

ALL ABOUT TOWN AND COUNTY.

No paper next week. Don't forget the circus on the High school grounds this evening. Remember the Business Men's picnic at Hecla park, on Thursday, August 18th. Miss Madge Carner, of Hublersburg, has been elected a teacher in the public schools at Bellwood. The frame work of the new roof on the Bellefonte Academy is now up, which is evidence that the contractor is making good headway. A little daughter was born last Friday to Mr. and Mrs. Charles Young, at the home of Mrs. Young's parents, Dr. and Mrs. M. A. Kirk, in Bellefonte. The bass season opened in Pennsylvania today and will continue until December 30th. The only bass fishing in Centre county is in Bald Eagle creek below Howard. The wedding of Miss Sara Stroh Shuey, youngest daughter of Mr. and Mrs. C. C. Shuey, and William Robert Worth, of Solvay, N. Y., will take place Tuesday, July 5th. The "Has Beens" have practically completed a permanent camp on Fishing creek 16x22 feet in size and expect to open it either today or tomorrow for their usual month's outing. Mrs. H. E. Fenlon entertained Tuesday evening with cards, and Mrs. L. T. Munson last night, in compliment to Mrs. William Dix, of Dayton, Ohio, who is spending a month in Bellefonte. Dr. J. L. Seibert and Andrew McNitt are each driving new Franklin runabouts, received on Tuesday morning through the Wion garage. The cars are identical in make, and of the latest model. It will be worth your while to go out to the High school grounds this evening and see the monkeys and the elephant, and all the other attractions of the big circus being put on for one night only by the Y. W. girls. Mrs. R. V. Pugh was so unfortunate on Monday as to trip on the step at her porch on Curtin street, fall and fracture her hip. Inasmuch as she is eighty-eight years of age her injury is considered quite serious. The First National bank of Hastings was robbed of approximately one thousand dollars at noon on Monday by two unmasked men who held up the tellers and made away with the counter money. The men escaped in an automobile. E. D. Felice, the fashionable ladies tailor in the Garman house block, has been compelled to retire from business, beginning today, on account of ill health. He is now undergoing treatment and hopes to be able to reopen his shop in the fall. The police were summoned to Gamble's mill about 9:30 o'clock on Monday evening by the suspicious actions of two men who were evidently trying to break into the office. When the officers reached the mill, however, the men had made a getaway and could not be located. John Walker, of Rush township, was run down by an automobile driven by Adolph Rough, of Munson, at Retort on Saturday night, and so badly injured that he died at the Cottage State hospital, Philipsburg, on Sunday morning. A coroner's jury returned a verdict of accidental death. The State Department of Health, in anticipation of Fourth of July celebrations, has restocked its anti-toxin stations throughout the State. Those for Centre county are Runkle's drug store, Bellefonte; Ray D. Gilliland, State College, and the G. F. Troutman & Co. drug store, Philipsburg. Monday evening, July 18th, the famous Orphans' band from the Tressler Orphans' home, at Loysville, will appear in Bellefonte under the direction of the Lutheran church. The concert will be free but an offering will be lifted for the benefit of the Home. The band this season includes forty-two boys, ranging in age from ten to sixteen years. A lady of our acquaintance is rightfully indignant because a rumor is being circulated to the effect that she has made a barrel of dandelion wine. She draws the line at the imputed reputation of being such a wholesale home brewer and wants it distinctly understood that she didn't make a barrel at all. She made only forty-five gallons. The Ladies Aid society of the Centre Hall Methodist church will hold a lawn and porch social on the property belonging to the late Mrs. Lillian E. Alexander, next Monday, July 4th. The ladies will serve all seasonable refreshments, and will appreciate all patronage by the public. The object is to raise money to help remodel their church, and the hearty support of all should be given them. Mr. and Mrs. Louis Schad and Mrs. Russell Blair left yesterday for Atlantic City, where Mrs. Schad will appear on the Steel pier Sunday, July 3rd, as soloist with the Symphony orchestra. Having been an ardent student of the violin since a child and under the instruction of J. W. Leman, achieved for herself a reputation among musicians throughout Pennsylvania, and this unsolicited honor accorded her, does not come as a surprise to her many admirers. Mrs. Schad has consented to appear later in the season at Ocean City.

MURDER IN PHILIPSBURG.

Raymond Shaw Shot by Frank Benedict. Slayer in Centre County Jail.

Following close on the alleged murder of George M. Marks, at Hannah Furnace, a shooting occurred in Philipsburg last Friday evening and the result thereof was the death of Raymond Shaw, of Blue Ball, Clearfield county, and the arrest of his slayer, Frank Benedict, also alleged to be a resident of Clearfield county, who is now in the Centre county jail awaiting trial on the charge of murder. The shooting occurred in front of the Continental hotel, on west Pine street. Definite information as to the cause of the shooting has not been obtainable. So far as can be learned the two men were in the bar-room of the hotel. Benedict was the first to go out and stood on the pavement. When Shaw went out of the hotel Benedict is alleged to have pulled a revolver from his pocket and without a word fired pointblank at him. The latter did not drop but staggered back into the bar-room and exclaimed to the bartender, "That fellow shot me." Shaw was hurried to the McGirk sanatorium while Benedict calmly walked down to the railroad where he was arrested by state policeman Sterling. Various stories have been in circulation as to the cause of the shooting, such as a feud if several years' standing, a dispute over who should pay for the drinks in the hotel, but there is nothing authentic about either rumor. To a newspaper man who questioned him Benedict said he shot Shaw because the latter was going to fight him. At the sanatorium it was found that Shaw had been shot in the left side of his abdomen, the bullet making thirteen perforations in its passage through the body then lodged in the right side. The bullet was a .32-caliber. The shooting occurred about six o'clock on Friday evening and Shaw lived until 8:12 o'clock Saturday morning. Following his death coroner Heaton empaneled a jury and viewed the remains, the jury returning a verdict in effect that Shaw came to his death by a gunshot wound inflicted by "another party." Shaw was twenty-five years old and bore an excellent reputation. He is survived by his wife, one brother and three sisters. Benedict, who claims to be a Hungarian, is thirty-five years old and unmarried. He has been in this county seventeen years. Inquiry at Clearfield brought out the fact that Benedict was known as a man of quarrelsome nature and rather difficult to get along with. He was unaturalized but had taken out his first papers just recently. He was held in Philipsburg until Saturday afternoon when he was brought to Bellefonte and locked in the Centre county jail.

League of Women Voters to Hold Convention.

Mrs. Robert Mills Beach, chairman of the League of Women Voters for Centre county, will in the next few days issue her official call for an annual convention to be held in the High school building, Bellefonte, on Friday of next week, July 8th. There will be two sessions, from 10 to 12 a. m., and 2 to 4 p. m. A box luncheon will be served in the domestic science room at 12:30. Miss Martha G. Thomas, state treasurer of the organization, will speak in the afternoon on what the League has accomplished and its present needs. Much of the legislation for which the organization stood has been enacted, but considerable work has been planned for the coming year. Every woman interested in her rights of franchise should attend this convention.

Fifty Years an Odd Fellow.

A pleasant little incident that brightened up the corners around the home of W. H. Derstine, on Bishop street, recently, was the presentation to him of a handsomely jeweled Odd Fellow's insignia in commemoration of the fiftieth anniversary of Mr. Derstine's membership in the order, which happened on June 1st. Now Bellefonte lodge has a quintet of semi-centenarians. C. T. Gerberich, Isaac Miller, Henry Armagast and Harvey Griffith have all been wearing the gold and red medal suspended from the three links of gold for some time, and to their number is added William H. Derstine. And, incidentally, when one stops to recall just what kind of men these five have been and are yet in our community there need not be much speculation as to why the local Odd Fellows had such a long and unswerving existence here.

"Daughters" Elect Officers.

At the last meeting of the Bellefonte Chapter Daughters of the American Revolution the following officers were elected for the ensuing year: Regent—Miss Helen E. Canfield Overton. Vice Regent—Mrs. William Frenn. Recording Secretary—Mrs. John Porter Lyon. Corresponding Secretary—Mrs. D. A. Anderson. Treasurer—Miss Kate Dunlop Shugert. Historian—Mrs. John I. Olewine. No Paper Next Week.

During the past six months the entire force in the "Watchman" office has worked with unswerving fidelity every day and from week to week in order that the readers of this paper would always get it on time. The constant grind is beginning to pall and everybody is going to take a vacation, consequently no "Watchman" will be issued next week. The wilds of Fishing creek and the lure of the wily trout are calling and the piscatorial members of the force will go into camp on that stream. Other members have planned extended trips to Centre Hall and Aaronburg, others to Hecla park, but enough will remain at home to keep the office open every day for the transaction of business, and friends will be welcome at any time. Don't expect a paper next week but look for your next number of the "Watchman" on Friday morning, July 15th.

Methuselah lived 969 years. Did he institute a reform? Did he make the world better? Was he a leader of men? What did he do? Subject at the Bellefonte Methodist church Sunday evening at 7:30.

The young ladies class of the Lutheran Sunday school at Pleasant Gap will hold a social in Noll's grove on the evening of July 4th. Music will be furnished by the State College band. Ice cream, cake and other good things will be on sale. Everybody invited. Just the place to round out the glorious Fourth.

While Bellefonte has been experiencing a spell of unusually hot weather it does not interfere with the quality of the motion pictures shown at the scenic, and the big exhaust fan in use there keeps the room about as comfortable as any other place in the town. Then the interesting pictures hold the attention of the audience from start to finish, so that no one has occasion to remember how hot it is. Try it and see.

The Titan Metal company is making good progress in erecting their new buildings to replace those destroyed by fire two months ago. The new buildings will be of concrete foundation, steel framework and sheeting, hence absolutely fireproof. The framework of the main building is in place and the sheeting being put on. A quantity of new machinery has been received to replace that damaged by the fire and it won't be many weeks until the plant will be in better shape than ever.

Announcements have been received in Bellefonte of the marriage of Richard Stockton Roberts and Miss Vega Amend, both of Pasadena, California, the wedding having taken place in that city, Saturday, the eighteenth of June. Mr. Roberts has many friends in Bellefonte, made during his different visits here with his parent's relatives, the Humes and Hughes families. His mother, Mrs. Luther Roberts, and her daughter, Miss Elizabeth, spent much of the winter in Bellefonte.

Baseball fans will very likely have a treat in store for them on the occasion of the annual picnic of the Bellefonte Business Men's Association at Hecla park on August 18th. From all indications the big game of the day will be between the Eagle silk mill team of Shamokin, and the twenty thousand dollar nine of Philipsburg. No attempt will be made to cover up the fact that the silk mill team will be just what its name implies, and all the loyal supporters of the Philipsburg nine will surely be invited to come over and see the contest.

Centre county has no cause to complain of lack of rain this week. Beginning on Monday there has been a succession of hard storms every day which have covered the entire county. In fact in some places so much rain fell that fields were washed out and corn and wheat flattened to the ground. On Tuesday lightning struck the C. C. Shuey home on Bishop street, but fortunately it was a cold stroke and did little damage. One barn up in Ferguson township was struck and burned to the ground. During the hard storm on Wednesday afternoon lightning struck the Shiloh church, knocking off a portion of the steeple and ripping off some of the weather boarding. The damage done will amount to several hundred dollars.

At the special dinner Saturday night, which is considered the social function in the camp life at the Hughes' camp, on Snow Shoe mountain, Mr. Hughes announced the engagement of his niece, Ottilie Hughes, and William Ashbaugh, of Washington, Pa., a member of the class of 1921, Bellefonte Academy. For the occasion, great preparations had been made, the party concluding their merry-making at the Snow Shoe park, which had been placed at their disposal for the evening. Miss Hughes is the only daughter of Mr. and Mrs. Luther Hughes, but has made her home with her uncle and aunt, Mr. and Mrs. James R. Hughes, since entering the Academy. No definite time has been set for the wedding as Mr. Ashbaugh will enter the University of Pittsburgh in the fall to continue his school work.

Linn Fromm Loses Eye in Peculiar Accident.

Theodore Linn Fromm, chauffeur for the American Lime and Stone company, had the sight of his right eye totally destroyed and was otherwise injured in a peculiar accident late last Thursday afternoon. Fromm had driven the car down to the office when he discovered that the motor was not working right. On making an examination he discovered a defective battery connection. Going into the office he asked Mr. Morris for a piece of wire. The only wire in the office suitable was that attached to a dynamite exploder. Mr. Morris offered to cut off a piece of the wire but Fromm demurred, saying he would take it out to the car and measure it first, as there was no use in wasting more wire than was needed.

Mr. Morris thereupon cautioned him to be very careful as an exploder was a dangerous thing to handle, especially for a man who knew nothing about it. He also told him not to cut it himself but after measuring it take it in to him and he would cut it. Fromm went out and in order to get a correct measurement fastened one end of the wire to the battery then carried the wire to the tail light, which had been out of service, and there is where he made the fatal mistake. He thus created a complete circuit and the result was the explosion of the exploder. Most of the contents of the exploder struck Fromm on the breast, inflicting painful wounds while one sliver struck him in the right eye, puncturing the pupil and destroying the sight.

Hearing the explosion Mr. Morris ran out of the office and saw Fromm stumbling away from the machine and with his hand over his eye. He ran and caught him and at once saw the seriousness of his injuries, so got him to the hospital as quickly as possible. He is getting along now as well as can be expected. Fromm is married and lives on north Spring street.

Harry Fogleman Badly Scalded at State-Centre Co. Plant.

Harry Fogleman, one of the engineers at the big power plant of the State-Centre Electric company at Milesburg, was badly scalded last Thursday night when the four inch steam pipe running from the battery of boilers to the big turbine engine burst with a loud explosion and a roar of steam that could be heard all over Milesburg.

The accident happened between eight and nine o'clock in the evening. Mr. Fogleman was not in the boiler room at the time but as soon as he realized what had happened he started for the boiler room to turn off the valve on the pipe. In going down the steps he ran into a shower of steam and hot water but he went through and turned the valve. He was later brought to the Bellefonte hospital for treatment. Although very painful he was not seriously scalded and has been getting along as well as can be expected.

As a result of the accident the plant was shut down until repairs could be made and it was well on toward eleven o'clock when the big engine was started and the current again turned on. But for two hours or longer Bellefonte and the entire territory served by the State-Centre company was in darkness, save for candles and kerosine lamps requisitioned to tide over the emergency.

Big reduction sale on ladies' white pumps and oxfords at Yeager's. 26-1t

Workmen on the Academy swimming pond on Hughes field are making good headway and expect to have the same completed by the Fourth of July, or shortly thereafter. The concrete banks surrounding the pool were completed last week and the bottom is now being put in. A temporary pipe has been laid from the borough water main to the pool as a temporary means of supplying it with water, but headmaster James R. Hughes has made arrangements for the drilling of a well on Hughes field in the hope of finding an adequate supply of water to keep the pond filled constantly. If a good well can be tapped Mr. Hughes will install a windmill and by keeping it in almost continual operation will be able to keep the supply of water in the pond up to any height desired. A drain pipe will run from the pond to the borough sewer on Bishop street to take care of the overflow or excess water, and also as a means of draining the pond for cleaning, etc.

John Dubbs, son of Mr. and Mrs. John Dubbs, of Bellefonte, got the index finger of his right hand in the electric coffee grinder at Weaver's grocery, on Saturday morning, with the result that it was torn off at the first joint. He was taken to the hospital to have the finger properly dressed. The young man works in the grocery store and as the result of the injury was off duty several days.

We notice at the head of a group of gentlemen, every one of whom looks a live wire, the smiling countenance of a former Bellefonte, our good friend "Bill" Moore. The photos of thirty of them are reproduced in "The Kardexer," the publicity sheet of the Kardexer company, of Tomawanda, N. Y. Under the caption "The Chief Looks 'Em Over" Mr. Moore, the general sales manager, is placed at the head of the group of men who are managing the eight divisions into which the United States are divided for the sales of this wonderful new filing system. Judging from his expression in this latest pose he is still exemplifying his old motto that "the man worth while is the man with the smile." And he must have succeeded in having a lot of his force adopt the same slogan for most of them are grinnin' like they had found getting Kardexer business something worth while.

While in Bellefonte on business on Wednesday George D. Gregory, of Gregory Bros., State College, paid the "Watchman" office a brief visit and related a portion of his experience on a recent trip back to his native land for the purpose of visiting his mother. Upon his arrival in Greece he observed rather ominous signs of army mobilization and at once called on the U. S. consul to find out what he thought of the situation. The consul promptly told him that if he was a native of Greece and had a business in the United States he'd get back there as soon as he could. Mr. Gregory took the hint and promptly applied to the Greek authorities for the surrender of his passport and then got the shock of his life. That official paid cost him ten dollars in the United States but to get it back from his brother Greeks he was compelled to deliver over four hundred good American dollars. But he did so and just twelve days after he landed he was back on ship headed for home, without getting to see his mother and friends and the very day he embarked army mobilization orders were issued. Mr. Gregory got back to State College several week ago and he is glad of it because he is a naturalized American citizen and before coming here had served his native country in the Balkan war.

Mr. and Mrs. P. J. Haller, of Spring creek, left yesterday for Philadelphia, to spend their five day's vacation as guests of Mrs. Haller's brother, M. E. Donovan, master mechanic of the American Engineering Co. The principal reason for Mr. and Mrs. Haller's vacation at this time, and also for their going east, was Mr. Haller's love of sport and his good fortune in securing a seat on the fourth row from the arena in the Dempsey-Carpenter fight tomorrow. Mr. and Mrs. Haller will spend a short time at the sea shore before returning home.

He left here Tuesday for Atlantic City, where he expected to tarry until tomorrow when he will run over to Jersey City for the fight before going home.
