Over Two Hundred Deer Killed in Centre County.

The deer season ended on Wednesday and although there was no snow this year to enable hunters to follow the trail the slaughter of the fleetfooted bucks was at least equal to that of last year, and will very likely exceed it. Detailed reports of the hunt published in last week's paper aggregated 188 deer and 4 bear and additional reports received will run the total of deer to more than two hundred. Just what the correct figures will show will probably not be known for several weeks, but the Game Commission has hopes of tabulating the exact number of deer killed in the entire State, and will be able proper return.

Attached to each hunter's license -The Bellefonte charity commit- this year is a blank upon which he is required to give a report of game killed. All hunters are requested to fill in this blank and send same to the Game Commission by December 16th, or as soon thereafter as possible. While there is no penalty attached for failure to return the blank properly filled out, any hunter failing to do so might run up against a perplexing situation when he undertakes to get a license next year.

It is not often that the opportunity to do two gracious things with one transaction presents itself. It is yours, however, if you act upon our suggestion to let the "Watchman" be you Christmas message of good will to some friend. In fact it would be fifty reminders of your thoughtfulness. And at the same time you are ordering such an acceptable gift for some one who does not get the paper you will be adding another name to our subscription list; a matter that we will appreciate greatly.

Real, practical, useful gifts are the kind that people are most delighted to receive and while the cost of this paper is only \$1.50 a year the recipient will value it far higher, for there is nothing that is more necessary in the well regulated home than a good home newspaper and the "Watchman" is all of that, even though it hasn't increased its price or decreased its quality.

Midnight Christmas Service.

One of the religious observances of Christmastide in Bellefonte which has grown rapidly in favor since its introduction several years ago, is the beautiful Midnight Mass in St. John's Episcopal church on Christmas Eve. It is from this service, the "Christ-Mass,"-since very early times offered to God at the traditional hour of the Saviour's birth, at the very beginning of the day itself,-that the festival of the Nativity takes its name in English tongue,—"Christmas day." The church will be decorated according to christian custom, with evergreens and lighted entirely by candle-light. The music will include not only the great anthems of the Liturgy but also old familiar hymns and some of the quaintest carols which the childlike devotion of the months ago. Of course congratulapast has bequeathed to us. This service furnishes us an opportunity of before other distractions intervene.
