Seek Candle Light Shade.

At a committee of the National Electric Light association, investigating the question of toning lamps for color, it seemed to be the general judgment of those to whom samples were submitted that a light even somewhat more distant from white than that of the carbon incandescent lamp was desirable, something indeed approximating the kerosene flame of earlier days. The result of practical experience on a considerable scale in the candle-flame lamp now brought out meets the color requirements very beautifully, and moreover, the coating given to the bulb is permanent in hue even when used on the gas-fitted lamps, thus possessing a virtue which most of the earlier experimental lamps did not have in a reliable degree. The loss in efficiency by the color-toned diffusing coating is relatively small, the specific consumption being less than half that of a carbon lamp of anything near the same color.

Building Model a Wonder.

What is claimed to be the most complete piece of model building ever attempted is that of Pershing square, New York, shown at the recent convention of hotel men in that city. The model is a large one and attempts to be a complete miniature. It was constructed from plans furnished by the public service commission and architects. Francis T. Gilling, a sculptor, worked on it for two years. The materials used for the miniature of Grand Central terminal are wood pulp and celluloid. The 15,000 windows of the skyscraper are shown, together with cars, lights, signal devices and other equipment of the subways. After the exposition the model is to be shown in other cities and may be taken abroad.

MEDICAL.

Here's Proof

A Bellefonte Citizen Tells of His Experience. You have a right to doubt statements of people living far away but can you doubt Bellefonte endorsement? Read it: James H. Rine, 239 High St., says: "My back was in such a weak condition, I couldn't put my shoes on and could hardly drag myself around. I had very severe pains all through my back and limbs. I used Doan's Kidney Pills for these troubles and they cured me. I know of others to whom I have recommended Doan's and they have been cured of backache by this remedy." Over three years later, Mr. Rine added: "Doan's Kidney Pills are certainly a wonderful kidney and backache remedy. It was ten years ago that I first used them and I haven't been troubled since. I recommend Doan's whenever I hear any one complaining of backache or kidney weakness." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Rine had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. 66-12

ORVISTON.

Mrs. Hensyl Young had the bad luck to cut open to the bone the index finger of her right hand while opening a bottle of flavoring extract. We hope there will be no bad results. A wee stranger came to make her home with Mr. and Mrs. Newton Cameron, Tuesday morning, March 22nd. She was warmly welcomed, and was named Ruth Lucetta, by her proud mamma. Mrs. Arthur Crotzler and little son Floyd are visiting Mrs. Crotzler's father, John Singer, of Romola. Mr. Singer, who has suffered several paralytic strokes, is steadily losing strength, which causes his children much concern. Mrs. Charles Singer came in from Romola and took her sister-in-law over the mountain with her.

The Centre Brick and Clay works have closed down for a short time until a few repairs are made and affairs adjusted to suit all hands, after which they will resume operations as usual. The Hayes Run plant is only working half time but expects to resume in full before long. The "calamity howler" is abroad, as is generally the custom, and is depicting all sorts of dire results as a consequence of the "shut down." The optimist is a necessity, but the genuine old calamity howler is ever in our midst and could be improved on if we could only reform them and let a little sunshine filter in through the gloom of their souls. In the meantime, we will all join in singing: "There is Sunshine in My Soul Today."

RUNVILLE.

William Resides, of Tyrone, was a caller in our town last Thursday. E. S. Bennett bought a fine team of black horses last Monday at the Roy McKinley sale. Miss Verda Sparks, of Altoona, visited her parents, Mr. and Mrs. G. A. Sparks, over Sunday. John Dewey, wife and little son, John Jr., are visiting Mrs. Dewey's

COULDN'T WRITE HIS NAME

Mr. Gabriel M. Gedney, of 411 Main Street, Poughkeepsie, N. Y., was a sufferer for 15 years with nervous trouble which weakened his entire system. He said:

Gabriel Gedney

"I used to have terrible headaches and would get out of breath after the least exertion. My heart gave me some trouble, too. My stomach and kidneys were in bad shape and I would have to get up often at night. I could not write my own name because of my nervous trouble. Then I found GOLDINE and tried it. Now I can write easily, and feel much better in every way." For sale by all druggists or send 10c for liberal sample. Goldine Mfg. Co., Dept. 8, Albany, N. Y. Sold at M. B. Runkle's Drug Store.

Mr. and Mrs. Forde Walker and little son visited at State College over Sunday, at the home of Mr. and Mrs. Homer Walker.

Mr. and Mrs. William D. Lucas and three children, and Mr. and Mrs. Jake Walker, of Orviston, autoed to this place Sunday and visited at the home of L. J. Heaton.

Joseph Rodgers spent Sunday with his home folks, as usual. We are sorry to learn that Mr. Rodgers and his family will leave our town and move to State College, where he has been employed for some time; but knowing it will be much more convenient for them, we must console ourselves with the knowledge that our loss is State College's gain.

Mrs. G. A. Sparks was very much surprised on the 18th inst., it being
