Howard people are banking on a gala time tomorrow afternoon and evening when they will make merry with two games of ball, band concerts and a big festival in the evening.

Many Bellefonte firemen will attend the annual convention of the Central Pennsylvania Volunteer Firemen's association to be held in Philadelphia Wednesday and Thursday of next week.

Mr. and Mrs. Paul D. Sheffer have announced the engagement of their daughter, Miss Mabel Elizabeth Sheffer to John Wynn Fredericks, of Lock Haven. Although no definite date has been set for the wedding, it will probably take place within the year.

Work was started last week on the digging of the foundations for the new Keystone Gas and Oil company supply station on the lot recently purchased off of the Haag property on east Bishop street. The building will be located just across Penn street from the Undine fire company house.

Miss Mary Frank, of Ferguson township, was bitten on the instep by a rattlesnake on Monday while taking the cows home from pasture. A physician was hastily summoned who cauterized the wound and administered an antidote and the young lady is now getting along all right. The snake was killed.

One of the worst freight wrecks that has occurred on the Bald Eagle Valley railroad for some time took place at Julian about noon on Wednesday when ten coal cars were piled up indiscriminately. The track was so badly blocked that the Pennsylvania flyer east and west was annulled on the Tyrone division and sent around by way of Lewistown and Sunbury.

According to Dr. Bertoni, a scientific explorer, a tree has been discovered in Paraguay which the natives term the "winesap" tree. It derives its name from the fact that when the bark is punctured it yields up a copious stream of rich, red wine, with an enticing bouquet, etc. Any Bellefonter wishing to engage in a lucrative business might engage as an importer of the winesap tree, as they would undoubtedly be easy to dispose of.

Now that the 1921 Chautauqua is a thing of the past Bellefonters will have to fall back on the scenic as the one place of entertainment and amusement. In doing so, however, they can rely on the fact that they will always see the best motion pictures obtainable. Manager T. Clayton Brown not only secures the regular circuit program of pictures but makes it a point to book all specials just as soon as they can be obtained. Scenic pictures always please scenic patrons.

Petitions have been circulated in Bellefonte and Centre county during the week, at the instance of the Women's clubs, in behalf of Miss Luerca V. Simmons, of State College, as a delegate from this congressional district to the proposed constitutional convention. Miss Simmons was for several years dean of women at the College but resigned that chair to become professor of languages. She is an enthusiastic student of political economy and a confirmed believer in equal rights for women.

Dr. C. A. VanValin loaded his dentist equipment on a big truck on Tuesday morning, closed his office in this place and going to Unionville completed the loading of the truck with household furniture and departed for his new home in Williamsport. It is twenty-three years since Dr. VanValin opened his dental office in Bellefonte and his departure from here was not because of lack of work but for the reason that he has a son already located in Williamsport and he felt that that city offered better opportunities for his children, who are fast growing into young men and women.

Mrs. VanValin is a sufferer with neuritis and it is at present with friends in Tyrone, and it is the intention of her husband and children to have their new home all fixed up by the time she concludes her visit in Blair county. The doctor's departure from Bellefonte means the closing of the second dental office in Bellefonte within six weeks. Dr. J. E. Caldwell going to Lewistown about the first of July.

BIG PROGRAM FOR BUSINESS MEN'S PICNIC.

Everything Ready for Outing at Hecla Park Next Thursday. Will You be There?

The various committees have practically completed arrangements for the big picnic of the Business Men's Association of Bellefonte, which will be held at Hecla park next Thursday, August 18th. Indications point to a record crowd, not only from Bellefonte, but Phillipsburg, State College, Lock Haven and intervening points. Arrangements have been made for ample bus facilities to handle the crowd. Following is the program in full:

- 9:30 a. m.—Band concert by the Odd Fellows band.
10:00 a. m.—Canoe race and tilting contest.
10:30 a. m.—Baseball game between the Lock Haven business men and the Bellefonte business men.
12:00—Meals will be served on the ground by the celebrated caterer, "Jerles."

Be sure to be on hand for the business men's game, as it will be worth seeing. Canoes will be furnished by the Bald Eagle canoe house at reasonable charge, and there will be several life guards on hand in case of accident.

"Jerles," the famous caterer, will serve the meals on the grounds at a reasonable charge, so don't bother with a basket.

The ball game between the Silk Mill and Phillipsburg teams promises to be one of the fastest games ever played in this section, and will be worth while seeing, as both teams have a wonderful record in their respective localities. It will be umpired by the well known big league umpire, "Goconour," from Altoona, who knows his business and will make it fast.

The band concert will be given by the Odd Fellows band, of Bellefonte, and they are worth hearing.

There will be plenty of drinking water on hand, and the committee has made arrangements to have it iced. A Red Cross nurse will be on the grounds all day in case she should be needed.

Buss schedules are as follows: Meyers busses will leave State College at 9 a. m., 11 a. m. and 1 p. m. Returning, leave Hecla park at 6 p. m., 8 p. m. and 10 p. m. Fare round trip, \$1.00.

Deer Frightened Team, One Horse Killed.

John I. Thompson, son of Mr. and Mrs. George B. Thompson, of Alto, had a thrilling experience on Wednesday morning and the family is shy one of their best driving horses all on account of a deer.

On Wednesday morning John hitched a team of spirited drivers to the buggy and with two young friends started on a drive to Scotia. The trip is practically all through the Barrens, a country thickly covered with second and third growth timber and dense underbrush, and while driving along the road at a place where the brush was unusually thick a big deer suddenly jumped out of cover alongside the road right at the horses. The animals took fright and ran away, with the driver unable to stop them. Fortunately for the occupants of the vehicle the tongue broke loose which probably saved them from a bad spill and possibly serious injury.

Loose from the buggy the horses ran along the road at breakneck speed until they came to a fork in the road when one of the animals undertook to go one way and the other took the other road. The result was one of them was thrown violently against a tree and broke his neck. The other horse stopped right there in its mad flight and was caught by the boys.

Troop B, Bellefonte's unit of the Pennsylvania National Guard, got away to camp with flying colors last Friday night. Notwithstanding the fact that they did not strain until almost midnight quite a number of friends of the soldier boys were present at the station to see them leave, and the I. O. O. F. band escorted the troop from the army to the station. The train which carried the soldiers came from Lock Haven, carrying the soldiers of that place, and going down over the Lewisburg railroad picked up the Boal troop at Oak Hall and the troop at Lewisburg.

Workmen started last week on the installation of the new refrigerating plant in the basement of the Bon Mot, next door to the "Watchman" office, and according to the proprietor, James Caldwell, it will take at least two weeks to complete the installation. But once in he will have a very complete plant and his consumption of ice will be reduced to a minimum.

The motion picture of the making of a Studebaker Light-Six, from the raw material to the finished car, shown on the Diamond last Saturday evening, was quite interesting, but the greater part of the large crowd which had gathered to see them disappeared when the rain began to fall.

Notice to School Teachers.

The Brockerhoff house is again doing business after being thoroughly overhauled and refreshed. Nice rooms, good table. Make your reservations early for teachers' institute. 31-2t

The 194th anniversary of the Mattern family of America will be held at Stevens park, Tyrone, Thursday, August 18th, 1921. On account of many changes every one of the connection will kindly consider themselves a committee of one to notify all the friends.

The Granger's picnic at Warriorsmark, which is the one big picnic for the people in Warriorsmark valley and the western end of Centre county, will be held in the Mattern park at Warriorsmark tomorrow. Judge Thomas G. Bailey, of Huntingdon, will be the principal speaker, while the versatile George G. Hutchinson will also be in evidence.

The Mack-Murray company will give an entertainment in the opera house on Friday evening, August 13th, entitled "Her Father's Curse," for the benefit of the Milesburg soldiers' memorial fund. The people of Milesburg and vicinity always responded as liberally as possible to every appeal for help during the world war, and always entered into every public spirited movement promulgated by the citizens of Bellefonte. This will be a good opportunity to reciprocate. Attend the above entertainment and help swell the Milesburg monument fund. Admission, 25, 35 and 50 cents.

A gang of five foreigners were arrested at Cleveland, Ohio, last week who are believed to be the men who held up the Manhattan limited on the Pennsylvania railroad, at Gallitzin two weeks ago, and robbed the mail car. The five men formerly lived at Cassandra, west of Gallitzin, and are believed to be the men who perpetrated other robberies in Clearfield and Cambria counties. The men will be extradited to Pennsylvania for trial. Apropos of the train robbery, no statement of the loss has yet been given out. The railroad company and postal authorities contend that not much of value was taken but there are also persistent rumors that the amount will run anywhere from \$50,000 to \$200,000.

The new refrigerating plant at the Clevenstine bakery on Allegheny street was completed last Thursday and tested as to efficiency. In five hours the freezing room was run down to a temperature of six degrees below zero on Thursday evening. The plant was shut down and Friday morning the temperature had gone up to four degrees above zero. The power was again turned on and in one hour's time the temperature was run down to five degrees below zero, thus proving the plant to be thoroughly efficient in every way. Mr. Clevenstine will not now be dependent on ice for freezing his ice cream, and the only quantity he will need will be for packing the cream for delivery. He has even extended the pipes of his plant to the refrigerator in his residence above the store. In putting in the plant he left connections so that at any time in the future that he wishes to add an artificial ice making equipment, he can do so.

Capt. E. R. Taylor, who has not been in good health for some time, will go to Pittsburgh the latter part of the week and enter the Marine hospital for treatment. The Captain has made two trips to the Smoky city for examination and physicians have finally advised him to go to the hospital for treatment. The fact will be recalled that shortly after Troop L was called for service in the world war Mr. Taylor, who was then first lieutenant of the troop, sustained a broken leg by being kicked by one of the troop horses. He spent six weeks in the Bellefonte hospital and, though he was still using a crutch when the troop went to Camp Hancock, he went along, trained there and went overseas. In his first engagement at the battle of the Marne he was captured by the Germans and was held a prisoner until after the signing of the armistice. His present disability, he believes, dates back to his service in the world war and he has decided to undergo a regular course of treatment. Just how long he will have to remain at the hospital will depend upon circumstances.

Our Methodist friends in Half-moon valley have been holding another of their delightful home-comings this week at Gray's church. The services began last Sunday, and a half dozen or more former pastors have been in attendance. The sermon this (Friday) evening will be preached by Rev. William M. Young, of Duboisstown. Tomorrow (Saturday) everybody will unite in a big community picnic to be held at Scotia park. There will be two ball games, one in the morning and one in the afternoon; a regular picnic dinner at one big table and addresses in the afternoon by Dr. Edwin A. Pyles, of Williamsport, and R. G. Bressler, of State College. The week will close on Sunday with a whirlwind of religious services, which will include Sunday school at 9:45 a. m., preaching at 10:45 by Rev. W. H. Hartsock, of Harrisburg; a song service at 2:30 p. m., and an evangelistic service at 2:45 with a sermon by Rev. F. W. Biddle, of Renovo. In the evening there will be a song service and another sermon by Rev. Hartsock. The public is invited to attend the picnic tomorrow and all the services on Sunday.

SOLDIERS NAMES WANTED.

If Your Name is Not on This List Report at Once.

Some weeks ago the "Watchman" told of the movement of the people of Milesburg toward the erection of a soldiers' monument in that place, and said movement is now so far under way that the monument is assured. In fact the concrete foundation is in place and an order placed for the statue. Bronze tablets will be placed on the monument on which will appear the names of the men from Milesburg and vicinity who were in service from the Spanish-American war to the world's war, inclusive. The committee has compiled a list of these men, so far as they have been able to secure the names. They hope it is correct, but in the event of any mistakes, either in the spelling of names or in the omission of any names, the list is published below. If any soldier has been omitted he is requested to report the fact at once to Toner A. Hugg, Milesburg. The (\*) attached to a name indicates that the man was either killed or died in service. Judge Quigley on Wednesday morning handed down his decision on the application for a new trial in the case of N. E. Shaughnesy vs. The Pennsylvania Railroad company, in which he refused the application and directed that judgment be entered for the defendant. The plaintiff brought an action against the railroad company to recover damages for alleged injuries sustained in a railroad wreck at Dix, on the Bald Eagle Valley railroad. The case was tried last December and after hearing the evidence the court directed the jury to return a verdict for the defendant. An application was promptly made for a new trial. The case was argued in May and the court's decision refuses the application.

Only eleven more days until the expiration of the time for the filing of nomination papers for the various borough, ward and township offices. So far there hasn't been any great rush of petitions at the commissioner's office, but there is still plenty of time and the big bulk of papers will probably come in the last few days as usual.
