I. O. O. F. memorial services will be held here tomorrow (Saturday) evening at 7 o'clock. The Citizen's band will lead the parade to the cemetery where the services will be held and graves decorated. Good speakers will be present and all members are urged to attend.

(If our always interesting Pine Grove Mills letter seems a little abbreviated this week it is because our wide-awake correspondent, Capt. W. H. Fry, it hobnobbing with the big bugs of Indiana, Pa., where he is in attendance at the annual encampment of the G. A. R. The Capt. has been made to feel very much at home, as he has been royally entertained by Mr. and Mrs. A. J. Musser and daughter, former Pine Grove Mills people. Mr. Musser is one of the big men of that town and though his time is pretty well occupied he is never too busy to look after old friends when they strike Indiana.—Editor.)

Miss Martha J. Opie, who booked the Chautauqua course, spent Tuesday and Wednesday in our town assisting in the organization. The dates here are June 30th, July 1st and 2nd. Quite an interesting program will be presented. Every one should take advantage of this opportunity to hear these talented artists, at only a moderate cost.

#### Potato Growers.

The season for planting and growing potatoes is here, in this section of Pennsylvania, and this should be the best season on record. Every body is interested in the crop due to the high prices and if all hands will get together and the prices will take a nose dive to the bottom of the ladder. It will be necessary nevertheless to make an effort to get rid of the plant pests and this is the topic that is very greatly discussed, namely the Potato Wart disease, which has made its appearance in Cambria, Centre and Clearfield counties. People living within the areas quarantined for this disease know something about the rules and regulations under which the potatoes are grown; the rules and regulations being printed on the reverse side of the permits. This is a case where the potato growers will help to get rid of this disease or let money go into the soil and receive diseased potatoes in return. Many of the people, in fact the majority are perfectly willing to co-operate on any means of eradication of said disease. Those who think this is the old "scab" and show indifference, should realize that they have

## Bellefonte Trust Company

Bellefonte, Pa.

### Why You Should Make a Will

To protect your loved ones. To safeguard your estate. By making a Will you can appoint the Bellefonte Trust Company as your Executor or Trustee.

You can thus assure to your heirs the business management and financial responsibility which this institution affords.

Your wishes can be observed in the distribution of your property, for if you do not leave a Will the law may divide up your possessions in a way that you might not desire.

### How Have You Made Your Will?

Do not write your own Will. "Home-made" Wills are dangerous and often cause law-suits, because, when drawing a Will the law must be known, both as to wording and terms. Consult a lawyer today about the making of your Will and have him name the Bellefonte Trust Company to act as your Executor and Trustee.

## Drill GRO-ALL FERTILIZERS With Your Wheat And Cut Your Labor Cost

THERE is only one answer to the present high cost of farm labor—increased per acre production. More bushels per acre mean lower per bushel costs, and larger profit per acre.

Gro-All fertilizers will not cultivate more acres of wheat, but they will grow more bushels per acre.

Under ordinary conditions, and on the soils generally used for grain and grass in the Eastern States, the Gro-All Grain and Grass Grower (2-12-2) is the ideal mixture for Fall seeding.

Gro-All fertilizers are carefully formulated with full knowledge of crop requirements. They are manufactured in four modern and complete plants by men who realize and appreciate the importance of perfect mechanical and drilling conditions.

Solve your labor and other production problems by using liberal quantities of Gro-All high analysis fertilizers.

## First, "Is it good?" ---then the price

PRICE by itself is meaningless. It's what you get for the price that counts.

The first test we give an article before it can find a place in our stock is, "Is it good?"

If it measures up to our standard; if we feel it will give absolute satisfaction---then, but not till then, we purchase it.

After that we mark it as reasonably as is consistent with good store-keeping.

But if it's only claim for our attention is low price---we won't cave it

Nothing is cheap that won't give service. We sell good merchandise for as little as we can.

But the other kind we don't handle at all.
