----Manager T. Clayton Brown always makes it a point to welcome the people of Bellefonte and vicinity to the Scenic, Bellefonte's popular motion picture show. And it is also his aim to give them the best programs of motion pictures obtainable to look at after they get there. Are you among the number? If not, join the crowd that moves Scenicward every evening.

The Bilger Bros., of Pleasant Gap have purchased the Allison timber tract on the Seven mountains, just east of Potters Mills, for the sum of \$25,000. The timber on the tract includes some of the best virgin white pine still standing in Centre county as well as some excellent second growth. The Bilgers will move their mill onto the tract from their old operation in Greensvalley and will cut and market the lumber.

-For some time past crows and black birds have been doing considerable damage to Harry Winton's corn and last Thursday he fashioned a of corn. His work was so realistic that it scared all the ladies in that neighborhood who thought that somebody had dropped dead in the Winton effect on the crows has not yet been

Engineer Miller no- it and the three members of the conticed something wrong with the machinery of his engine and stopping on a grade he set the brakes and got under the engine to fix it. In some way he inadvertently loosened the brakes and the dinkey started down grade. Mr. Miller was unable to get clear of the engine and the result was his right shoulder was caught by the slowly moving wheels and badly crushed. In fact his shoulder completely blocked the engine and brought it to a stand-still again. He sustained some bad cuts and bruises on the head and face, but fortunately no internal injuries. He was promptly taken to the Bellefonte hospital where he is now undergoing treatment, and although he will be laid up for some time the attending physicians anticipate no permanent serious results.

---In the changes necessitated by the building of the state highway on Bishop and south Spring streets is the removal of all electric light poles from the street. Naturally the company is seeking to make the change with as little trouble and expense as possible and has endeavored to put the poles within the pavement line of property owners along the streets in question. At the McClure property, on the corner of the two streets, the company dug out the stump of a tree that had been removed from the pavement and dug a hole there to erect a pole, in opposition to the wishes of Mrs. Mc-Clure. But when the hole was dug Mrs. McClure calmly walked out of the house and literally sat down in the hole and no amount of persuasion would induce her to move. She sat there an hour or longer until officials of the company agreed to abandon their plan of erecting a pole there. As other property owners also object to poles being erected on their propercarry their wires to that portion of and which will open and shut with

STATE COPS COP WHISKEY.

Three Barrels Covered with Onions Taken in Transit Tuesday Morning.

It goes without saying that the capsection to see that the automobile ture of the cargo of whiskey and the laws regarding speeding and lights bringing of it into Bellefonte caused are being carefully observed. And considerable excitement. In fact a this patrol will not always be in day- murder would hardly have occasioned light, which was made clear last Sat- more. Scores of people walked up to urday night when the state officers the Garman house just to get a look not only patrolled the Nittany valley at the truck and at the three barrels highway but, according to reports, which contained the good old whiskey valued at \$1000 per barrel, and it was asked for their numbers, cards, etc., with deep regret that some of the and also sort of peeked around lookers saw the cargo driven into the

Prohibition enforcement officers at Wilkes-Barre were notified of the capture of the men and the whiskey and notified the officers here to hold men, whiskey and all pending their arrival, are enforced and it will be their duty but up to yesterday no enforcement officer had put in an appearance. In -James Miller, who runs the the meantime the whiskey has proven dinkey engine for the American Lime a veritable white elephant to the state constabs, for, while sheriff Dukeman its valuable cargo in the jail yard he stabulary took turns at guarding it both on Tuesday and Wednesday nights. Yesterday morning they decided to notify the federal authorities that the cargo of whiskey is here and leave the disposal of it up to

> Just what will eventually become of the liquor is hard to tell. The law is so full of quirks and isms that it can be twisted a good many ways if the right kind of a twister gets hold of it, and the solution of the problem is yet to be made.

Bull Ditched the Auto.

On Sunday E. C. Ale, of Grazierville, Blair county, took his three children for a motor trip through Centre state highway bound for Lock Haven. While driving along at a moderate pace in the neighborhood of Nittany a large and ferocious bull that was grazing in the road stopped chewing grass and charged the automobile head first, bucking it into the ditch. The result was the top of the machine, left front wheel, a fender and headlights were broken, while Mr. Ale had his right hand injured and all the children sustained cuts and bruises. A nearby physician looked after the injuries of Mr. Ale and the children and after an auto wheel had been secured from Bellefonte the party were able to return home. The bull in question is said to be a vicious one and Mr. Ale is considering the question of bringing an action for damages against the owner.

-New six ton doors are on the way for the vault in the First National bank. Not that the old door is considered deficient in any respect, but pieces. A festival will be held in the much greater ease and convenience. for this great patriotic celebration.

No Paper Next Week.

"Watchman" fails to pay you its regular visit next week. In accordance with an old-established custom of giving the employees who help to make the "Watchman" possible a mid-summer holiday during the week of the nia opened yesterday and anglers smothered in onions was a new one Fourth of July, no paper will be isof the paper will be welcome at any

Rabbits Destroying Gardens.

It is not an unusual thing to hear of rabbits destroying young orchards and creating havoc in truck gardens in the country districts but never bethe sacred precincts of the most exclusive residential district in Belle- merely a matter of speculation. fonte and commit the depredations ded by rabbits and lettuce, beets, cabbage, etc., literally eaten down to the ground. And inasmuch as the rabbits do their feeding at night it is impossible to do anything to abate what is getting to be very much of a nuisance. Some garden owners feel like doing most anything to get rid of the pests and save their gardens, but they don't want to do anything unlawful and because of that fact are up against a proposition that they don't know how to solve.

Big Time at Snow Shoe Next Monday.

Bellefonters who may be hankerin' for excitement next Monday, the day on which the glorious Fourth will be celebrated, will be able to find an abundance of it out at Snow Shoe Association has arranged an all day celebration in the interest of the memorial building it is proposed to erect there in honor of the boys from that locality who served during the world war.

Three games of baseball are on the program to be played by teams from State College, Grass Flat and Snow Shoe. Horse racing will be another leading feature and there will also be auto and bicycle races. A new merry-go-round has been purchased by the park association and it will be on the ground for the first time on Monday. The I. O. O. F. band of Bellefonte, will furnish the music, while there will be a good orchestra for dancing. Refreshments can be secured on the grounds. The public is invited.

-Ice cream, lemonade, popcorn, county and down the Nittany valley at the circus-Thursday, July 8th. School house commons.

Big Celebration at Millheim Next

Monday. The people of Millheim and vicinity have completed arrangements for a huge independence day celebration on Monday, July 5th, under the aupices of the American Legion. The main features of the celebration, beginning at two o'clock p. m., will be a big patriotic parade to be followed by the unveiling of the monument erected in honor of the "boys of '60 and '18." Three excellent speakers have been secured for the occasion in the persons of Rev. R. W. Illingworth, Col. Theodore Davis Boal and W. Harrison Walker Esq.

Athletic events include a tub race, three legged race, various dashes, etc. Music for the occasion will be furnished by the Citizens band of Beavertown, which includes forty evening by the American Legion.

GAMBLE'S MILL BURGLARIZED.

Don't be disappointed when your Safe Blown Last Thursday Night and Cash and Checks Totaling Over \$1,400 Taken.

The bold, bad burglar made his presence in Bellefonte felt last week when he broke into the office of the Gamble flouring mill and after blowing open and wrecking a costly safe ber will be out on July 16th. The got away with the contents of the "Watchman" office will be open, how- cash drawer, which consisted of \$570 longing eyes at the three barrels of ever, for other business and all friends in cash and between eight and nine hundred dollars in checks. Ordinarily burglars do not take checks but Mrs. Miller Stewart, at her home on Linn throw them aside, but in this case not street. -A regular carnival of nations only the checks were taken but Mr. Gamble's rubber signature stamp, which looks as if the robber intended making a try, at least, of passing the checks.

Whether the job was pulled off by one man, two or more, is of course not known, but it is generally believed it was not a single-handed affair. The safe, which is quite large, is equipped with double doors and the home on Howard street. robbers drilled two holes near the combination dial and blew out the combination. The inside door was also blown open. Just what time the tage for a part of the summer. deed was done is not definitely known. Max Gamble put his car in the garage coln. Neb., on Saturday after spending a at the mill some time between ten and week in Bellefonte as a guest of his siseleven o'clock Thursday night and ter, Mrs. A. Hibler, and other relatives. H. L. Hartranft was the first one at the mill on Friday morning and it was he who discovered the robbery and promptly notified Mr. Gamble. Every effort on the part of the owner and the officers of the law to discover some clew to the perpetrators proved futile, but it is pretty certain that the job was not the work of a novice.

Just the night before the robbery Union City. Mr. Isaac Underwood's machine shop ratchet drills, one of which was a chain drill. Some persons who examined the blown safe were of the opinion that an electric drill had been used on the job, while others expressed the belief that a chain drill had been used, as there were marks on the four corners of the safe at just about the height of the holes drilled into the
