Endorses Location for State Fair.

Altoona, Williamsport and Harrisburg were named in order as the which burial was made in the Advent choice for the permanent location at the proposed Pennsylvania State Agricultural and Industrial Exposition, in a resolution supporting the State fair plan passed at the annual business meeting and social gathering of the Centre county Farmers' Co-operative Association at State College last night.

Reasons why Pennsylvania should. as one of the leading agricultural States, own and conduct an annual state fair were given in detail in the resolutions. The opinion was voiced that the establishment of a state fair would in no way work hardship or injury to the county fairs. Its establishment was heartily endorsed and it was recommended that it be on a scale sufficient to be commensurate with future development. In naming Lewistown on December 2nd, followthe choice of cities for holding the fair, the association believes that those in the order named would serve the greatest number of people. The meeting was held in the dairy building of the agricultural school of The four children, Clifford, Merle, Leora Pennsylvania State College, and a number of college faculty men addressed the gathering.

WALKER .- Joel Maynard Waiker, young son of Mr. and Mrs. Forden Walker, of Runville, passed away on Sunday following a brief illness. He was born on March 10th, 1920, hence was 1 year, 9 months and 1 day old. Funeral services were held in the United Brethren church at Runville at one o'clock on Wednesday afternoon by the pastor, Rev. G. A. Sparks, after cemetery.

We miss dear Joel since he left His dear friends here to roam; He's gone to live where angels are, To be forever home.

His life was like a summer sky, Undimmed by sorrow's night; But when severe affliction came, His spirit took its flight.

We miss the prattling of his tongue. The patter of his feet; But the most of all we miss him for, Is that tender kiss so sweet.

We know that he is happy now With all the good and blest, He dwells above in realms of love, With Jesus, is at rest.

Dental Clinics for School Children.

The first Red Cross dental clinic to be scheduled by the State College Chapter was held in the Spring Mills Dr. F. A. Robinson, of State College, in charge. The Chapter has recently purchased dental equipment which treated and, besides cleaning, the ment. work included twenty-five fillings and five extractions. Dr. Kelly, also from State College, conducted a second clinic in the same school, Tuesday, December 13th. The grade children were treated in the first clinic and the vocational pupils in the second.

Prof. Gehr, principal of the vocational school, is enthusiastic about the usefulness of the clinics, both for the actual service given the children, and for their educational value. He states that the children have already more carefully taken care of now that they have started in the school, and he plans to follow it up through the school year with advice for visits to their local dentist frequently.

The appreciation of the school is best shown by the fact that professor Gehr asked the Chapter to try to secure a dentist for a third day of the pay him something. Fortunately costs. that arrangement could be made with a dentist who is giving his day of service in another school later in the year. Each dentist in this vicinity has been asked to give one day of time responded most generously.

Two-day clinics are scheduled three other schools as follows: State College, January 17 and 19, Dr. J. J. Kilpatrick and Dr. E. S. Ma-

loy, of Bellefonte. Centre Hall, February 11 and a half \$200.00 and costs. day of February 25, Dr. Musser, of

Stevens, of Bellefonte.

Effort has been made by the Chapter to secure the traveling dental clinic maintained by the State Department of Health and Red Cross head-C. J. Hollister, chief of the dental division of the State Department, has expressed much interest in the Chapyear.

Miss Shipps Has Left State College.

The people of State College and that part of Centre county, particularly the school kiddies, will regret to jail. hear of the departure of Miss Helen Shipps, special Red Cross representative attached to the State College Chapter since last February. She left last Wednesday for her home in creasing tendency to choose X-mas Zanesville, Ohio, having completed pleasure. It is this tendency that is largely in the matter of organization making beautifully designed furniture and assistance with the affairs of the

Service men should now consult with Miss Julia Kauffman, the best girl; chiffonier or dresser for re-hab nurse, in their claim adjustments.

It is interesting to note that a number of the children treated at the Stull clinics have totally recovered from their deformations, and many others have been wonderfully helped.

One little girl is now in the University hospital, at Philadelphia, on the road to recovery. She is Margaret Boal ,of Houserville. Another, Dorothy Fohringer, aged 13, of Centre Hall, who was supplied with a brace at the clinic, will be taken to the seashore home for invalid children at Atlantic City, early in January.

Tomato Plant Rivals Giant Killer's Bean Stalk.

If the youngsters who live in the vicinity of the Osmer flats, 19 south Daisy avenue, ever decide to start out on a giant hunting expedition as did Jack the Giant Killer in the famed fa-49-1t ble, they needn't look far for their conveyance.

On the south side of the flats is growing a big tomato vine, declared to be one of the largest in Southern California. It was planted there in ficers were elected for the ensuing May by Mrs. J. J. Osmer and it has been reaching with greedy fingers for the sky ever since. Just how high the vine will grow Mrs. Osmer refuses to guess. Sufficient to say it is now over twelve feet in height, though the pruning knife has been used on it liberally several times.

There are at least fifteen tomatoes growing on the vine at present. Several were cut off yesterday. The Osmer household, due to the generosity of the climber, has not purchased any tomatoes from the corner grocer for so long Mrs. Osmer has forgotten the date she visited the establishment for a supply of the vegetables.—The Long Beach, Cal., Daily Telegram, Novem-

FOUR POWERS ALLIANCE.

Quadruple Combination Formed at the Armament Conference.

To the scrap-heap where capital ships are soon to be consigned the Anglo-Japanese Alliance preceded them on Saturday. From its ashes there arose, phoenix-like, a new and greater edifice dedicated to the cause of peace in the Pacific. Four world Powers raised it into existence—the United States, the British Empire, France and Japan. Their allegiance to its purposes, dramatically declared at the fourth plenary session of the Armament Conference, in Washington, is pledged in a quadruple treaty, as follows:
"The United States of America, the

British Empire, France and Japan, with a view to the preservation of the general peace and the maintenance of their rights in relation to their insular dominions in the regions of the Pacific Ocean, have determined to conclude a treaty to this effect and have appointed as their plenipotentiaries: The President of the United States

of America. "His Majesty, the King of the United Kingdom of Great Britain and Ireland and of the British dominions beyond the seas, Emperor of India. And for the Dominion of Canada.

For the Commonwealth of Austra-For the Dominion of New Zealand. For India. The President of the French Repub-

His Majesty, the Emperor of Japan. "Who having communicated their full powers, found in good and due

form, have agreed as follows: "'Article I .- The high contracting parties agree as between themselves to respect their rights in relation to their insular possessions and insular dominions in the regions of the Pacif-

ic Ocean. "If there should develop between any of the high contracting parties a controversy arising out of any Pacific question and involving their said rights which is not satisfactorily settled by diplomacy and is likely to affect the harmonious accord now happily subsisting between them, they shall invite the high contracting parties to a joint conference to which the whole subject will be referred for con-

sideration and adjustment.
"'Article II.—If the said rights are threatened by the aggressive action of any other Power, the high con-tracting parties shall communicate with one another fully and frankly in order to arrive at an understanding as to the most efficient measures to be taken, jointly and separately, to meet the exigencies of the particular sit-

uation. "'Article III-This agreement shall remain in force for ten years from the time it shall take effect, and after the expiration of said period it shall be enforced subject to the right of any of the high contracting parties to terminate it upon twelve months' no-

"'Article IV.—This agreement shall be ratified as soon as possible in ac-cordance with the constitutional methods of the high contracting parties and shall take effect on the deposit of ratifications which shall take and Japan, which was concluded at London on July 13th, 1911, shall terminate."
