennsylvania must pay its own way!

In any well managed business, if a branch is losing money, one of two things must be done—

- Make adjustments so that the department will be self-supporting, or
- Close up that end of the business.

Bell telephone operations in Pennsylvania are yielding no profits.

Certain units of the Bell System in other states have been granted increases in rates which make it possible for them to meet their expenses.

Today, Pennsylvania is not in that class and we in Pennsylvania cannot ask other states to shoulder our responsibilities. We must face our own problems.

In Pennsylvania right now, we are not making ends meet.

We have our own bills, our own payrolls, our own dividends to pay. We can't ask other states to pay them.

We must have increased rates in Pennsylvania or the service cannot be kept up.

The Bell Telephone Company of Pennsylvania

BUILT like a wagon. Solid bottom bed with heavy cross pieces, and supported by full width of sides. Front and rear wheels track. Axles coupled together with angle steel reach; coupled short, dividing load between front and rear axle. Wide-tired wheels. No moving parts on rear axle. Axle not used as a bearing for gears to run on. Chain-Driven Exclusively. Positively not a worm or cog gear on the machine. No clutch. Operated by only two levers. The lightest, easiest running and most practical Spreader.

Just received a carload of Conklin Wagons. All sizes and for all purposes. 62-47

Dubbs' Implement and Seed Store.

YOU can't name an investment that will pay you half as much as the immediate purchase of either your Spring or Fall Clothing needs.

You can start a nice bank account on what you will save here.

Bellefonte Trust Company
Bellefonte, Pa.

Why You Should Make a Will

To protect your loved ones.
To safeguard your estate.
By making a Will you can appoint the Bellefonte Trust Company as your Executor or Trustee.
You can thus assure to your heirs the business management and financial responsibility which this institution affords.
Your wishes can be observed in the distribution of your property, for if you do not leave a Will the law may divide up your possessions in a way that you might not desire.

How Have You Made Your Will?

Do not write your own Will. "Home-made" Wills are dangerous and often cause law-suits, because, when drawing a Will the law must be known, both as to wording and terms. Consult a lawyer today about the making of your Will and have him name the Bellefonte Trust Company to act as your Executor and Trustee.
