

CENTRE HALL.

Miss Mary Bingman is entertaining a girl friend from Millmont.

Mrs. Victor A. Auman entertained her sister from Altoona over Sunday.

Capt. George M. Boal is spending some time with his daughter, Mrs. Charles Meyer, at Reedsville.

The Presbyterian minister, Rev. Kirkpatrick, and family, were tendered a reception on Tuesday evening.

Many of our town's people attended the circus in Bellefonte on Monday, but more were over for only the parade.

Prof. and Mrs. Bartges are away for a week. On their return Mr. Bartges will likely begin a summer term of school.

Children's services have been announced for several of the churches. The 5th, 12th and 19th of June are already taken.

Mrs. Weidensaul and daughter, Miss Helen, who have been spending several weeks at the home of C. F. Emery, left for Millifurberg on Monday afternoon.

Mrs. J. R. G. Allison, of Millheim, and her mother, Mrs. James Runkle, of our town, have returned from a visit to the former's son, Gross Allison, in West Virginia.

James McClenahan, ten year old son of Charles McClenahan, was taken to State College and will go from there to Harrisburg for treatment for weak ankles. We hope he may be able to walk when he returns to his home.

JACKSONVILLE.

John Yearick is now engaged in making a registration of all the children of school age in this district.

Mr. and Mrs. Oliver Bitner recently moved into half of the house formerly occupied by Charles Boon. The other half of the house is occupied by William Bitner and family.

Grandmother Glossner, who has been quite ill for some time, is slowly growing weaker. Her daughter Jennie, who has been taking care of her, is also on the sick list. Ralph Orr is slowly recovering from a siege of typhoid fever.

The Ladies Aid society met at the home of Mrs. George Ertley, last Saturday, and reported a good turn out of old members and one new one, Mrs. Clyde Yearick, which goes to show that the society is growing in numbers as well as influence.

According to an announcement received by Mrs. Harry Hoy, a young son arrived on May 3rd in the home of her brother, Harry Fisher and wife, of West Brownsville. The little fellow has been named Charles Russell and both mother and babe are doing fine.

61,000 of Our Dead Still Sleep in Europe.

"More than 61,000 American soldiers who died during the World War still sleep on foreign soil. Shall the graves of our fallen be forgotten on this, the third memorial since the armistice?" reads a bulletin issued by National headquarters of the American Legion.

A report to the Legion from Quartermaster General of the Army Rogers shows that there are 61,429 American graves in seven foreign countries. In France 59,937 men of the A. E. F. still are buried, in England there are 517, in Belgium 751, in Russia 97, in Italy 76, in Germany 43 and in Luxembourg 8.

The Legion's records show that the organization decorated 75,000 graves overseas last year with a fund of 1,000,000 francs raised in America and France.

The bulletin which the Legion forwarded to each of its 11,000 posts emphasized the individual obligation of the Legionnaires and their prompt action.

Had Lost a Valuable Man.

For many years a certain old fellow had been engaged by a local farmer to gather his potatoes at a fixed sum per acre. He died, and the farmer was obliged to get another man.

A day or two later the farmer strolled around to see how the new man was progressing. To his surprise, at the end of the field he found a large heap of stones. "Here, what does this mean?" he demanded.

"Well, sir," responded the man in charge of the operation, "whenever I finds a stone in the 'taters I just dumps it down there."

"Ah!" remarked the farmer sadly: "I shall never find another man like Sam."

"Oh," replied the new man, rather nettled, "why old Sam was nearly blind an' didn't know a stone from a 'tater."

"Maybe he didn't and maybe he did!" sighed the farmer; "but he was not so particular about keeping the stones out of the 'taters. They weigh."

Sweet Potatoes.

The sweet potato may soon be a much more common vegetable in our markets than heretofore. Its season has been restricted by the difficulty of keeping it for any length of time in storage. Unlike the white potato, it began to deteriorate as soon as it came out of the ground.

This trouble is understood to have been overcome by new methods of curing, and plants specially designed for the storage of sweet potatoes have recently been established at many points in the South.

Improved and much sweeter varieties have been developed, and a campaign is being organized to promote the marketing of better sweet potatoes on a greater scale all over the country.

The sweet potato, of course, is not really a potato at all, but a kind of yam. It is, like the so-called "Irish" potato, an American vegetable by origin.
