To the People of Bellefonte

It is with pleasure that I announce the opening of the **New Milk Station in Bellefonte.**

In order that everyone may fully understand my attitude towards the interest of an industry so important to your community, I am taking this method of addressing you.

The farmer is learning the value of **co-operation**, and his common sense prompts him to choose the right interests with which to co-operate.

I want the farmers of Centre County to feel that their interests are common with mine, and it is my intention to be frank, fair and honest with you at all times.

I desire that our relations shall be such that there may be no possibility of an over reaching selfishness on the part of either of us.

The World War was won by co-operation. The problems following the war are being solved by co-operation. Present difficulties in the milk industry must be met

in a spirit of co-operation on the part of all interested, and by working together we can carry the milk interests successfully through the difficulties of the reconstruction period.

Those with whom we have dealt in Bellefonte have rendered excellent service in placing material for the construction of the new Creamery promptly at my disposal, and those engaged in this construction have added their efficient effort.

All bills presented have been promptly paid by me.
Co-operation has aided the construction of the plant.

Now that the plant is about to open, it's success will be assured by a continued co-operation on the part of your community.

I feel that the farmers will do their part by furnishing the best grade of milk that is possible to produce.

I WILL BE READY TO RECEIVE MILK ON NOVEMBER 22nd.

IRVIN D. BAXTER,
Proprietor Western Maryland Dairy
