

AARONSBURG.

Mr. and Mrs. Parris, of Pittsburgh, are guests at the B. F. Huffly home.

William Stover, of Millheim, spent several hours Sunday afternoon with his friend, Thomas Hull.

Mr. Johnson, of Reading, spent a Sunday recently with his parents, Mr. and Mrs. Johnson, in town.

Mr. and Mrs. Joseph Johnson spent a few days in Yeagertown, where they were guests of Mrs. Johnson's sisters.

Mrs. Ed. Swam and daughter, of Olean, N. Y., were guests of Mrs. Swam's mother, Mrs. Elizabeth Limbert.

Mr. and Mrs. Lester Cummings, of Pittsburgh, spent a few days with Mr. Cummings' mother, Mrs. Charles Wolfe.

Monroe Kramer, his sister, Mrs. Samuel Boyer, and brother Henry D. Kramer and wife, spent Sunday with their sister in Union county.

Mr. and Mrs. Charles Holloway, of Wadsworth, Ohio, spent a week in town. While here they visited at the home of Mr. and Mrs. George Weaver.

Mr. and Mrs. Irvin Tate and daughter Thelma, Mrs. Rhoades and daughter, of Coleville, and Mr. Crane, of Port Matilda, spent Sunday at the home of 'Squire' Stover.

John Wolfe has returned home from the Geisinger hospital in Danville, where he underwent an operation. His friends hope he may soon be able to resume his regular duties.

Charles Summers, who has been spending several months with his brother-in-law and sister, Mr. and Mrs. John Wolfe, returned to Williamsport, where he hoped to again resume his work.

Mr. and Mrs. Herbert Hosterman, their two children and some friends, of Buffalo, N. Y., arrived in town Friday evening and are spending a vacation with Mrs. Hosterman's parents, Mr. and Mrs. E. G. Mingle, and with Mr. Hosterman's mother and sister in

Woodward. Mr. and Mrs. Mingle also had as a guest Mrs. Mingle's niece, Miss Eva Stambach, of Lock Haven.

Mr. and Mrs. John Isenberg and two daughters, of State College, motored to town last Friday afternoon and spent a short time with Mrs. Isenberg's uncle and aunt, 'Squire' and Mrs. A. S. Sover.

Thursday evening Mr. and Mrs. James Holloway, Mr. and Mrs. J. H. Crouse, Mr. and Mrs. H. E. Crouse gave a picnic supper at Silver Spring, in honor of Mr. and Mrs. Holloway. They also had as guests Mr. and Mrs. Weaver.

Mrs. Jennie Sylvis, after spending several weeks with friends in Spring Mills and elsewhere, returned to her home here, Monday evening. No doubt she was glad to return home as she says the weather was quite hot for visiting.

Mrs. William Summers and daughter Sara, and little grand-daughter, of Clearfield, are guests of Mrs. Summers' mother, Mrs. Sarah Leitzell. During the past week Mrs. Goodyear, of Harrisburg, was also a guest in the Leitzell home.

Mr. and Mrs. Ray Auman and two bright little sons are guests of Mr. Auman's parents in Millheim, and Mrs. Auman's mother, Mrs. Alice Eisenhaue, in this place. They expect to return to their home in Youngstown, Thursday.

On Sunday John P. Condo had the pleasure of entertaining his sister-in-law, Mrs. Kennelly, of Lewistown; her son-in-law and daughter, Mr. and Mrs. Fred Porter, of York. They motored across the Seven mountains in the forenoon and returned home in the evening.

Mr. and Mrs. Howard Acker have had the pleasure of a visit of all their children with the exception of their youngest son, Lowell, of Akron. They included Mr. and Mrs. Flickinger and son Arthur, of Long Island, N. Y.; Mrs. Martin Hesel and three children, of Holsapple; Mr. and Mrs. Weirman, of Chicago, Ill., and Charles Acker, of Akron, Ohio. Mr. and Mrs. Weirman are still here, as the health of Mrs. Weirman is such that they feel the country air will be a great benefit to her.

CULTURE PEARLS NOT FRAUDS.

London woman who own pearls are still excited over the culture pearls made or "cultured" by the Japanese and now being put on the market in large quantities. The women fear that they may be led to purchase or acquire such pearls instead of the genuine.

As a matter of fact, detection of the culture pearl is very easy. Such pearls are made by inserting a fair-sized ball of mother-of-pearl or even lead into the oyster, which then proceeds to coat it with a thin veneer of the same substance of which genuine pearls consist. The difference is about the same as between gold plate and gold. But while a plated article looks like gold when it is new, the cultured pearl, owing to the fact that the bulk of its substance is foreign matter, does not present the same outward appearance as the genuine, and is easily detected at a glance by competent dealers.

It is to be noted that genuine pearls are also the result of the entrance inside of the shell of the living oyster of some foreign substance. This has been known for ages and pearls have thus been artificially started. About the only thing new, perhaps, is the use of a mother-of-pearl base for a starter.

As for the Japanese industry it seems experiments with cultured pearls began in 1879, when K. Mikimoto, of Miya Prefecture, Japan, introduced a foreign substance within the lips of an oyster three years old, and it was found that four years later the bivalve had covered the intruder with a deposit resembling the pearl of ordinary commerce, but not perfectly round.

The color was yellowish-green. He made a display of his products in an exposition in Tokyo. Since then the Japanese have improved the culture, producing round pearls. Even with the improvements experts readily perceived the difference between the unaided gems and cultures, and the Japanese sales in 1918 had grown only to 560,000 yen, or about \$280,000. Artificial pearls are also made in Japan from a solution of fish scales and glass. They are produced cheaply and are found on sale all over the world.

One Look Enough.

The politician who was running for re-election called upon a Quaker family and asked the wife, who came to the door, to see her husband.

"Have a seat and my husband will see thee," the Quaker lady responded. The politician waited for several minutes, but the husband did not show up.

"I thought you said your husband would see me?" he said.

"He has seen thee," responded the Quaker lady, "but he did not like thy looks so he went another way."—Unidentified.

HOOD'S SARSAPARILLA.

MEDICINAL ROOTS, HERBS, BARKS AND BERRIES

And other alternatives, tonics and health-giving ingredients that are recommended in the best medical books, are combined in Hood's Sarsaparilla. Who says that "bargain" tires are what the people want

MOST everybody knows the easy-going sort of man who never takes a tire seriously until he gets a blow-out.

How long he will resist universal tire education is a question.

But this is sure—

More people are finding out every day that between leaving things to luck and getting *real economy* there is a big difference.

Many a car-owner has come to U. S. Tires because he couldn't afford to keep on *paying* that difference.

Probably seven out of ten users of U. S. Tires came to them only after they'd had enough of "discounts", "bargain offers", "clearance sales of surplus stocks" and other similar appeals.

They have found *economy*—and they stick to it.

They pay a *net price*—not "something off list" that may not mean anything in the first place.

They get *fresh, live tires, being made and shipped* while this message is being written.

No matter where they live there's a nearby U. S. Dealer with his nearby U. S. Factory Branch.

U. S. Tires keep *moving*.

No opportunity to get old and dried out. No shifting here and there trying to find a market.

Every U. S. Tire a *good* tire, wherever you find it anywhere in the country.

Because the U. S. policy is a *good* policy that serves the car-owner all the time.

Doing the very best for him that human good faith can do.

THE U. S. CHAIN TREAD

One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire Line.
