Union Cemetery Being Put in Fine Shape.

Work is now well under way toward improving and beautifying the Union cemetery of Bellefonte, the final sleeping place of all our old-time citizens, and when the work is completed as now planned it will be a credit to any community. The entire cemetery has been mowed and weeds and debris removed. In the old portion of the cemetery the surface is being leveled and stones reset. This work will be continued until all the old part has been put in good shape. The new portions of the cemetery will also Saturday evening and it is presumed be cleaned up and the grass mowed often enough to keep it in condition. Several trees that are in the way will be removed and the driveways im-
