#### Will Prevent Much Sickness.

These enervating days are fraught with danger to people whose systems are poorly sustained. This leads the makers of Hood's Sarsaparilla to say, in the interest of the less robust, that the full effect of this good old family medicine justifies calling it, not only a blood purifier but also a tonic. It is sustaining. It gives strength, aids digestion, promotes refreshing sleep, and will prevent much sickness at this time of year.

Hood's Pills, which are gentle and thorough, may be taken with it, in cases where there is need of a cathartic or laxative.
