

MANY TO OBSERVE TUBERCULOSIS DAY

Addresses December 3 in the
Schools and Sermons De-
cember 5 in Churches.

Harrisburg, Pa. — Tuberculosis Day in the schools on December 3 and Tuberculosis Day in the churches on December 5 will be generally observed throughout Pennsylvania. These days are in connection with the 1920 sale of Christmas Seals and Health Bonds, the formal sale of which begins November 29. The same days will be observed in other states.

In the schools teachers, principals, physicians and laymen will give talks on the nature and treatment of tuberculosis and how to prevent the disease. In some places it will be made the occasion for the distribution of Seals to school children. In the churches on December 5 many pastors will devote all or part of a sermon to the question of health and particularly tuberculosis. In many Sunday schools a little time will likewise be given to presenting this subject. In some churches and Sunday Schools laymen and physicians will speak in addition to pastors and superintendents. Gifford Pinchot, State Commissioner of Forestry, who is Chairman of the State Christmas Seal Sale Committee, made this statement:

Many states, in connection with the 1920 sale of tuberculosis Christmas Seals and Health Bonds, will observe Friday, December 3, as tuberculosis day in the schools, and Sunday, December 5, as tuberculosis day in the churches. I should like to see Pennsylvania's schools and churches use these days, for emphasizing the fact that the White Plague is still a serious menace. The steady drop in the death rate from tuberculosis in Pennsylvania (from 150.9 per 100,000 population in 1906 to 117 in 1919) appears to bear a direct relation to the progress made in bringing to the public the fact that tuberculosis is a preventable disease. The messages on the 1920 Seal—"Merry Christmas" and "Healthy New Year"—call for plenty of time in the fresh air and sunshine of the outdoors, the eating of wholesome food and the taking of plenty of rest. These are the simple but effective remedies against tuberculosis. It will mean much for the public health if these simple lessons are brought to the attention of everybody on these two days.

BIG SALE OF HEALTH BONDS

A large advance sale of Health Bonds has already been made. Health Bonds run in denomination as follows: \$5, \$10, \$25, \$50, \$100, \$500 and \$1000. Many persons and organizations that do not have use for a large number of Christmas Seals and want to help their local tuberculosis committee buy these Bonds.

The Health Bond sale in Pennsylvania was opened on November 10 in Harrisburg when Governor Sproul auctioned off three Bonds or the steps of the capitol. These Bonds sold for \$75 each and the purchasers were E. J. Stackpole, of Harrisburg; Gifford Pinchot and the Governor.

The first \$100 Bond was bought by Senator P. F. Joyce, of Luzerne. Many Tuberculosis Christmas Seals have also been disposed of before the formal opening of the sale. In Schuylkill county the following organizations bought Seals in November: Independent Order of Odd Fellows, Loyal Order of Moose, Patriotic Order Sons of America, United Mine Workers of America, Order Independent Americans, Masons, Order of Red Men, Daughters of Pocahontas, Merchants' Association, Rotary Club, Musicians' Union, Schuylkill County Motor Club and State Police.

STATE SEAL COMMITTEE

The Christmas Seal Sale Committee for Pennsylvania is composed of eighteen of the most prominent men and women of the state. They are:

Governor William Sproul, Honorary Chairman; Gifford Pinchot, Chairman; C. M. Schwab, Bethlehem; David J. Davis, Scranton; Tabbi Max C. Currier, Erie; E. J. Stackpole, Harrisburg; Bishop M. J. Joban, Scranton; Dr. O. R. Altman, Pottsville; Mrs. Frederick Schoff, Philadelphia; S. Y. Ramage, Oil City; John A. McSparan, Furness; W. Freeland Kendrick, Philadelphia; James H. Maurer, Reading; W. W. Atterbury, Philadelphia; Dr. George L. Omwake, Collegeville; Dr. J. George Becht, Harrisburg; Miss Florence M. Dibert, Johnstown, and Mrs. Alvan Markie, Hazleton.

HEALTH CRUSADE IN SCHOOLS BIG HELP TO CHILDREN

The Modern Health Crusade, a system of practical health instruction which is being carried on in the schools of Pennsylvania by tuberculosis committees, is doing much to make healthier children in Pennsylvania. Many teachers quickly see a great improvement in the cleanliness and physical appearance of children after they start observing the simple health rules under the Crusade.

Last year there were over two hundred thousand children in the schools enrolled in the Crusade. An even larger number are Crusaders this year.

The Crusade is financed largely through Christmas Seals.

Emperor's Splendid Tomb.

The body of Napoleon III lies in a tomb in the church of St. Michael at Farnborough, England. This chapel was built by ex-Empress Eugenie as a memorial to her husband. In the crypt also is placed the tomb of her son, the Prince Imperial, who was killed while fighting with the English army in Zululand. The church is a magnificent building of white stone, and stands on the brow of a hill. It is surmounted by a tower and pinnacled with dozens of small shafts. The empress used to visit the chapel daily. Ten priests were constantly employed by her to say masses for the dead.

Glad She Does.

"How you can stand your wife's spending her time at club and suffrage meetings bents me. If I were you I'd tell her she should be home doing the cooking."

"I'll be hanged if you would, if you knew what kind of a cook she is."—Boston Transcript.

A Regular Stunt.

Ferguson—I've just been reading that the aviators today can do anything a bird can do. Yes, sir, they've got the thing down so fine that there isn't a bird alive that has anything on them.

Fitzgerald—Zatso? Well, when you see an aviator fast asleep hanging onto a branch of a tree with one foot, then I'll come and take a look.—American Legion Weekly.

Time's Whirligig.

Old Horse—Remember how the automobiles, when they came into prominence, laughed at us for poking along?

Buggy—Yep, but them was happy days.

Why You Should Make a Will

To protect your loved ones.
To safeguard your estate.
By making a Will you can appoint the Bellefonte Trust Company as your Executor or Trustee.

You can thus assure to your heirs the business management and financial responsibility which this institution affords.

Your wishes can be observed in the distribution of your property, for if you do not leave a Will the law may divide up your possessions in a way that you might not desire.

How Have You Made Your Will?

Do not write your own Will. "Home-made" Wills are dangerous and often cause law-suits, because, when drawing a Will the law must be known, both as to wording and terms. Consult a lawyer today about the making of your Will and have him name the Bellefonte Trust Company to act as your Executor and Trustee.

Refrigeration and Meat

In less than an hour after an animal is dispatched in a Swift & Company packing plant, it is hanging up as meat in a room brought by refrigerating machinery to a temperature just above freezing.

From that time until it is in your own ice box—within two to three weeks—it is kept at the same temperature; first in the coolers at our packing plants; next on our refrigerator cars, more than 6,000 of which are constantly moving to market with their perishable cargoes; then in our refrigerator rooms at our branch selling houses; then in your dealer's ice box, and last in your own.

Only for the few minutes while it is being put into the refrigerator cars at our packing plants, or taken out of them at our branch houses, or whisked to your retailer in our trucks, is it exposed to any change of temperature.

Without a skilled use of this system of cooling, made possible by modern science, you could not get fresh meat, prepared under most sanitary conditions, except at greater expense—unless you happened to live so near live stock raising centers that your needs could be supplied from live stock raised near-by.

If the foregoing raises any question in the mind of the reader, we will endeavor to answer it, upon request.
