#### Nurses Graduated from Hospital Training School.

The annual graduation of nurses from the training school of the Bellefonte hospital was held in the court house, last Tuesday evening and proved a very impressive as well as entertaining event.

The court house was well filled with friends and well wishers of the six girl graduates when the procession started from the foyer of the auditorium. The board of trustees and the ladies auxiliary entered first, followed by the staff of physicians and surgeons. After them marched the graduates, then the superintendent, Miss Eckert, her assistant, Miss Aitken, and the pupil nurses. All took seats within the bar railing and the exercises were opened with an invocation by the Rev. Dr. McKinney.

Geo. R. Meek, president of the board of trustees, presided and introduced Dr. Edwin Erle Sparks, president of The Pennsylvania State College, who made the principal address. Dr. Sparks' theme was "Service" and his treatment of the subject was so practical that the lesson it carried surely must have gone home to all of

his audience. Mr. Meek presented the diplomas and pins to the graduates after which Rev. Scott, of the Methodist church, pronounced the benediction.

A reception and dance followed in the town hall where a large gathering of young folks enjoyed themselves until 12:30 when the corps of nurses returned to the hospital to relieve the special nurses who had been called to duty there during their absence.
