

Democratic Watchman

Bellefonte, Pa., January 20, 1922.

NEWS ABOUT TOWN AND COUNTY.

—One month of the winter season has passed away, and most of it has been real winter, too.

—See the Beatty Motor Co. advertisement on page three of this issue for another big reduction in Ford cars.

—The jury commissioners will be in Bellefonte today to draw the list of jurors for the February term of court.

—Two car loads of horses are now on their way to Bellefonte from Texas for use of Bellefonte's troop of cavalry.

—The Ladies Aid society of the Lutheran church will hold a bake sale Saturday, January 21st, at Spigelmyer's store.

—The Centre county school directors will hold their annual meeting in the court house, Friday, January 27th. A good program is being prepared.

—The Woman's Guild of St. John's Episcopal church will hold a food sale on Saturday afternoon, January 28th, at two o'clock, in the parish house.

—Claude H. McCullough, of Milesburg, has been appointed registrar of vital statistics for Milesburg and Boggs township, and J. Eugene Hall has been appointed health officer for Union township, and S. B. Conrad health officer for Taylor township.

—The Parent-Teachers association of Bellefonte, will hold a series of bake sales, for the purpose of raising money with which to buy single seats for the primary grades of the Allegheny and Bishop street schools. Watch for further announcements.

—The second anniversary of national constitution prohibition victory will be celebrated in the W. C. T. U. room in Petrikin hall this (Friday) evening at 8 o'clock. A good program has been arranged for the occasion and the public is urged to attend.

—Included in the contributions to the orphanages of the Altoona diocese of the Catholic church during the past year were \$385.20 by St. John's church, of Bellefonte; \$291.50 by St. Mary's church of Snow Shoe, and \$50.00 by Our Lady of Victory chapel, of State College.

—Dr. J. J. Kilpatrick conducted a dental clinic in the public schools of State College on Tuesday. He spent the entire day there and with the assistance of Mrs. Jones, the community nurse, had a busy time with the large number of children who appeared for examination and treatment.

—It will be just four years next groundhog day since the old steam heat works gave up the ghost and left Bellefonte shivering cold in the midst of a rather frigid winter. And many people who daily cursed everything about the old plant, as well as the bills rendered, have wished many a time since that it could be brought back to life.

—The deep snow of last week blocked many of the country roads but the pathway to the Scenic is always kept open. The room is comfortable in all kinds of weather and the motion pictures are always the best that can be obtained. As a place of amusement and entertainment the Scenic can't be beaten. Open every evening in the week, with matinees Wednesday and Saturday.

—While engaged in delivering express matter on Wednesday morning Harry Cox, driver for the American Express, fell off the sled backwards and lit on his back on the hard packed snow at the corner of Bishop and Allegheny streets. He was taken to the Bellefonte hospital, suffering intensely, and at the time this item was written it was not known just how serious his injuries were.

—W. C. Rowe, the new proprietor of Hedla park, has already cut and hauled considerable ice from the lake at that place. He has an ice house there that will hold from 450 to 500 tons of ice and if the season holds he expects to erect another house with a capacity of 1,000 tons, and fill both of them. The deep snow of last week has interfered considerably with the cutting and storing of ice.

—During last Wednesday's snow storm Mrs. W. C. Rowe's cat sought shelter under the porch at her home on north Allegheny street. The snow piled up around the porch and the cat was penned in. Of course the feline was missed and though search and inquiry was made no trace of the little animal could be found. Five days later, when the snow had melted down the cat crawled out from under the porch. For five days he had been without anything to eat or drink and though he looked a little famished at the time he was not much the worse for his imprisonment.

—S. S. Applin, of Philadelphia, has been secured by the board of directors as the new secretary of the Bellefonte Y. M. C. A. He arrived in Bellefonte yesterday morning and before noon was on the job with a vim which presaged success. But the people of Bellefonte must bear in mind the fact that their obligations do not end with the securing of a secretary. He must have the generous support of everybody interested if the money so far expended in improving the plant is to bring the much-anticipated returns. Mr. Applin will make a thorough survey of the town and it is quite likely the Y. M. C. A. will be opened to the public next week.

NEW BOROUGH COUNCIL BEGINS TO FUNCTION.

Considerable Business Transacted but Election of Chief Fire Marshal Postponed Until Next Meeting.

Every new member was present at Monday night's meeting of borough council and all the old members, with the exception of Mr. Fauble, who is out of town. Immediately after the approval of the minutes of last meeting president Walker announced the standing committees of council, as follows:

Finance—Fauble, Emerick, Waite.
Street—Brouse, Hazel, Fauble.
Water—Cunningham, Brouse, Bradley.
Fire and Police—Flack, Cunningham, Emerick.
Market—Hazel, Brouse, Flack.
Sanitary—Waite, Hazel, Fauble.
Village Improvement—Bradley, Flack, Waite.
Special—Emerick, Fauble, Brouse, Bradley, Cunningham.

There being no verbal communications the secretary reported a receipt of the borough treasurer for \$62.92, tax liens collected in the estate of Hugh Taylor Sr.

John J. Bower, chief marshal of the Bellefonte fire department, submitted the report of the underwriter's test of the two triple pumps which he stated was considerable of a margin above requirement. He supplemented the report by stating that the pumps had also been tested on low pressure plugs and did exceptionally good work. Mr. Bower gave a list of a few things missing in the complete equipment of the Undine pump and one or two of the Logan pump, which will be supplied, after which he recommended that the pumps be accepted by council.

Applications were received from Thomas Howley and H. Elmer Yerger for reappointment as police officers in Bellefonte.

A communication was received from the Undine fire company recommending the election of Robert Kline as chief fire marshal. A second communication from the Undines recommended the following men as drivers for the company's new pump: George Carpeneto, Charles Saxion, Basil Doll, Paul Houser, Ralph Haag, Harold Cowher and Frank Smith.

The Logan fire company presented the following names as the eligible list of drivers of their new pump: J. R. Storch, Ellis Hines, G. Max Gamble, Homer Barnes, Howard Shuey and M. R. Johnson.

The bills from the White Motor company for the two triple pumps, including freight to Bellefonte, etc., were presented, the cost of each pump being \$9,800, or a total of \$19,600.

At this juncture of the proceedings a brief recess was declared to enable the Fire and Police committee an opportunity to discuss recommendations for chief fire marshal.

On reconvening president Walker announced the election of a borough manager for the ensuing two years in order and J. D. Seibert was chosen without opposition.

Edward M. Gehrett was re-elected borough treasurer without opposition.

The president then asked the members of the Fire and Police committee if they were ready to recommend a man for the position of chief fire marshal. Chairman Flack stated that the committee was unable to agree on one man but the majority of the committee recommended Robert Kline. Mr. Cunningham stated that he had nothing against Mr. Kline personally or as a fireman, but he could not join in his recommendation for the reason that Mr. Kline is out of the borough from morning until night every day in the week (at his work at the limekilns), and further because he felt that for the first year at least the chief fire marshal should be a mechanic and a man who could organize the two companies into a competent unit, and he therefore recommended the borough manager, J. D. Seibert. Both recommendations were discussed pretty thoroughly by the various members and finally it was decided to postpone the election until the next meeting of council.

The Street committee presented the report of the borough manager which included the collection of \$65.00 on the Spring and Pine street state highway.

The Water committee reported the collection by the borough manager of \$71.25 on the 1920 water tax duplicate.

The Fire and Police committee reported a fire at the William Katz house on January 9th. The committee also recommended that the following men be elected drivers for the two pumps: Undines—Carpeneto, Saxion, Doll and Houser. Logans—Storch, Hines, Gamble and Barnes, all of whom were elected. The committee further recommended that the present policemen be retained as long as their services prove satisfactory and the recommendation was approved by council.

The Finance committee presented the treasurer's request for the renewal of a note for \$3,000 for four months, which was authorized.

Borough manager Seibert reported that he had investigated the complaint made by W. C. Coxey at the last meeting of council relative to the fencing in of a portion of the alley in the rear of Logan street by Harry Keeler, and according to the advice of the borough solicitors it is only a private alley and the borough has no equity in it.

On recommendation of Mr. Cunningham George Glenn was elected traffic officer for Saturday nights, or on other occasions when his services are deemed necessary.

Mr. Emerick complained about the condition in and about the old steam heat plant which he declared constituted not only a nuisance but a menace to every passerby, especially school children, and asked if there isn't some way that the owners could be compelled to clean the pavement and safeguard the public. President Walker informed him that the question of ascertaining the ownership for the purpose of bringing action has been in the hands of the borough solicitors for some time but so far they have been unable to discover anything. However, he referred the matter to the Street committee and borough solicitors for further investigation and report.

Bills to the amount of \$2327.91 were approved and council adjourned.

The short course of eight weeks' study and practical work in agriculture was opened last week at The Pennsylvania State College with a capacity enrollment of 140 men and women. Instead of all students pursuing the same course of instruction, opportunity is given this year to specialize in various farm practices. This move has brought expressions of great satisfaction from the students.

E. W. Gray, publisher of the DuBois Courier, who has been one of the most active candidates for the postoffice at that place, has written Congressman Jones withdrawing from the race, giving as the reason the fact that he cannot withdraw from his newspaper and other private interests and devote all his time to the postoffice should he receive the appointment. The salary of the DuBois office is \$3,000 a year, or more, a pretty nice plum for a newspaper man to withdraw from.

A special musical program under the direction of Mrs. Russell Blair, of Bellefonte, and Prof. C. C. Robinson, of State College, will be given in St. John's Episcopal church on an evening in February, the date to be announced later. Members of the State College glee club and orchestra will assist and a chorus of thirty voices from Bellefonte and Lock Haven will render several choruses from the great musical masters. Watch next week's papers for the date.

At the annual congregational meeting held in the Reformed church last Friday evening, Jared Harper and Curtis J. Wagner were re-elected elders, and E. E. Ardery, E. R. Owens and C. H. Troup were re-elected deacons, each to serve two years. The several treasurers read their reports and showed all bills paid with a comfortable balance in each treasury. The total amount contributed during the year, for all purposes, including \$2,371.00 paid on Forward Movement pledges, amounted to \$7,166.00.

If the deep snow lays any length of time it will be hard on the birds, especially game birds such as wild turkeys, pheasants, quail, etc., and because of that fact every philanthropic person who lives close to the habitation of these birds should put out feed for them. Pheasants, perhaps, are more able to survive than the other species, as they can live on buds and such like from trees, but wild turkeys and quail get their feed from the ground, and these are the birds that need looking after. A place in the woods where these birds are known to be holding forth should be cleaned off and corn or grain put out in quantities sufficient to last for some time.

The law firm of Orvis & Zerby, of Bellefonte, entered a suit in trespass in the Blair county court on Tuesday against the Lincoln Deposit and Trust company, of Altoona, to recover damages in the sum of \$10,000 for J. W. Dowling, of Pittsburgh. Mr. Dowling, according to the statement in the case, contracted a loan of \$8,000 from the above named Deposit and Trust company, giving as security a promissory note and a certificate of stock of the Superior Silica Brick company for \$10,000. Successive payments of interest were made and finally the defendant company demanded full payment of principal and interest. Accordingly payment was made in full on October 1st, 1920, and since then, it is alleged, the defendant company has refused to return the certificate of stock, and it is alleged that the stock has been cancelled and converted to the use of the defendant.

Wilmer Albright, a prisoner in the western penitentiary, came within an ace of getting out of that institution through the Supreme court route on Monday. Albright was sent up from Blair county over five years ago for feloniously shooting a state policeman. Albright was sentenced on three indictments by Judge Baldrige, four to five years on each indictment. He has served five years and two months and recently appealed to the Supreme court to order his discharge. Albright went to Philadelphia in the custody of an officer to plead his own case and in doing so he maintained that his sentence was a concurrent one, and he had already overserved his time. Judge Von Moschzisker ordered his immediate discharge when Robert S. Gawthrop, a deputy attorney general, interposed and told the court that Albright's sentences were consecutive and not concurrent. The chief justice promptly remanded Albright to the penitentiary and asked that a certified copy of the Blair county court records in the case be furnished the court by January 30th, when final decision will be made.

BELLEFONTE LUMBER COMPANY AWARDED CONTRACT.

For Improvements to the First National Bank of Bellefonte.

At a meeting of the board of directors of the First National Bank of Bellefonte, on Tuesday afternoon, the contract for remodeling their banking rooms from plans submitted by architect George S. Idell, of Philadelphia, was awarded to the Bellefonte Lumber company, a local firm of building contractors. It might be mentioned that the directors have long contemplated the improvements they are now about to make, but during the past few years the work was delayed for obvious reasons. But now that the decision has been made to go ahead and the contract let it will mean the practical rebuilding of the interior of the present bank building.

In fact the plans call for an entire new interior, including two large vaults to be built in the rear of the present banking room, on ground recently secured from the Crier estate. The vault which now occupies the centre of the banking room will be removed, and the massive door, only recently installed, will be used on the new burglar proof vault, which will be built in accordance with the latest mode of construction, with walls of concrete and steel with steel lining. The vault will be built from the basement floor up, the lower part to be used for the storage of bank goods and old records. A large number of additional safety deposit boxes will be added to the main vault, and easy access for customers will be made to the security portion of the vault, while convenient coupon booths will also be provided.

A ceiling will be constructed to cover the entire length of the room at the height of the present balcony, and three rooms on the second floor will be available for use for the business of the bank. All the appointments of the new room will be of handsome design and material, and the very latest heating and lighting systems will be used. The entrance to the bank will also be remodeled, which will give convenient access to the banking room.

Work on the improvements will be begun very soon and the contractor expects to complete the job in a few months. During the progress of the work the bank will have temporary quarters in the T. H. Harter building on High street, in rooms recently occupied by the Bellefonte Trust company.

More Changes.

Mr. and Mrs. Earl Tibbens, now occupying the Cole house on Bishop street, will go to Mrs. Tibbens' father's, the Frank Lee farm, east of Pleasant Gap.

Mrs. Robert Cole and Mrs. Edmiston will leave the McKee property on east High street, which the Cole family have occupied for twenty-five years, to go to Mrs. Cole's house, vacated by the Tibbens. M. M. Cobb will move from Curtin street to the McKee house.

Mr. and Mrs. W. C. Cassidy are planning to store their furniture in anticipation of boarding. Mr. and Mrs. John Smith, who have been with the Cassidys since their marriage, have leased an apartment in the Kelley flats, where Mr. and Mrs. Charles Eckenroth have already moved.

Mr. and Mrs. Charles Harrison, leaving the Mingle building, will go to the Satterfield house vacated by Mr. and Mrs. Cassidy.

Mrs. Davis, following an operation in the late summer, had been in a critical condition for some time, but has now recovered her health entirely.

—Mrs. Shuey, who had been with her parents, Mr. and Mrs. H. K. Hoy, since September, left Tuesday to return to Prospect, Ohio. —Mr. and Mrs. D. J. Meyer will close their house in Centre Hall this week and go to Tyrone, where they will spend the winter with their son, John D. Meyer, in his apartment in the National bank building. Mr. C. M. Bower, who has been visiting with her brother, Mr. Meyer, and his wife for several months will return to Bellefonte at the same time. It has been Mr. and Mrs. Meyer's custom for a number of years to spend the winter months with their daughter, Mrs. J. W. McCormick, in Columbia, S. C., but Mr. Meyer not having completely recovered from his recent illness is not strong enough for the trip this season.

—Mrs. T. B. Budinger, of Snow Shoe, spent Monday in Bellefonte, her first visit here for the winter, having just recovered from her accident, in which she broke her arm. Having come in over the Southern route, his return trip will be made through the large cities of the middle States. The lure of the west being on him, there seemed to be little attraction for his remaining here in his native town but for a day or two. Mr. Miller's father, John C. Miller, is living with his son and is equally enthusiastic over the life in California.

—Boyd A. Musser, an old Centre county boy, graduate of State College and at one time clerk to the Centre county commissioners, but now president and general manager of the Anthracite Bridge company, at Scranton, was a Bellefonte visitor the latter part of last week, the first time in several years. He accompanied Alfred E. Lister, right eminent grand commander of the Pennsylvania Grand Lodge Knights Templar, to this place for his official visit with Constans Commandery on Friday night. Despite the deep snow and blocked roadways a large crowd was in attendance and five candidates were crowned with knighthood. Mr. Musser, by the way, is a candidate for the office of grand junior warden of the Grand Commandery, and while the "Watchman" does not presume to dictate or even influence the verdict of such a wonderful organization as the Knights Templar we feel sure that Mr. Musser would creditably fill any office to which he might be called.

Country, two exceedingly clever comedians head the funmaking contingent and they are ably abetted and assisted by such prime burlesque favorites as Eddie Cole, Chick Griffen, Jimmy Kelly, and such well known female beauties as Mildred Franklin, a dainty soubrette; Mabel White, Lucia Arnold and Pauline Gray.

The burletta, which is presented in seven resplendent scenes is entitled "Here and There," and is said to abound in excruciatingly funny situations and complications.

If you are in need of anything in the shoe line now will be your time to buy; and even if you don't need the shoes right away you cannot afford to miss this sale. Read adv. on page six of this paper and profit thereby.
