Why You Should Make a Will

To protect your loved ones. To safeguard your estate. By making a Will you can appoint the Bellefonte Trust Company as your Executor or Trustee. You can thus assure to your heirs the business management and financial responsibility which this institution affords. Your wishes can be observed in the distribution of your property, for if you do not leave a Will the law may divide up your possessions in a way that you might not desire.

How Have You Made Your Will?

Do not write your own Will. "Home-made" Wills are dangerous and often cause law-suits, because, when drawing a Will the law must be known, both as to wording and terms. Consult a lawyer today about the making of your Will and have him name the Bellefonte Trust Company to act as your Executor and Trustee.
