A Resume of the Academy Football Season.

The very successful season just closed of the football eleven representing the historic Bellefonte Academy vividly recalls to the minds of the fans and football enthusiasts generally in Bellefonte the football days of this time-honored institution when big Bill Bloyd, "Steve" Dillon, Casey Jones, "Bud" Seidel, Red Smith, Tip Stanford, Jake Stahl, Purcell Beattie, LeRoy Locke, Forest Decker, "Shorty" Loucks, "Scrubby" Jones, Frank Holmes, Harry Symes and other stars made the Academy famous on the gridiron and helped build up champion college teams after leaving the Academy.

From the very beginning of the season, even though there was no regular coach for the team, it was evident that an unusually heavy and classy lot of players had entered the Academy, who would develop one of the strongest teams in the school's history. Capt. Buchanan, the centre of the team for two years, came from the champion Greensburg High school eleven. He is a wonderful player, both on the offensive and defensive. Many colleges are watching him closely. Cronje Carnahan, a guard for his second year, weighs 210 pounds. He is a Tarentum lad and is remarkably strong and fast. Akins, 198 pounds in weight, is the other guard. He played on the Mt. Union college eleven two years ago and has been a tower of strength to the Academy team.

Alwine, the big 240 pound tackle, is a fast man. He did the kicking off and the kicking of goals with the success of a college star. He also came from Greensburg High. "Doc" Hillard, the other tackle, was formerly a member of the Indiana Normal eleven. He weighs about 188 pounds and uses his weight to great advantage. Bill Ashbaugh, the star centre of Washington High school last year, played brilliantly at end. He weighs 185 pounds. King, of Oakmont, Pa., the other end, a member of last year's eleven, weighs 175 pounds and put up a wonderful game all season. Both ends were very successful in getting away with forward passes.

In the backfield several players made names for themselves and will soon be winning laurels for some big college teams. They are Boyd Parrshall, 190 pounds, and Dick Fraunheim, 165 pounds, who divided the honors in calling the signals and running the team. Parrshall came from Washington High school and Fraunheim from Shadyside Academy. Both men always hit the opposing lines hard for good gains. Bob Irwin, 173 pounds, formerly of Fifth Avenue High, Pittsburgh, is also a wonderful line plunger. Charlie Fleming, a brotched of "Red" Fleming, who was captain of last year's eleven, was one of the fastest backs who ever wore the gold and blue. He was injured in the State Freshmen game on October 30th and did not get into the game again until the Dickinson Seminary contest on November 20th. He is a Bellwood boy and weighs 165 pounds.

Macbride, a former Wyoming Seminary star, weighing 185 pounds, has also been putting up a very strong game. "Dish" Rigby, formerly of East Liberty Academy, with a valuable army experience proved a wonderful player, especially on the defensive, even at the weight of 165 pounds. Last but not least comes Marsh Johnson, the heavy and speedy fullback from Jamestown High school, New York, weighing 190 pounds. He was a hero in every game, not only because of his line-plunging ability, and fleet-footedness, but also because of his power to drive long, low punts into the opponent's territory. DeWaters, of Corning, N. Y.; Lowell Davis, of Morgantown, W. Va.; James Foreman, formerly of Perkiomen Seminary; Ennis, of Elmira, N. Y.; Caplin, of Philadelphia, and Pritchard, of Ravenna, Ohio, were strong substitutes.

The games played and the scores are as follows, the Academy score being the first named:

Table with 2 columns: Team Name and Score. Rows include Altoona High at Bellefonte (32-0), Wyoming Seminary at Kingston (7-0), Bucknell Reserves at Bellefonte (13-0), Carnegie Tech Res. at Bellefonte (10-0), Juniata College at Huntingdon (14-0), State Fresh at State College (0-27), Mansfield Normal at Mansfield (0-7), State Fresh at Bellefonte (7-14), Dickinson Sem. at Williamsport (48-7).

Totals.....140-53

The Academy students, as a token of their appreciation of the superior work of their team, believing that they have no superiors among the secondary schools of their class, have liberally subscribed to a fund wherewith to purchase gold foot balls for every member of the team. Thomas McNeal, of Windber, proved a very agreeable and competent manager.

Machinists have been at work during the past several weeks setting the machinery in the new mill of the C. Y. Wagner company, near Bellefonte, and it won't be many days now until it will be ready for operation.

A Tournament of Thirty Weeks in the Health Crusade Started in the Public Schools.

In 1917 a circular, "Record of Health Chores," made its first appearance. The chores were hygienic duties through the performance of which children would become "Modern Health Crusaders." Since then more than 4,000,000 American children have become pages, squires and knights in health chivalry. The crusade is an educational feature of the program of the National Tuberculosis Association and is financed by the sale of Christmas seals. It was introduced into the public schools of Bellefonte in March, 1919, as an experiment, by the Woman's club and was found sufficiently helpful, in emphasizing health truths, to warrant a tourney of fifteen weeks from January to June, 1920, in which 113 pupils were enrolled in both High school and Bishop street buildings. Out of this number, 102 from the High school building and 100 from the Bishop street building qualified as Knights Banner—the highest honor that can be won in the crusade. With a credit of only 2 in favor of grade pupils in the High school building over those in the Bishop street building, the crusade was started November 14th for another and longer period of thirty weeks. To serve as officers in this tournament the following have been elected:

TUBERCULOSIS DAY.

Harrisburg, Pa., November 22.—In connection with the 1920 Christmas seal sale, Tuberculosis day will be observed in Pennsylvania. The dates selected are Friday, December 3rd, in the schools, and Sunday, December 5, in the churches.

In the schools, principals, teachers, physicians and laymen will speak on the nature and treatment of tuberculosis and how to prevent the disease. Health plays will also be given. Many pastors on December 5th will devote all or part of a sermon to the question of health and particularly tuberculosis. In many Sunday schools some time will likewise be devoted to presenting the subject. In many churches and Sunday schools laymen and physicians will also talk.

Gifford Pinchot, chairman of the State committee in charge of the Christmas seal and Health bond sale, said:

"I should like to see Pennsylvania's schools and churches use these days for emphasizing the fact that the White Plague is still a serious menace. The steady drop in the death rate from tuberculosis in Pennsylvania (from 150.9 per 100,000 population in 1906 to 117 in 1919) appears to bear a direct relation to the progress made in bringing to the public the fact that tuberculosis is a preventable disease. The messages on the seal this year—"Merry Christmas" and "Healthy New Year"—call for plenty of time in the fresh air and sunshine of the out-doors, the eating of wholesome food and the taking of plenty of rest. These are the simple but effective remedies against tuberculosis. It will mean much for the public health if these simple lessons are brought more forcibly to the at-

tention of everybody on these two days." Tuberculosis day will be observed in nearly all States of the Union on these days—December 3rd and 5th.

Fi-Fi of the Toy Shop.

That splendid musical fantasy, "Fi-Fi of the Toy Shop," will be the attraction at the opera house three nights, December 15th, 16th and 17th. It will be given by local talent selected from the pupils of the public schools, and under the direction of the Rogers Producing company. The proceeds will be used in the establishment of a course of vocal music in the Bellefonte schools.

This will no doubt be the leading local talent event of the season and should be liberally patronized.

Dressed turkeys for the Thanksgiving dinner were offered in Bellefonte at 68 and 70 cents a pound, but buyers were not very plentiful.

The condition of Jacob Gross, who is a surgical patient in the Bellefonte hospital, is rapidly improving.

GAUDY COSTUME HIS FOIBLE

Marshal Murat, Napoleon's Famous Cavalry Leader, Seemingly Had Craze for "Fine Feathers."

Marshal Murat was the dandy among Napoleon's generals. One Paris tailor said that in some years he had made as much as 100,000 francs' worth of suits, overcoats and uniforms for Murat. He liked to invent new and fantastic uniforms. He strutted about in a suit of sky-blue overalls covered all over with gold spangles, and he decorated his bushy with aigrettes. On the occasion of his triumphant entry into Warsaw when he supposed he would be made king of Poland, he wore an impossible looking uniform, red leather boots, tunic of cloth of gold, sword belt blazing with diamonds, and a great bushy of fur decked out with costly plumes. On this occasion Napoleon lost his temper and testily exclaimed to his general: "Go and put on your proper uniform; you look like a clown." But the emperor was not misled by Murat's love of finery, for it is recorded that he once said of him: "You may smite at my dandified marshal, but you will notice that when columns are shot down today, Murat's gaudy plume will be dancing in the hottest of the fight. Let a hero have one folly, gentlemen."

Spruce and Hemlock.

It is not difficult to distinguish between spruce and hemlock in the forest, when one learns to notice the following points: The spruce has stiff pointed leaves (or short needles), its bark scales are never bright red, and the cones—smaller than those of the pines—hang down on the branches. The hemlock, on the other hand, has soft flat needles, often two-ranked, that is, growing on two sides of the stem, so that the sprig has a flattened appearance; hemlock bark scales look red, when broken off, and the dainty little cones stand erect on their branches, falling apart soon after ripening, so that no old cones long remain on or under the trees where they grew. Lumber from the two trees may be distinguished by remembering that that of the spruce is white in color, while hemlock wood retains its faint reddish tint.

What Chance Did Dad Have?

"Dad, I lost my commutation ticket today. It slipped out the car window. Will you please give me money enough to get a ten-ride ticket? There are only five more working days in the month, so I'll need only the ten rides. Now, dad, you can't ask me to take it out of my allowances. It simply can't be done. Anyhow, one of your old corporations declared a dividend recently, and I didn't have to ask you for any money for two weeks. That saved you \$50, and the ticket is only \$10. Why, dad, you are \$25 ahead at that! You're making money off your own son! You can't do that! It isn't being done this year. . . . I knew you would feel as I do about it. Thank you, dad."—Indianapolis News.

Local talent brought messages of the morning while the evening address was given by Mr. Jones, instructor at State College and who is also a returned missionary of South America. The Houserville quartette rendered two impressive selections and Rev. Emehizer sang a touching solo entitled, "Have you got the Countersign." The pastor recited "Daddy."
