Do not forget to put a candle in your window tonight, as a message of good will to the stranger in your midst.

Merle Wetzel and John Smith have both been helping through the Christmas rush in the Bellefonte post-office this week.

The infant child of Mr. and Mrs. R. Raymond Jenkins was brought to Bellefonte from Pittsburgh on Saturday and buried in the Union cemetery.

From indications last evening Bellefonte's entire allotment of 50,000 Christmas seals will all be sold before this evening. This is the largest number of seals ever disposed of in Bellefonte and contiguous territory.

Mr. Hammon Sechler suffered a chill last Saturday and since that time has been confined to his home on Lima street. He has been very ill and reports yesterday were only reassuring in that he was at least no worse.

The singing of Christmas carols which for years has been such an appropriate and inspiring part of the Christmas celebration in Bellefonte is to be continued. The carolers will be on the streets tomorrow morning at four o'clock.

Last Saturday was the regular license court day in Centre county but no action was taken on any one of the fifteen applications. In fact the court instructed the prothonotary to hold the applications and remonstrances until further orders.

Auditor General Snyder handed out Christmas presents on Wednesday to one man in every county in the State in the shape of an appointment as mercantile appraiser. The lucky man in Centre county is Howard Miles, of Fleming.

The December meeting of the Womens club will be held in the W. C. T. U. rooms in Petrikin hall, Monday evening, December 27th, at 7:30 o'clock. Mrs. Brouse, who will be the speaker of the evening, will talk on her trip through the Orient.

The Associated Charities have arranged to distribute baskets tomorrow among those deserving of same, so that they, too, can enjoy the Christmas day. Fortunately there are few families in Bellefonte this year who are in actual need or want.

"Freckles" is coming to Garman's on Wednesday night, December 29th. It is not a moving picture. It is a real song play, so familiar to most of you who have seen it en-film that all we need add is that the producing company is reported as being a very capable one.

The public schools of Bellefonte closed last Friday for the holiday vacation which this year will be for two weeks, or until Monday, January 3rd. The Bellefonte Academy also closed last week for a vacation of three weeks' duration, and State College closed until the first week in January.

Now that you have about completed your Christmas shopping you deserve time for relaxation and the one place in Bellefonte where you can get it and also be delightfully entertained at the same time is at the Scenic, watching the motion pictures. They are always interesting and instructive and well worth watching. Be a regular and see all the good ones.

A number of plants of the American Lime and Stone company have been closed down during the past week, owing to the falling off in the demand for their product. Both the lime and stone business is rather uncertain at the present time, but it is hoped that a better market will prevail after the beginning of the new year. Resumption of work at the closed plants will naturally depend entirely on the demands of the market.

About a year ago C. H. Buckius, of the state highway department, got into an altercation with Daniel W. Brindle, during the construction of the state road near Shy Beaver, Huntingdon county, striking him a hard blow on the jaw, fracturing the bone. Brindle brought suit for damages and in court at Huntingdon last week was awarded a verdict of \$214.66. Buckius will be recalled by the people of Bellefonte as the man who paid a freak election bet by rolling a peanut with a pike pole from the Diamond down High street to the railroad.

Brief Meeting of Borough Council.

Just five members of borough council—the necessary quorum—were present at the regular meeting on Monday evening, the last for the present year. President Walker was in the chair and when it came to the approval of the minutes he asked if there were any objections to the approval of the minutes of the meeting of November 15th, which had been held over at the last meeting owing to the passing of the ordinance providing for the sale of a tract of mountain land belonging to the Pruner orphanage. Mr. Cunningham and Mr. Harris stated that they had objected to the approval of the minutes, simply because they did not know anything about the proposition and naturally wondered why the sale was being made and if it would be advantageous to the orphanage to sell it. President Walker stated that the trustees have been trying to sell the land for ten years. That while there is some timber on it, it is so located that it is very difficult to get at and will cost almost as much as it is worth to get it out. That the taxes on the land aggregate ninety dollars a year and since it was bequeathed to the Pruner orphanage the trustees have paid over fifteen hundred dollars taxes on it without deriving a cent of revenue and that is one reason they have been desirous of getting rid of it. Mr. Cunningham stated that he wasn't objecting to the sale but he did think that the trustees ought to come before council and explain why they desired to sell the property, and that would relieve council of the burden of the sale if it is ever questioned. He further stated that he was of the opinion that the water right should also be included with the reservation of the minerals, etc. Under the circumstances president Walker stated that the minutes in question would be passed up for the present.

A written communication was received from S. D. Gettig Esq., stating that he had purchased at the commissioner's sale the lot of James Burns, adjacent to the reservoir and will sell the same to the borough at a reasonable figure if council wishes to purchase same. No action was taken in the matter.

The Street committee presented the borough manager's report for the past two weeks, which included the collection of \$688.66, which was turned over to the borough treasurer.

The Fire and Police committee reported the burgess' check for \$37.88 for fines and licenses.

The Finance committee asked for the renewal of two notes, one for \$12,000 and one for \$3,000.

Regarding the borough ordinance providing for the licensing of vehicles the Finance committee reported that the matter is now in the hands of the borough solicitor to make some important changes and the same will be reported at next meeting of council.

The Water committee reported progress in the request of James R. Hughes for water for his skating pond.

Bills to the amount of \$3580.78 were approved, which included the transfer of \$2000 to the sinking fund, the annual appropriations to the fire companies of \$250.00 each, and other fire company expenses totalling \$275.00, after which council adjourned.

Two in One.

It is not often that the opportunity to do two gracious things with one transaction presents itself. It is yours, however, if you act upon our suggestion to let the "Watchman" be your Christmas message of good will to some friend. In fact it would be fifty reminders of your thoughtfulness. And at the same time you are ordering such an acceptable gift for some one who does not get the paper you will be adding another name to our subscription list; a matter that we will appreciate greatly.

Real, practical, useful gifts are the kind that people are most delighted to receive and while the cost of this paper is only \$1.50 a year the recipient will value it far higher, for there is nothing that is more necessary in the well regulated home than a good home newspaper and the "Watchman" is all of that, even though it hasn't increased its price or decreased its quality.

Abe Markle was down from State College and tried to make us believe that the only reason he comes to Bellefonte is to pay for his "Watchman." We knew Abe thirty and more years ago, when all of State College depended on his shop for meat and in those days never a question as to his veracity was raised by any one, but notwithstanding that well merited reputation we can't quite believe him about this "only reason" business. We have a sort of sneaking notion that right now, while this personal is being written, our jovial friend is up in the court house with that bunch of farmers who are here for the County Agent's convention, and, maybe, he is telling agent Robinson that he only comes to Bellefonte to attend his meetings.

Squire O. H. Nason, of Julian, was in town on Wednesday closing up some business matters that have been deferred by his work on the valley and mountain roads. Orrie has been very busy all fall not only with the Bald Eagle road but clear over in the Philipsburg and Sandy Ridge section. He was feeling a bit displeased because of the condition of part of the road in upper Bald Eagle, but as it seems to have been unavoidable we do not see why he should feel badly about it. The road, which is shale had just been scraped with the hope that the freezing weather forecasted would catch it with a perfectly smooth surface. The night the scraping was finished a traction engine ran over it and the next morning the freeze came: Result, all the road torn up and frozen in frightful ruts that can't be scraped out now at all unless the bed thaws an inch or so.
