RICH MAN, POOR MAN, BEGGAR-MAN, THIEF; DOCTOR, LAW-YER, INDIAN CHIEF.

All have their troubles. The rich man has nothing on the poor man when it comes to trouble. The doctor and lawyer, as well as the beggarman and thief have their troubles. They may differ somewhat, but trouble is trouble and why trouble trouble until trouble troubles you? But if you have trouble with your eyes I am at your service and can overcome eye trouble which will help you overcome all other trouble.

No drops. Satisfaction guaranteed.

Does Your Budget Balance?

You read in the newspapers about the various European governments trying to make their budgets balance. A government cannot long expend more money than it receives, any more than an individual can. It is important to balance the household budget, and included in this budget should be a proper provision for saving.

The finances of the family must be placed on a business basis if proper provision is to be made for the time when earning power diminishes. Nine times out of ten the women are the money savers of the family. They have the real knack of saving. They know, too, how to make one dollar do the work of two in buying.

This bank welcomes the savings accounts of thrifty women and will be glad to assist them in business matters.
