

## Civilization's Greatest Achievement

Some Eskimos were brought down to Edmonton, Alberta, on official business.

They had never before been south of the Arctic Circle.

They had never seen a street, a town, a window, or a wooden door. A bed, a water tap, and an electric light produced completely new sensations. Street cars were unknown to them; telephones unheard of; trains not to be believed even when beheld.

They had never seen an automobile until someone took them riding in one. They had never set their eyes on an airplane until someone did his most daring stunts in one to thrill them. They had never even seen a movie!

But what do you suppose moved them most in the whole bag of tricks which civilization produced for their amusement and amazement?

What seemed to them the greatest wonder of all?

The cold storage plants!

The White Man didn't always have to hunt and fish when he wanted to eat!

Here was civilization's greatest gift, its greatest benefaction.

This feature of civilization makes it possible for Swift & Company, in the season of over production, to store a supply of food for distribution in the season of scant, or non-production. Thus we are able to maintain for all a constant supply of such choice and necessary foods as Premium Milk-fed Chickens, Brookfield Butter and Brookfield Eggs.

### CENTRE HALL.

Several weddings are announced for the near future.

Mr. and Mrs. George Robertson, of Hartford, Conn., arrived at the home of Mr. Robertson's father, E. D. Brisbin, on Wednesday.

Mrs. E. L. Bartholomew and daughter Mary Helen, came to visit the former's sister, Miss Mary Kennedy, and decided to remain for the Chautauqua.

Do not forget the lawn social at the home of Mrs. T. L. Moore, on the afternoon and evening of July 4th. The Ladies Aid society of the Methodist church will be grateful to the public for their patronage.

The Chautauqua entertainments this week were of the highest class, and were greatly appreciated by the people of our community. The work done by the Juniors was fine; and they spent a most enjoyable time in the preparation of the pageant, supervised by Miss Ruth Hess, the Junior superintendent.

The murder at Hannah would not have happened had it not been known that the victim kept a large sum of money in the house.

Why take this risk when there are banks that will not only safe-guard your cash, but pay you interest as well?

In these days when crimes of this character are frequent, why not escape the risk of attack by putting your money in bank?
