Mrs. Oscar Struble is visiting friends in Tyrone this week.

Mr. and Mrs. J. A. Peters, of Oak Hall, spent Sunday with relatives in town.

C. C. Williams, wife and two boys spent the Sabbath at the grandpa Gardner home.

John Donnelly, of Julian, will be W. S. Markle's assistant on the farm the coming summer.

Dr. L. E. Kidder, of State College, made several friendly calls through the valley recently.

Mr. and Mrs. H. A. Elder spent Wednesday at the Samuel Y. Elder home in the Glades.

Mrs. Ed S. Moore, who was quite sick a few days last week, is now able to be about as usual.

Farmer Calvin Lykens, of Fairbrook, was a business visitor in Bellefonte the latter end of the week.

E. H. Bierly, who has been quite ill with pneumonia, is now recovering and will soon be in good shape again.

Mrs. George R. Dunlap was brought home from the Glenn sanatorium last Friday considerably improved in health.

Mrs. Hannah Osman, who has been confined to bed for several weeks, is now able to sit up and chat with friends.

The dedication of the new organ in St. Luke's Lutheran church here will take place at 10:30 o'clock on Sunday morning.

Health officer W. G. Gardner was a welcome visitor in town on Friday evening placing several homes under quarantine.

Mr. and Mrs. J. H. Williams took advantage of the sleighing on Sunday to spend the day with their son Ray, at Circleville.

The Elmer Long saw mill which has been shut down for repairs is being put in running order and will soon be in operation again.

Mr. and Mrs. John Bowersox, of Baileyville, spent the latter end of the week at the fraternal Bowersox home on east Main street.

Prof. A. L. Bowersox, teacher of the grammar school, is laid up with an attack of bronchitis, and his pupils are having a merry vacation.

Clifford Close, farmer on the D. G. Meek farm, had the misfortune to split one of his fingers with an ax on Tuesday while chopping wood.

William K. Goss, of Tyrone, spent Sunday with his father, W. H. Goss, who has been somewhat under the weather but is now improving.

Mr. and Mrs. W. Miles Walker and two daughters, of Bellefonte, spent the first day of the week at the A. Stine Walker home on the Branch.

A crowded house greeted the musical quintette from the Susquehanna University on Saturday evening, the proceeds of the concert being \$68.00.

Mrs. Emma Fisher, of Lewistown, is now in charge of the Franklin Bowersox home on east Main street, and is the right woman in the right place.

Last week grandmother Rachel Wilson suffered a slight relapse and, while her condition for a time was quite serious, she is now somewhat improved.

Joe Johnson, of Pine Hall, was in town on Monday evening arranging a suitable date for his big farm sale which will be held toward the latter end of the month.

Hon. John T. McCormick, J. N. Campbell, L. K. Strouse, A. J. Fortney, Ray L. Corl, J. B. Goheen and H. K. Metzger are serving as jurors at the county seat this week.

Mrs. Edward Isenberg was among the excursionists to the national capital on Wednesday for a visit with relatives and to witness the inauguration of President Harding today.

Rev. E. F. Brown, who recently tendered his resignation as pastor of the Lutheran church at Boalsburg, left with his family and household goods on Monday for his new pastorate at Lovett, Cambria county.

Jonathan Hoffner, a Civil war veteran, passed away at his home at Millersburg on February 23rd at the age of 77 years. He enlisted at Boalsburg, this county, in Company G, 148th regiment, under Capt. Patterson and served through the war.

Rev. Mr. Miller, of Philipsburg, will fill the pulpit in the Presbyterian church here on Sunday, March 13th, at 7 p. m., at which time it is highly probable an official call will be extended to Rev. Kirkpatrick to become pastor of this charge. The annual congregational meeting of the church will be held on Monday evening, March 14th, at 7:30 o'clock.

During last week's heavy snow and blizzard Carey and Joe Shoemaker had a somewhat exciting trip with their big truck in going to Petersburg. They got into a section of drifted roads and it took them four hours to cover four miles. Down near Franklinville the truck skidded to the edge of a one hundred foot embankment and a portion of their load of twenty big, fat hogs was spilled out in the snow, one of the animals suf-

fering a broken leg. After a lively chase the hogs were rounded up and reloaded and they proceeded on their way but it was midnight before their trip was completed.

Last Friday evening about one hundred and twenty friends and neighbors of Mr. and Mrs. J. Foster Musser gave them a surprise kitchen shower at Mr. Musser's parental home on the Branch. The young couple received enough utensils a fully equip an up-to-date kitchen, and in addition a full set of dishes from Mr. Musser's brothers and sisters. After April first the young people will have charge of the farm. Mr. and Mrs. Musser Sr. retiring to their new home in Pine Grove Mills.

The Washington birthday social held at the Ben Everhart home at Franklinville was a grand success socially and financially, the proceeds amounting to \$88.00, which will be devoted to the Methodist church. Rev. Fisher held the lucky card that drew the biggest cake. The reverend, by the way, was a little late in starting home and got caught in the snow drifts at Rock Springs. W. E. McWilliams helped him out but it was six o'clock in the morning when he finally arrived home.

On February 23rd George P. Irvin was fifty years old and his good wife arranged a very pleasant surprise party for his benefit. A large number of his relatives and friends were invited and the event proved a decided success. Mr. and Mrs. Irvin are among the best known residents at Pennsylvania Furnace, where he was born fifty years ago. Twenty-five years ago he married Miss Kinch, of Franklinville, and they have one son, Robert E. Their married life has been spent on the farm and they have been wonderfully successful.

Southern Cypress Has Many Colors.

Southern bald cypress is about the most variable in color of any of our native woods, and in different localities is known as red cypress, yellow cypress, white cypress and black cypress.

There is a rather prevalent belief that cypress with dark colored heartwood is the most durable, but the opinion of the United States forest products laboratory is that as far as durability is concerned the color of the wood makes very little difference.

In service records obtained by the laboratory, any difference in the length of service of red cypress and yellow cypress appears to be due entirely to a difference in the amount of sapwood in the timbers. Cypress trees with light-colored heartwood usually have more sapwood than those with dark colored heartwood, and sapwood is not resistant to decay.

The important thing, if durability is desired, appears to be to select the heartwood of cypress regardless of its shade.

Majority and Plurality.

The candidate, who among several, receives the highest number of votes, is said to have a plurality amounting to the difference between his vote and that of the candidate receiving the next highest number. If the vote of the candidate is greater than the sum of the votes cast for all other candidates for the same office he has a majority. A majority is more than half, while a plurality may be much less than half.

Diagnosis.

"I hear that Tawkins is going to give De Smart a pretty fat fee."

"What for?"

"Because when the doc was called to attend Mrs. Tawkins for a slight nervous trouble he told her she has an acute attack of inflammatory verbority. He then recommended absolute quiet as the only means of averting cacatothes loquendi. She's scared dumb."

Kidney Trouble.

Mr. John Kingcald, of 439 Allen St., Allentown, Pa., suffered for ten long years with kidney trouble, before he found Goldline No. 2 and relief. He said:

"About ten years ago I noticed I had to get up during the night more often than I should. I became gradually worse until I was getting up every night. My back was lame and sore and my legs, from the knees down, would get shaky and tremble. I tried to find a medicine that would help me, but nothing did and in the meantime the pain in my back was getting worse and worse. Then I heard of Goldline and what it had done for others, so I got a bottle of Goldline No. 2. It helped me almost immediately; the pains left my back and I didn't have to get up nearly as often in the night. I'm going to keep taking it."

MEDICAL.

Act Quickly

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger, Doan's Kidney Pills are most effective.

Plenty of Bellefonte evidence of their worth.

Mrs. Elmer Yerger, 306 N. Beaver St., Bellefonte, says: "About ten years ago I had kidney trouble in its worst form. My back was so weak I could hardly get around. My kidneys acted very irregularly and I was in constant misery. Dropsical swellings set in. I tried different remedies but received no benefit. Doan's Kidney Pills were recommended to me and I at once began their use. In a few days the trouble was relieved and I continued their use for about three months. They entirely removed the distressing kidney disorders. My back was strengthened and I had no further trouble with my kidneys. I think Doan's is the best kidney medicine to be had." (Statement given April 22, 1914).

On October 18, 1918, Mrs. Yerger said: "It is a pleasure and a great privilege for me to again speak a good word for Doan's Kidney Pills. Others in my family have since had the same good results from Doan's as I had. I confirm all I said in my former statement."

THE UNIVERSAL CAR

That Dependable Ford Quality

FORD durability began back in 1903 when Henry Ford started experimenting with Vanadium steel and heat-treating processes. He knew that a more exact tempering of steel for motor car building must be worked out. Vanadium, it was learned, when added to molten steel, gives to that steel a greater toughness and adhesiveness. And now other alloys have been found which are superior to Vanadium. With the Ford Motor Company constant progress is the daily companion. The Ford products—Car, Truck, Tractor—grow in quality daily. Heat-treating tempers each part so that it will best withstand the wear or tear to which it is subjected. Ford chemists and analysts have created formulas and standard specifications for every individual part of the Ford car—not only for the steel but for everything from pneumatic tires to top.

Ford durability isn't a matter of accident, it is a matter of painstaking thoroughness in laboratory and factory. The Ford is a car of precision—of standardized values. Order your Ford car now. No matter how fast they may be made the demand multiplies faster. Order today for we can make fairly prompt deliveries—Runabout, Touring Car, Coupe, Sedan, Truck and Fordson Tractor.
